This Week

Invocation: Fielder's Choice
Finemaster: Steve Mikulic
Program: Gil Granado RCPD

Last Week

The song was lead by BILL, I shouldn't have opened my mouth, BERGLER. True to form your bulletin editor could swear Bergler's lips never moved during that song. The pledge was lead by BOB, I'm only here until it snows again, PIERCE. The invocation was given by LES, I think he's done this before, BROOKS.

The announcements by Pres. CHARLIE were rather light. The Club, YOU, raised \$1,009.57 for the SALVATION ARMY during our annual bell ringing December 15th at the Price Club. CHARLIE and LES on the horns probably helped alot.

Past. Pres. PETE HUGHES presented CHARLIE with a 1 ruble note in honor of surviving half of his Rotary year. It's worth about 3 cents.

Pres. CHARLIE announced after many years he is closing his San Carlos office. Shell is leasing the property. CHARLIE will be with DAVEY ASSOC. at Woodside Plaza. If you need to contact him during the day use

the new number (not available at press time but we're sure it's in the book).

The Finemaster was the jolly Brit, DR. NORM FENTON. NORM had fun testing the knowlege of American history of the likes of HUGHES, THOMPSON, STIFF, BOSTWICK, ANDERSON, SUMMEY, DAFNIS, MERTENS, GARG, NEWELL, BULANTI, and DURKIN.

NORM finished up the session with a Scottish toast, complete with single malt wiskey. NORM then lead the chorus in another attempt at AULD LANG SEIN (if this is misspelled blame it on SILVERSTEIN). It's amazing how much better we sound "oiled".

Our program was attorney, ROBERT FRIED, also a Rotarian. BOB'S firm specializes in employer/labor matters. BOB has written several books, and spoken extensively through out the state.

BOB talked about SB 198 which requires a written injury and illness prevention plan for each employer. There is no exception for small businesses. Even if you have no employees, and use independent contractors, you're probably required to have the plan.

Without the plan CAL-OSHA is precluded from handling accidents or invesitgations in the normal fashion

(negotiated settlement and compromise).

The plan must develop procedures to find dangers or hazards on the job; and, designate someone to implement the plan.

BOB also spoke on AB 2249 which interfaces with SB 198. If an accident occurs and it is something you should have reasonable known, or, under a very loose definition, if the hazard is determined to be concealed, it can be misdemeanor, or even felony liability. BOB referred to AB 2249 as "be a manager, go to jail".

Under AB 2249 if there is any hazard you have 15 days to notify CAL-OSHA, AND YOUR EMPLOYEES. Again, there is criminal liability for the failure to do so.

BOB advises the SB 198 plan is not that difficult to set up. Use your common sense. BOB suggested a binder be set up with the plan, as well as copies of all product warranty information, service on product, incidents, etc. Have a separate tab for each subject matter.

BOB had a short pamphlet available which gave generic plans for apartment houses. BOB suggested the plans could be easily adapted for most businesses.

Next Week

Invocation: Fielder's Choice
Finemaster: Ask DODGE
Program: Good Question

Your temporary bulletin editor apologizes for not having this important information. Your NORMAL pro will be back on the job next week.

Important Notice

At the last board meeting the missed meeting bill was tolled effective December 1st. All amounts due through November 1991 are still due and payable. The board was not prepared to refund amounts paid by most members, and it was felt it was not fair to forgive past due amounts when so many have paid.

The issue of missed meeting bills will be discussed at the next club assembly which should be in the next week or two.

The board wants to remind you 100% attendance is the obligation of every Rotarian, regardless of missed meeting bills.

Some sort of missed meeting bill may still be necessary in the future. Perhaps the amount will be reduced. The operating expenses of the club (the budget) assume regular, and full attendance. The premise of the missed meeting bill is that everyone should share equally in the expenses of the club, and it is not fair for those who attend regularly to subsidize those who attend infrequently.

Perhaps the premise is wrong. If you have an opinion, or feel strongly one way or the other, make sure you're at the next club assembly.

INVOCATION.....
FINEMASTER.....LEE FORD
PROGRAM.....CLUB ASSEMBLY

If you have any feelings about the functions of this club, now is the time to let them out. There seems to be a lot of grouching about what is wrong but not much about what is right. Why don't we have more members? We have great fellowship and good food for lunch. We provide many services for our community. We are good workers. You think things should be changed? Now's the time to talk about it! Be part of the solution..not part of the problem!
RESIGNATIONS: MARGARET KEMP, MIKE PETERSON
We're down to 67 members.

L A S T W E E K

Pres. Charles was filled with joy as he complemented DENNIS DURKIN on the fine job of guest buletin editor. It was a welcome change from this format. Thanks very much for the help DENNIS. Oh, by the way, a few corrections. Only the Irish spell whiskey with an "e" and since we are talking about Scots let's spell it right. Whisky! Also, you and that Irishman STAN SILVERSTEIN can't spell the title of that fine old Scot's song "Auld Lang Syne" as written by Robert Burns. Other than that, thanks a lot!

Singing: ALLEN GRUMAN
Pledge: SAM DAFNIS
Invocation: MIKE RYAN

ANNOUNCEMENTS: PARK OUT BACK! NOT OUT FRONT!
PDG BILL CONKLIN gave a report on the dinner for Mr. Saboo, Rotary International President. The President was welcomed by the District governors from zones 1&7, western United States and Canada. There are 34 of them so the guest list for the dinner was about 750 people. The theme for this year is "Look Beyond Yourself" and Mr. Saboo reminded us that Club projects are supported by individual Rotarians and that if each Rotarian was to have an individual project, there would be 1.5 million projects effecting change in the world. How about each Rotarian giving up one meal and donating the money to a hungry child? We were entertained by a group of Rotarians from Cody Wyoming called the "Mountain Oyster Group" who sang and played great

oldies from the early R & R era.

P.P. DENNIS DURKIN announced that the Peninsula Rotary Council will meet this Thursday in Millbrae at the El Rancho Inn, 1100 El Camino in the Terrace Room. Time: 7:00 pm with an adjustment hour before the meeting. If you want to go, the Club will buy the dinner!

Dr. PAUL YOUNG brought us news about our member LYLE -DSON and our former member TOM POOR. Both men are in ill health and if you have a chance it would be appreciated if you could send a card or make a call or at least recognize them in some way.

FINEMASTER: President Elect, STEVE MIKULIC was the man of the hour and got money from all those who had birthdays or anniversaries in January. Then he had a lot of general information questions for the gang. NORM FENTON got a medical question, BOB STIFF got a tennis question and on-and-on. HAGA, DODGE, GASPARINI, ANISMAN, KOSTER, DURKIN(DENNIS) and MERTENS all got tapped.

PROGRAM: Officer Gil Granado of the Redwood City Police Department presented us with a new concept in police-community relationship. Realizing that all police departments are incident driven for their response to the community the Redwood City P.D. is going to change this relationship. Their goals are to reduce crime, reduce the fear of crime and improve the quality of life. Redwood City is divided into 9 districts and each district is to have an officer assigned to the area. This will be the primary care officer, much in the way that you have a primary care physician. This officer will be concerned with much more than just stopping a criminal act. He will be an active member of the district and will interface with other governmental agencies to accomplish the goals he has established for the area. He will be able to call in all necessary specialists to solve problems and anticipate problems within his district. He may be in a car, or on a bike or maybe just walking in his area. The whole objective is to establish a stronger bond with the people in the community. This is a rather radical approach to law enforcement but hopefully will provide better service.

RAFFLE: BOB DURKIN

A GUIDE TO SAFE FAX

Q. Do I have to be married to have safe fax? A. Although married people fax quite often, there are many single people who fax complete strangers every day. Q. If I fax something to myself will I go blind? A. Not as far as I can see. Q. There's a place on our street where you can go and pay to fax. Is this legal? A. Yes, many people have no other outlet for their fax drives and must pay a professional when their needs become too great. Q. Should a cover always be used for faxing? A. Unless you are really sure of the one you are faxing, a cover should be used to assure safe fax. Q. What happens when I incorrectly do the procedure and I fax prematurely? A. Don't panic, many people prematurely fax when they haven't faxed for a long time. Just start over, most people don't mind if you try again.

INVOCATION.....
FINEMASTER.....PETE HODGSON
PROGRAM.....BARRY SHEA

Mr. Shea is San Mateo County Director of Services for Caminar. He will tell us about this revolution in treatment of mental health.

L A S T W E E K

To make us feel good about our Club Assembly, to follow, Dr.GRUMAN had us follow his lead in singing "Oh Beautiful for Spacious Skies" and DANI GASPARINI asked us to say with her, the pledge of allegiance. Now it was ROLAND HAGA'S turn to give our invocation. RESIGNATION: Rick A. Jarrar, Western Financial. NEW MEMBER

ROLAND HAGA introduced us to LOUIS ROBERTO LEON who is an executive with Brian Kangas Foulk in Redwood City. LOUIS will have the classification of Civil Engineer/Geographic Information Systems. (that's almost as long as Film and Audio Communications!) LOUIS lives in Fremont and commutes every day. His father is presently the treasurer of the Rotary Club of Santa Ana, El Salvador and has been a Rotarian for 20 years. Welcome LOUIS!

ANNOUNCEMENTS: P.P. DENNIS says that there is a spot open for one of you who wants to go on the ski trip to Mt. Bachelor because DICK DODGE had to cancel. If you are interested, see DENNIS right away. ... DANI accepted a check for the YMCA from Pres. CHARLES which will provide scholarships for children in the Y child care program. This money came from the spaghetti dinner you all attended and made it possible. A BIG THANK YOU!!! FINEMASTER: LEE FORD called on BOB DOOLEY to be the first victim because he was her sponsor. Then she proceeded to pick on the following for a number of good reasons. BOB STIFF, MIKE RYAN, BOB RUTHERFORD, STEVE MIKULIC, GREG ROOS, BILL REINHARD, JIM NEWELL, DANI GASPARINI, ALAN BOSTWICK and ROSEMARY AZEM because she got her permanent badge. Then there were some general information questions for PETE HUGHES, DICK DODGE, and PRES. CHARLES to answer. They missed, of course.

CLUB ASSEMBLY: PETE HUGHES said that the bulletin was good, and that the Peninsula Sunrise Club should have been recognized for their contribution to the spaghetti dinner and all agreed! He also started the discussion about the missed meeting billing. There were many contributions from those assembled and the conclusion was that the Board of Directors should decide the question. The Board has suspended all billing for December and the months to follow. This will create the need to recast the budget as the amount allocated was \$2,300 for the operating budget. BILL CONKLIN asked about the "duck-out" fee and what ever happned to it? Many people are not staying for the program. STAN SILVERSTEIN asked where is the attendance report that ALAN BOSTWICK used to publish each month? PAUL YOUNG felt the discussion of missed meetings should be handled by the board and not consume assembly time. Our efforts should be spent on projects for our community. LEM SUMMEY suggested that each member should write Pres CHARLES with suggestions. This was accepted by Pres CHARLES as a good idea and encouraged us to write him. P.P. BOB STIFF suggested that we do an exit interview when a member resigns and would like to see a permanent committee created to do this. BGB RUTHERFORD doesn't feel that the standing committees of this Club are active enough and would like to see some more action by them. The Board will act!

RAFFLE: STAN SILVERSTEIN

BOARD MEETING

It was announced that Mike Peterson may return to the club in about 6 months. He has received a new assignment that made making Rotary meetings impossible. The missed meeting bills for Nov. are due and payable. No money due for Dec. and following months. The board discussed various community projects for the coming months. Like a pancake breakfast for the Sequoia High School District marathon participants. A painting project for this spring which has not been picked out yet. There will be a Club Assembly on March 31st. There will be no fee for "duck-out". GUY THOMPSON, vocational committee, needs some people who are in the computer and electronics business for the counseling event he has planned. Are you one of these or do you know someone? Tell GUY! GREG ROOS is calling the first Auction meeting for Jan. 21 (tonight) at DENNIS DURKIN's office at 6:30pm. If you have any good ideas please show up or tell GREG about it. The Auction date is set for either March 14th or the 21st. JOE SOUZA has gone back to work after being injured in a traffic accident. Pres. Elect, STEVE MIKULIC will hold a golf committee meeting this week. If you can swing a club, tell STEVE. There was much discussion about the missed meeting billing with no decision reached at this meeting. The board will make a decision at the March 31st Club Assembly. Adjournment...

INVOCATION.....
FINEMASTER.....BILL CONKLIN
PROGRAM.....MARVIN WAX

Mr. Wax will take us on a tour of the gulages of Siberia. He is also recognized as a noted Northern California photographer.

L A S T W E E K

Our great and powerful leader, Pres. CHARLES, was unable to attend our meeting. (He did make up!) It was Pres. Elect STEVE MIKULIC, with gavel in hand, that opened the meeting by asking Dr. BOB STIFF to suggest that we sing "My Country Tis of Thee". This he did with his usual skill and leadership. Our new member, LOUIS LEON asked that we "follow him in the Pledge" and most of the members present said it "with" him. LEE FORD offered us some words that were special to her and were most appropriate for any occasion.

There was a special presentation by 4 students of Woodside High about the up comming 24 hour Relay Challenge event which will take place Saturday and Sunday, May 30 and 31st at Sequoia High. The event is a community supported fund-raising project that will benefit youth programs at Carlmont, Sequoia and Woodside High Schools. What can we do to help? (Besides run or walk). We can donate money (be a sponsor), volunteer help before the event, form a team, donate food or drinks for the participants, show off your talents...entertain during the event, volunteer to help during the event, or locate other sponsors. What do you think we should do? Tell it to one of the board members listed on the back of this bulletin.

We were honored by the prescence of Mary Vargas as teacher-of-the-month from our school, Hawes School. That reminds me, ARE ALL OF YOU SAVING YOUR SAFEWAY RECEIPTS for the school? They can get the computers that they need if we all do our part!!!

ANNOUNCEMENTS: GREG ROOS said there would be an Auction Committee meeting tonight (last Tuesday). You know, this is the one BIG fund raiser for the year and we all have to get with it! We are going to hold the price line again this year with the \$25.00 per

person charge. The theme will be something new!
INTERNATIONAL CARROUSEL

A

TASTE OF REDWOOD CITY

It will be held on the evening of March 21st at St. Pius, the usual spot. The silent auction will begin at 7:00pm, the special dinner presentation will start at 8:00pm and the oral auction at 9:00pm. Start getting your friends and relatives ready! We ALL need to do our part to make this a success. No special dress is required and the dinner will be a real treat.

DENNIS still has an extra spot for the ski trip. Please let him know if you want to participate!

FINEMASTER: PETE HODGSON really got into the feeling of raising money! JOE SOUZA was welcomed back for \$5. after taking time off for a traffic accident injury. DANI GASPARINI announced her candidacy for a seat on the Redwood City Council. ROBERTO MARTINEZ is Pres. Elect of a state-wide organization. ROSEMARY AZEM just got back from Egypt. DON HACK knew that there was a State-wide meeting in Redwood City of the A.G.C. (Association of General Contractors) and that our finemaster PETE was going to be their president. Of course LOUIS LEON had to be fined to start his Rotary life off right. Then there was the question of new year resolution follow through and here are the fined people: LEE FORD, BOB BOLIN, BERGLER, DAFNIS, DURKIN, HAGA, MERTENS, MIKULIC, PARCELL, RYAN, SILVERSTEIN, YOUNG and GUY THOMPSON got off free! Now that's called raising the cash for the treasury!

PROGRAM: Barry Shea brought us the message of "Caminar" (a Spanish verb meaning to move forward; to progress) an organization who's goal is to enhance the quality of life for seriously mentally disabled persons in the community. Caminar is a voluntary nonprofit corp. which has, since 1967, specialized in the planning, development, and operation of social rehabilitation programs. Their priority is to be certain that the mentally disabled who need help can receive it within the supportive structure of the community. The onset of a mental illness interrupts the growing process at about the age of 15 or 16. Up until about 1970 the treatment for these disorders was medication and therapy which was continued for extended periods of time. By the 1980's, science was coming up with better systems of treatment and management. Since most symptoms only are present about 20% of the time the person is now learning how to manage these symptoms. They are learning how to handle the problems and how to enter back into the community as productive people. Caminar provides the support and follow up that must be there for success. As long as serious mental disability exists, it is their goal to continue to provide relevant services. To achieve this goal they need your support. You can help them plan for the future with either a contribution or deferred gift. BOB STIFF will be glad to help you.

PROGRAM.....JIM NEWELL

The program today is one that is of interest to everyone. We are very fortunate to have Mr. JIM NEWELL present to us the latest problems as created by the Internal Revenue Service and looked forward to by us all. If you get up and leave before the program you will have missed a good one as presented by our own member. DON HACK, your program chairman for the month, has arranged 4 great programs that will be presented by our own membership and they will all be of interest to everyone.

L A S T W E E K

DR. GRUMAN went to a lot of extra effort to print out and hand out the words to "This Land Is Your Land" as our inspirational song for the day and also did a great version of a fast "Smiles". Then our charter member, DAVE SCHUTZ, led us in a very proper version of the Pledge. GUY THOMPSON gave the invocation within which he asked for devine guidance in world matters and all the way to individual assistance so that he covered all the bases.

N E W M E M B E R

BOB DOOLEY had the honor of introducing LESLIE JEAN COBB to the gathered multitude. LESLIE is a loan officer with the U. S. Bancorp. in San Mateo and lives in Newark. (BOB will go anywhere to offer Rotary to an individual!) After the presentation of Rotary items to LESLIE there was a move by Pres. CHARLES to offer his welcoming kiss, as he does with all new Rotarians. This was a bit un-nerving for LESLIE and seemed to change the color of her cheeks when she returned to her table. Anyway, LESLIE, welcome to Redwood City Rotary!

ANNOUNCEMENTS: DENNIS DURKIN, speaking for P.D.G. SID, reminded those members who are going to New Orleans with SID that the last day to sign up is today, Feb. 4th, so give him a call today if you want a great trip. ... PETE HUGHES says that last Friday (the 31st of Jan.) will be the start up of the Breakfast Forum at the

Ampex cafeteria. The speaker of the day was the new Redwood City Manager....BOB STIFF was in contact with HAL HJERTBERG and reported that HAL is on his 5th chemo treatment out of a series of 8 treatments. He is doing OK but it is a tough course and he is beginning to look a lot like Pres. CHARLES on top. The danger of getting a cold prevents him from coming to a meeting but he will be back when things get better. ... Pres. CHARLES has received two letters from the membership RE: the missed meeting assesment. He wants more of you to let him know your ideas! ... BILL REINHARD had no news about the golf tournament yet but be ready as we have guaranteed a good size investment. FINEMASTER: If you wern't at the meeting you missed being fined! P.D.G. BILL CONKLIN was the man of the hour and did he raise the funds! First he hit ALAN BOSTWICK for \$20 for being a great-great grandfather again. ALAN has soooo many that he couldn't remember his name. DON HELBUSH felt guilty about having missed so many meetings that he volunteered a \$20 fine. Thanks DON! Now, BILL proceeded to fine everyone in the room as he referred to his many volumes of records he brought with him. He got everyone who had ever fined him and even got those who didn't! A lot of fun and a LOT of money!

PROGRAM: PETE HODGSON introduced his last program for the month of January, Marvin Wax. Mr. Wax brought us slides which he had taken while on a trip to Siberia. This was not a travelog type presentation but rather a presentation by an artist. In June of 1991 he packed as lightly as he could and headed for a land that he thought would be forbidding, wild, and cold but was pleasantly surprised by the 85 to 90 degree heat and the hospitality and food that greeted his group of travelers. He traveled from the North, where Siberia touches the Arctic, to the South, where it touches Mongolia and tried to capture the spirit of the people. Although the pictures showed a rather spartan life style the people were just like people everywhere who struggle to survive in their environment. They look just like us! Thanks PETE for bringing us Marvin Wax.

INVOCATION.....BOB DOOLEY
FINEMASTER.....DANI GASPARINI
PROGRAM.....GUY THOMPSON

After President Bush journeyed to Japan and was accompanied by the captains of the U.S. auto industry there has been a lot of bashing going on. Today's program will be most interesting as GUY has a better view point than most of us who just buy an automobile.

EDITORIAL

During last year and this, there has been a lot of comments directed towards this publication: not enough information about the club, not enough information about the programs, spelling incorrect, format not interesting, not enough information about projects, not enough about coming events, not enough about members. And that just scratches the surface! The list goes on and on. I'm sure each of you could add your own pet peeve to it.

This is a job that isn't sought after by any one of you! It is much easier to stand along the sidelines and suggest how it could be done better. If you all expect to pick up this rag each week and be totally informed about everything you had better hire a full time reporter. If you expect journalism equal to that of the Chronicle, The Peninsula Times or the Mercury you had better change the budget by \$50,000 and hire a top flight reporter! I was asked by P.P. DENNIS to fill in for HAL and that I agreed to do. I was asked by Pres. CHARLES to continue to help out until HAL is back, that I said I would do. This coming June Pres. Elect STEVE will need to make a decision about the bulletin. Those of you who have a computer, 3 or 4 hours a week to write, can attend all the committee meetings, attend the board meetings and deliver this to the printer each week should let STEVE know when you want to take over. Don't forget that you will have to keep on the back of the President and committee chairpersons to get them to give you the information! Oh, by the way, be sure you have the right program in your computer so that you use the proper format. Don't apply if you don't have 100% attendance at this club. No make ups allowed! By the way, you should be

serving on two or three other committees also. Don't be surprised that a great many of the members tell you that they don't read the bulletin and need to know what is going on. When did you say the auction was? I didn't know that Hawes School wanted Safeway receipts! What for?

Since this publication serves little or no useful purpose, I would make a motion that we do away with it and devote our time to more useful projects. Take the money and use it in the community! IF YOU AGREE, TEAR OFF THE BOTTOM OF THIS BULLETIN AND GIVE IT TO PRES. CHARLES!!!!!!.....

MEMBERSHIP

Membership chairman BOB DOOLEY has set February and March as the months that you should propose a new member. There are many classifications open for you to fill and if you think we already have a member in that classification let's work it out! SAM DAFNIS has printed materials you can use to tell the prospective about Rotary. Bring the prospective to lunch (on the Club) a couple of times and then ask them if they are interested enough to hear more. If so, a Rotary information meeting will be arranged. Let's get this Club going again!! We do a lot for Hawes School, where is their principal? Where is the member from KINOS? We support them! Check our list of organizations that receive our money. Where are the members?

INVOCATION.....RON KOSTER
FINEMASTER.....PETE HUGHES
PROGRAM.....DENNIS DURKIN

The last two programs we have experienced have been presented by our own members. They have been some of the best of the season so far and today is no exception. Past president DENNIS DURKIN will bring us information about "Estate Planning In The 90's". I know all of us have set out a plan and are on target but there may have been changes that you should be aware of and DENNIS will point those out.

L A S T W E E K and the W E E K B E F O R E

I had written an editorial suggesting that we dump the bulletin and no one liked that idea. It was suggested that I get the award for "thin skin" and I still should learn how to spell! So, I continue on. Thanks to all of you who said I was doing "OK". The singing was a co-effort by P.D.G. SID and P.P. Dr. ALLEN GRUMAN with a tribute to St. Valentine's Day by singing "Let Me Call You Sweetheart". Outstanding Rotarian and P.P. FRANK PARCELL led us in the pledge followed by a thoughtful Rotary invocation by P.P. BOB DOOLEY.

ANNOUNCEMENTS:...GREG ROOS is asking that we give some thought to the auction prizes and get them to him or DANI as quickly as possible. DANI GASPARINI says, "get out and sell those tickets!" and if you aren't going to sell them, but just write a check, give them back to her so she can sell them as we need at least 150 people there to bid. STEVE MICKULIC has the forms for the golf tournament registration. We need to provide 12 foursomes to play on april 27th. Remember, we have a guarantee to meet and all the profit will go to the community. All you golfers bring your friends and play!

FINEMASTER:...The day belonged to DANI GASPARINI as she had each table play Rotary "Pictionary". The artist at each table did themselves well as there were more winners than losers. It was a fun way to remember what Rotary is about.

PROGRAM:...Now, week-before-last DON HACK introduced our own JIM NEWELL, partner in the accounting firm of Pearson, Del Pretti, with the statement that he (DON) felt that it was time to get back to the original idea of Rotary. A club that would exchange business ideas between fellow businessmen. JIM is an expert in his field and that just happens to be taxes, at this time of the

year. Thats not to say that he doesn't handle all accounting procedures with great technical skill, because he DOES! JIM furnished us all with the government form, 1040, plus Schedule A and Schedule B. He started at the top of 1040 and went through each section in detail pointing out what is the proper way to fill it out. Where to be sure and put the right amount so that there were no "red flags" raised when we file. Even though you may have your accountant file for you, you are responsible for looking over your 1040 so the things JIM pointed out should be of great interest to you. If you missed the program, you'd better make an appointment with JIM so he can help. Timely-Great! PROGRAM:...Continuing with our own members as presentors, GUY THOMPSON talked to us about the auto industry today. You think that there are designers and stylists working years in advance to design your next car? Wrong! Today, accountants, stylists attorneys and environmentalists all dictate the design of cars. Another fact, the automobile is the only product that has a defined value that is not like any other appliance. Speaking of value, for the average car, in 1940 it took 16 weeks to earn the price of a new car. In 1990 it took 24 weeks of earning for a car. Compare that value with health care or housing costs. Why have the Japanese done so well in our market? They build cars to suit the market and plan well into the future. Their accountants don't design the cars! Did you know that GM is the largest importer of autos? They are! Buying a used car is a good deal. Much better than a used dishwasher, refrig. or big screen TV. GUY says running a dealership is still fun. It's like running 6 or 7 businesses under one roof. The future of the auto business looks good, (almost as good as his lovely daughter who accompanied GUY to the meeting) Thanks GUY for a great program. MEMBERSHIP

Our Rotary club should be a channel of service. But service may never happen...if the right person is not proposed as a new member. Each club member has an opportunity, no, obligation, to extend Rotary by proposing the right person.

"EACH ONE---REACH ONE"

More members mean increased manpower for greater service, and greater service creates a greater community awareness of Rotary. This awareness, in turn, attracts more prospective members to our club, resulting in further service potential. The cycle benefits our club and the community it serves.

INVOCATION.....MIKE RYAN
FINEMASTER.....DR. ALLEN J. GRUMAN
PROGRAM.....BOB DOOLEY

This is the last in a series of programs put together by this month's chairperson, DON HACK, whose objective was to take us back to the origin of Rotary and have the members present their vocation. BOB DOOLEY asks the rhetorical question "What's Going On Out There?". Damned if I know BOB!

L A S T W E E K

This week's finemaster led us in that old favorite, "God Bless America" and even the atheists were mouthing the words. PDG BILL CONKLIN asked us to repeat with him "The Pledge" and some of those assembled also mouthed the words. A very thoughtful RON KOSTER asked HIM to bless us all and help us keep on the straight and narrow.

ANNOUNCEMENTS: The auction is upon us! GREG ROOS, our expert in these sorts of things, wants us all to get going and tell him about the item you will be bringing to the auction. You know, he has to catalog every item and he can't do it at the last minute. DANI GASPARINI is telling it like it is! Sell those tickets or get them back to her!!! If you don't sell em, she will! We have to get the people there...she has only seen money for 18 tickets so far and that ain't going to get it done. She also wants flags (big ones) for Mexico, Italy, India and America; the four food groups. Got one? Get it to DANI. ... BOB DURKIN tells us that we will be having our usual visit by the kids from Japan this summer. It's our turn! Will your house be their home? BOB will need some help. We will also host the GSE team from Australia and they will also be looking for our hospitality. See BOB if you can help with this important job. ... STEVE MIKULIC wants us to have our golf shoes and other things cleaned and ready for use on April 27th as we need to field 12 foursomes. That's our commitment. The California Club is ready and waiting. It was announced that our good friend and fellow Rotarian, Walter Singer, passed away. A great loss for his family, Los Altos and all of Rotary. We will miss him.

FINEMASTER: PETE HUGHES did a great job of reminding various members that they are recognized for their errors when it comes time to enrich the treasury. GUY THOMPSON sold his business, JOHN ZIRELLI just showed up, GREG ROOS does dentist on PETE'S wife and lost \$5 on the deal. MERLE FRUEHLING just showed up and had to pay and, of course, FRANK PARCELL got hit again. Who else caught PETE'S eye you ask? Well here's the list RUTHERFORD, STIFF, FLETCHER, RYAN, both the DURKINS (for skiing), DAFNIS(He's going to be President after STEVE), NEWELL, GASPARINI and last but not least GEORGE SZPOTEK. Did he miss anyone? I don't think sooooo.

PROGRAM: Past President DENNIS DURKIN held court and explained 2 areas of estate planning in the 90's and a good job he did too. As an attorney, specializing in law, DENNIS covered the area of estate taxes and how to avoid probate. He was able to cover the California estate tax law rather quickly as there is none and if the estate is less than \$600,000 there is no federal estate tax. So now, let's talk about probate. When you die it will take a minimum of 6 months to complete and the attorney fee on a \$500,000 estate will be \$11,000. Now you can see a reason to avoid probate! How about a living trust? Sure. A successor trustee inherits the assets and can close in 60 days with an attorney fee of about \$2,000. Sounds sweet doesn't it? How about an Irrevocable Trust or how about a Charitable Remainder Trust? Maybe you should consult an attorney! That is what it is all about. Get the proper advice and you will profit in the end! I know I didn't cover it all, DENNIS but I also know that you have office hours and will be glad to help when asked. Thanks for a great program.

BOARD MEETING

There will be a Club Assembly held on March 24th.
There is still \$660 due the Club by members who missed meetings.
There will be Rotary Items offered for sale to the members shortly. These items will be stocked for immediate delivery.
A possible community project for early May will be working with Second Harvest food distribution.
The Jazz Festival is scheduled for Sept. 9th, 10th, 11th. The sale of advertising is a must for the Club.
A vote was taken on the matter of missed meeting assessments. There will be no more missed meeting assessments. R.I. rules do not require 100% attendance.

Some of my thoughts...

You cannot strengthen the weak by weakening the strong. You cannot help the small men by tearing down big men. You cannot help the poor by destroying the rich. You cannot help the wage earner by pulling down the wage payer. You cannot keep out of trouble by spending more than your income.

INVOCATION.....DANI GASPARINI
FINEMASTER.....JOHN ZIRELLI
PROGRAM.....STEPHEN MARTIN

Mr. LEM SUMMEY is your program chairperson for the month of March and he invited Mr. Stephen Martin, MS, MFCC, Therapist and Rotarian from Half Moon Bay. He will be speaking on the subject of "IMPROVING OUR RELATIONSHIPS".

THIS MONTHS PROGRAMS

*March 10th: Mr. Garry Wollin, of Wedbush Morgan Securities is going to tell us "HOW TO LOSE MONEY IN THE STOCK MARKET".

*March 17th: Mr. Marshall Serwitz an entrepreneur, author and lecturer will speak on the subject of "HISTORICAL PERSPECTIVE OF THE MOST SUCCESSFUL INDIVIDUALS IN AMERICA"

*March 24th CLUB ASSEMBLY

*March 31st The relatively new City Manager of Redwood City, Edward Everett, will review: "THE PRESENT STATUS AND THE FUTURE PROSPECT IN STORE FOR THE CITY".

L A S T W E E K

DR. ALLEN GRUMAN was our song leader and in honor of the Olympics he had us sing the "National Anthem". PETE "Rummage Sale" HODGSON had us follow him in the pledge and MIKE RYAN did his usual fine job reminding us all of our reason for living.

ANNOUNCEMENTS: The coach of a wonderful girls soccer team made a request for the club to help send the team to Italy. It costs \$2,000 to get a girl there and we could help by donating \$500. Pres. CHARLES has taken it under advisement. GREG ROOS is begging you to please let him know what you are donating to the auction. DON'T make his job harder! PLEASE COOPERATE get your donation in now. DANI should have more tickets for the auction here today so pick up some extra's. Your Committee is working hard to make this big event a huge success. DO YOUR PART!!...STEVE MIKULIC wants you to get your foursome together.

He has a great golf tournament lined up and needs you to play. He'll give you \$5,000 for a hole in one. That would get your entry fee of \$174.00 back in a hurry. ... P.D.G. SID wants to get together at the International Convention in Orlando this year. Better see him about the trip. STEVE MIKULIC will lead the Redwood City delegation. ... On Friday the 6th of March you can have a FREE lunch at the S.F. Airport Hilton and be served by a famous personality as your waiter. There is one catch though, a T.I.P. is expected and it had better be at least \$200. All the money is for charity. Those who have attended in other years say it is a lot of fun. Pres. CHARLES has the information. ... PETE HODGSON is collecting rummage! Want to clean out the garage? PETE is having his annual sale to benefit St. Anthony's Padua Dining Room. He will come by and pick up anything that can be resold. Why don't you call 415-364-6440 and tell them you have a load for them to pick up. The Sale is on Sat. April 4th from 9 to 3:30 pm. ... MERLE FRUEHLING wrote a "thank you" letter on behalf of Sequoia High School thanking us for our donation.

FINEMASTER: ALLEN GRUMAN was the man of the day and was well prepared. He was able to obtain (he made them) special certificates which he awarded to some special members. The awardees were as follows: JIM NEWELL, JOE SOUZA, GUY THOMPSON, DON HACK, ED NISSAN, DENNIS DURKIN. MIKE KREISS is going to be 90 years old this month and he just doesn't look or act like it! Happy birthday MIKE! LESLIE COBB found out when the District Assembly is going to be held. Remember April 4th at the College of San Mateo. LOUIS LEON discovered the same thing for \$5. LES BROOKS and LINDA SCHMIDT now know when and where the District Conference will be held. For the rest of you, here's the date, May 8th and 9th at the Airport Hyatt Regency. Now for the last date, the International Convention, in Orlando Florida, takes place June 14-17th.

PROGRAM: BOB DOOLEY capped off the month of February and sort of pulled all the month's programs together. Speaking on behalf of the insurance industry BOB said that there was created in the State, 2 special funds to help stabilize the insurance industry in general and the health insurance co's. Agents must now participate in continuing education classes to keep them up to date. Health group care started in 1929 and is now costs 12% of the G.P.I. There are 30 million people in this country who are not covered. What are the causes of health care cost increases? Well, here is a list of some: Technology (equipment), increased coverage and utilization, government cost shifting, defensive medicine and that's just a few. We do have the best care in the world but how are we going to control the costs. You think that the government should provide care? Well, as BOB said, national health care will be applied with the compassion of the IRS and the efficiency of the Post Office. One of BOB's area of expertize is financial planning. Less than 10% of Americans retire with financial independence. BOB handed out and discussed a book of Planning Notes For Rotarians which gave us the answers. If you want help, just ask BOB he's an expert! Thanks BOB.

INVOCATION BOB STIFF
FINEMASTER ROBERTO MARTINEZ
PROGRAM GARRY WOLLIN

LEM SUMMEY must feel we need some help with our investments as he has invited Mr. Wollin to tell us "HOW TO LOSE MONEY IN THE STOCK MARKET". I'm sure that's not why Mr. Wollin works with Wedbush Morgan Securities.

Arbor Day, which takes its name from the Latin word for tree, is observed every March 7 in California. A Nebraska newspaperman, J. Sterling Morton, conceived the idea more than 100 years ago when he began a tradition of planting trees every year to replenish Nebraska's forests.

Today, when there's an increased sensitivity to the importance of trees to the environment, Arbor Day gains greater significance. There is among our membership, a man of great sensitivity and conviction that each of us should be a J. Sterling Morton. Last Wednesday SHYAM GARG prevailed upon our Pres. CHARLES to help him pick up and deliver 400 fruit trees for the senior's at Redwood City's Senior Center. They were delighted! Now, you would think that was enough, but nooooo! On Thursday SHYAM and I went back to Palo Alto and picked up another 600 fruit trees and again delivered them to the Senior Center. That's 1,000 fruit trees, from 4 to 6 feet tall, that SHYAM has gotten planted in Redwood City. He doesn't say much, he just goes out and does it. This is surely a great demonstration of "SERVICE ABOVE SELF" the Rotary motto. If you feel good about our fellow Rotarian, why not let SHYAM know! Thank you SHYAM ...

L A S T W E E K

"GOD BLESS AMERICA" was the opening of the meeting and was conducted by DR. ALLEN GRUMAN in "E" above "C". If the key gets any higher, most of us will need an operation! DR. ALAN BOSTWICK directed our attention to the flag and asked us to pledge. Then, the director of the Sequoia YMCA, DANI GASPARINI, was the invocator for the day and asked HIM to help us with just about everything.

ANNOUNCEMENTS: ... STEVE MIKULIC wants the golfers to get their foursome together and let him know. We have to get a bunch of you together to play on April 27. ... DISTRICT ASSEMBLY, April 4 at the College of San Mateo from 7:30 am until 1:00 pm with lunch included. All Board members and new members should plan to be there. ... GREG ROOS says "GET YOUR AUCTION STUFF IN!". That means money and donation! Those of you who can help decorate should show up at St. Pius Hall at 12:00 on Saturday. ... PETE HODGSON needs our help! Hodgson Construction is holding their annual fund raising rummage sale for St. Anthony's Padua Dining Room. If you will please call 415/364-6440 and ask for Evelyn Parisotto, they will come to your office or home and pick up anything except tree limbs and grass cuttings! PLEASE HELP!!!
FINEMASTER: ... Not only was LEM SUMMEY program chairperson but he was finemaster too. After fining Pres. CHARLES for an indiscretion he asked each table to collect \$2.00 per person and designate a spokesperson. Now it's time to answer questions about leap year and the calendar. There were some correct answers but the preponderance were not on target. We all learned a lot about the Gregorian and Julian calendar's.

PROGRAM: ... Stephen Martin is a Rotarian with the Half Moon Bay Club and is also a Therapist. His subject for the day was "Improving Our Relationships." But before we begin a short announcement that on March 14 H.M.B. will hold their Charity Ball and we are all welcome.

Did you know that 100% of the families are dysfunctional? Well they are! If you know of a perfect family let Stephen know! Nobody knows a definition for a functional family. A functional relationship has to serve each person, in that relationship, both male and female. Remember, co-dependency is not taking care of yourself. A functional relationship is honest! Most people don't have the courage to be honest with their partner. Look at our leaders, we have lost confidence because of lack of honesty. A functional relationship has commitment! That means that you don't quit! You work out the differences that will appear in any relationship. A functional relationship is built on trust! A functional relationship has forgiveness! This means letting go of the past and not carrying a lot of baggage into the future. Therapy is moving toward a definition for functional but at present it is not possible to define functional. There was a lively Q. & A. period that followed but I couldn't determine who was in trouble. Thanks LEM and Mr. Martin.

IT'S A MATTER OF PERSPECTIVE

Drink, Swear, Steal, and Lie. ... How do you look at these action verbs? Here's MY thought. ... DRINK from the fountain of life and serve yourself; SWEAR by the highest standards of ethics and quality; STEAL a few moments every day to ask yourself what could I, what should I, what will I do today to make the most of tomorrow; LIE awake before you go to sleep and thank your lucky stars that you live in a great state and great country at the greatest time the world has ever known. 30NM

FINEMASTER
ROBERTO MARTINEZ

On December 20, 1989 the U.S. invaded Panama and therefor everyone at the meeting was fined \$5 by ROBERTO. That took care of getting money for the treasury! ROBERTO grew up and went to school in Panama and recently went back for a vacation. The 12-20 events haunted him all the time he was there. The living conditions are really on a poverty level and it is especially hard on the children. The adults can cope! The present government is not a very stable government but is receiving help from Japan. For ROBERTO, the returning was real culture shock. A different way of life, different food and different climate. The people of Panama do not want Noriega back but they do feel that the U.S. used too many troops during their action in Panama.

PROGRAM

Mr. Gerry Wollin, our speaker for the day, was introduced by this month's program chairperson, LEM SUMMEY. Mr. Wollin is a member of the San Francisco Rotary Club and a Paul Harris Fellow. He is also a veteran of 30 years losing money on Wall Street which just happened to be the subject of his talk.

Losses are a very important part of an investment program!

- A. You get to deduct from your taxes.
- B. You learn from your losses.

There are Three rules to follow:

- * Buy whatever the telephone caller is selling. That is, work with someone who establishes a relationship.
- * Never, but never, take a loss!
- * Follow stock tips. Apply the same criteria to buying a stock as you do for your own business. That is, make more and lose less!

Don't get emotional about a stock. If it declines 12.5% from it's high, SELL. 85% of the time it will go lower! 30NM

FINEMASTER.....DR. BOB DURKIN

THE PROGRAM TODAY IS YOU! ... IT'S CLUB ASSEMBLY TIME!

Let's see ... what was it that you wanted to ask? Oh yea ... Where is all the money going? Are we going to move or aren't we? Why aren't we giving more money to MY favorite charity? When do we get to impeach CHARLIE? Where's his gavel? Who is going to be the new Sunshine Committee chairperson now that LEE has been transferred? And lots more ? ? ?

ANNOUNCEMENTS

The week before last we inducted JUDY COOPER and now we will lose LEE FORD to San Jose. She has been transferred by CSAA to take over operations in that office. We will miss LEE but we know that some San Jose Rotary will get an excellent member. Good luck LEE!

Well, the auction is over and it looks like we may be able to meet our community giving goals after all. A special thanks to GREG ROOS and all the members of his committee. A very special THANK YOU to DANI GASPARINI and her staff at the YMCA for all their help. (Just a note of interest: DANI received a call last Friday night from the people who were going to provide the Mexican part of our international food fair. They wern't going to provide any food, thank you! So DANI stayed up all night cooking the beans, tortillas, etc. so that our evening would be complete as planned. Again, Thank's DANI.)

MIKE RYAN says that there will be a meeting of the program

committee this Thursday at Pete's Harbor, 7:30 am. MIKE, please tell the members of the committee to get me their information as soon as possible so that I can print it here!

BOB DURKIN needs housing for our visiting Japanese children coming from Japan in July and August. If you have any room and would like to help BOB please let him know. This is part of the commitment of our Club!

ALLEN GRUMAN reminds us that the District Conference is coming on May 8 thru 10 at the Hyatt Regency Hotel in Burlingame. If you haven't gotten your registration forms from him you had better get it done now. New members, Board members and all the rest of you are expected to attend. It's a lot of fun and good information plus fellowship.

BOB STIFF thanked ROLAND HAGA and GREG ROOS for their help with career day at Hawes School. (You mean that just two guys in this Club have careers??)

STEVE MIKULIC wants the names of the foursomes for the golf tournament. We have to field a bunch of golfers for this event so get with it!!!

Did you vote for your Board of Directors? SAM DAFNIS wants your 5 choices in his hands today! If you didn't vote then don't complain!

LEM SUMNEY was your FINEMASTER for the day and also the program chairperson. So that his guest would have more time LEM had us all put \$2 on the table and that ended the fining.

Can our Rotary Club take 75 seconds for the Rotary Foundation's 75th anniversary? That is the question PDG SID BERLIN asked. Getting information to each club member is essential to greater understanding of the work of Rotarians accomplished through our Foundation. The more Rotarians know about our accomplishments and successes--and about how the programs operate-- the greater will be the level of participation and support. We will be printing this information here in the weeks to come.

PETE HODGSON NEEDS MORE STUFF!! The 4th annual rummage sale will be Saturday, April 4th so let PETE know what you've got. Be like FRANK PARCELL and donate that stuff in the attic or garage.

PROGRAM: Mr. Marshall Serwitz of Sullivan & Serwitz, Inc. spoke to us about investments and how to judge the best. The key word is "Value". Use value indicators for judgement: 1. Direct Yield, 2. Price Earnings Ratio and 3. Book Value. Want to retire with financial independence? Avoid inaction and procrastination, do estate planning and have a tax strategy. Most people live their lives as though they were going to get a second chance! You won't! Good information, well presented. Thanks LEM! 30NM

INVOCATION BILL "let's hear it for Cal" BERGLER

ANNOUNCEMENTS:

LESLIE COBB has excepted the appointment as Sunshine Committee Chairperson. Thank you LESLIE and we will look forward to receiving your "card".

DANI GASPARINI thanked everyone for their part in the auction. A particular big thanks to MARIO RADDAVERO and SHYAM GARG for

their special efforts to the success. GREG ROOS said that the early tally showed a gross take of about \$12,000. The bar sales, managed by ROLAND HAGA, contributed \$466. MIKE RYAN said "I'll drink to that"!

ROLAND says that the next Club project will be helping Second Harvest on May 13 th 9:00 am to 1:00 pm. A sign-up sheet was passed around so if you didn't get to sign up, let ROLAND know that you will be there.

BOB DURKIN has opened his home again for a pot luck dinner on April 5th to honor the visiting GSE team. If you want to be there, please call Glennie and arrange for your contribution for the evening. The festivities should start around 5-6pm.

FINEMASTER:

BOB DURKIN had his chance to get even with a lot of people and also have some of them recognized for their contributions to the Club. DICK DODGE found the books that he lost at the auction, DANI found her keys, MEL ANISMAN is still hurt, ROSEMARY AZEM for the great ski trip, BOB PIERCE and BILL BERGLER for being trouble makers, LINDA McCRONE for her auction help along with the following helpers also: SID, FRANK PARCELL, DAVE SCHUTZ, JERRY MERTENS, SHYAM, and ROLAND. A lot of good stories and fun!

CLUB ASSEMBLY

Here are some of the action items brought forward by the members: PDG SID is disappointed with the projected attendance, by this Club, for the International Convention. We have only 7 members who will attend this great event.

DANI questioned about the budget short fall due to the recinding of the missed meeting charge. Pres CHARLES assured her that the Club would remain solvent during his administration.

ALEX FLETCHER felt that a new member should be allowed as much time as needed to present his or her introduction talk to the Club. Giving an older person, with a lot of experiences, 5 minutes to tell about his or her life was not enough.

BOB DOOLEY reminded the members that the theme for the year is "EACH ONE REACH ONE" so that we can get the membership back up to strength. So far only the following have done the job: BOB DURKIN, ROSEMARY AZEM, ROLAND HAGA, DANI GASPARINI, FRED STRATHDEE and Pres. CHARLES. The year is not over so get that one member that is expected of you!!

GUY THOMPSON announced that your Rotary Club has opened its Rotary Store. Such items as decals, golf tees, Club pins, tee shirts and much more. A brochure is available at the cashier table.

BOB STIFF wants to know if exit interviews are done when a member leaves. This could be useful to the whole Club if the information were available.

DAVE SCHUTZ won the raffle.

ANNOUNCEMENTS

As requested by District Governor Dale Luehring there will be NO meeting at the church on Tuesday, May 5. The meeting will be held on May 8 at the District Conference. If you don't go to the Conference then you will have to MAKE UP!

SAM DAFNIS hopes that you have voted for your members of the Board of Directors. If not it's too late!

***** PETE HUGHES introduced Crista Silva, a participant in "Top Gear". This is a program of leadership for top students in the high

school junior class. Crista thanked us for the opportunity to participate.

FINEMASTER ... JOHN ZIRELLI

JOHN had a lot of interesting questions for the called upon members such as "what is the first letter in the Russian alphabet?" SID guessed "A" and he was right! That great sportsman, Pres. CHARLES, was asked "how many seams on a football"? I think CHARLES said two which all of us know is wrong! BILL REINHARD didn't know the closing price of gold and LESLIE COBB didn't know the closing discount rate plus STAN SILVERSTEIN was the only one who knew the prime rate. Everyones knowledge was increased just a bit and a lot of people got to pass on their fine. BERGLER was there! Thanks, JOHN, good job!

PROGRAM

Ed Everett, the City Manager off Redwood City, talked to us about three areas of his job: 1. values and expectations 2. Things happening in Redwood City 3. What's ahead. He expects his departments to treat the public just as Nordstrom treats their customers. Value is excellence. He doesn't want to hear "good enough for government work". He wants his people to be inovative and push the boundries of their job. He want's to hear from the citizens! What's happening? Sequoia Station is progressing nicely thanks to the City Council sticking to the project. The budget deficit that was projected is being reduced by a strong income from the sales tax. What's ahead? No tax increase! The downtown garage, Main St. landscaping. Worries? State and Federal mandated programs pushed onto the cities without funding. Binding arbitration for firefighters makes the city very vulnerable and will cause future problems.

I have just returned from a great party at the Dr. Durkins' home where we entertained the great G.S.E. from Australia. These are 6 great people from the land down under and if you have the opportunity to meet them please make the effort. I believe they will be at the meeting today so make it a point to get acquainted.

The District Assembly is over for this year and was attended by 5 members from this Club. Those of you who wern't able to be with us there have missed a great source of information about Rotary. The next big District affair is the District Conference. Let's see if we can do a better job of attending than we did at the assembly.

Have you asked your prospective Rotary member to come to lunch with us? We have some good programs scheduled for this month so remember "EACH ONE REACH ONE". Share Rotary with a business associate.

A N N O U N C E M E N T S

President Elect, STEVE MIKULIC, wants the names of the foursomes for the golf tournament on the 27th. If you can't play golf, at least sign up for the dinner!

PETE HODGSON wants to thank everyone for their help with his rummage sale that benefited the Padua Dinning Room. If I heard right, he raised about \$5,000 with his efforts!

I.P.P. DENNIS DURKIN says that the Peninsula Rotary Council meeting is Thursday, April 16, at the Holiday Inn, Foster City. If you wish to attend and enjoy a great meal and District-wide fellowship, with the Club picking up the tab, let him know.

RON KOSTER and PETE HUGHES want you to attend a Turkish Night Out with the Peninsula Sunrise Rotary to benefit the Istanbul Children's Hospital. The YMCA will be taking their vans over to Bazerkeley, to the dinner, so you don't have to drive. \$30 per person will do a great deal of good! Sign up now and help out.

JUDY COOPER wanted us all to know that she is a good Rotarian and makes up missed meetings where ever she is. She brought Pres. CHARLES a bannar from Kona, Hawaii ! Thank you JUDY !

FINEMASTER

Dr. GREG ROOS (new board member) was the fund raiser for the day and picked on JIM NEWELL first because he sent his daughter to GREG'S office in curlers! BOB DURKIN (retired dentist) keeps referring patients to GREG so he fined him! Now, it was time to play trivia. There were only three right answers from the group: DENNIS DURKIN, BOB DOOLEY, and ME ! Good job GREG...

PROGRAM

The Hon. Georgi La Berge, Mayor of Redwood City, told us of her insight into Redwood City functions. She has been the Mayor for 2 years and served on the City Council for 6 years and has seen the political climate change over the years. Getting phone calls about such things as the Fox Theater development project is one of the good parts of her job. Another good part is the balanced budget for the year with a small surplus projected thanks to outstanding sales tax revenue coming in. Contributing strongly to this revenue stream is Redwood City's position as #1 in auto sales! A group of young people have completed a survey of their age group, asking what is needed in the City to make their life better and the results are being tabulated now. It seems they want a clean and safe place for them to "hang out" and meet their friends. A positive presentation by an outstanding Mayor. Our thanks to DAVE SCHRICKER and Georgi La Berge.

ANNOUNCEMENTS

There is need for housing for a French law student that is coming to this country and state for 6 months. Can you help out?

DANI says that we need at least 10 more for the Golf tournament. Have you signed up yet?

ANNOUNCEMENTS(cont.)

BOB STIFF, SHYAM GARG and FRANK PARCELL are planting trees at Hawes School on Wed. the 22nd. It is expected that the members of this Club will show up and help! The next "show-up" day will be on May 2nd, when we will clean up and paint up Hawes School. Let's show the Rotary spirit, "Service Above Self", and be there!

ALLEN GRUMAN reminds us that the deadline for registration to the District Conference is April 24th. Only 3 days left so do it now!

FINEMASTER

MERLE FRUEHLING had a lot of fun with the members and their knowledge of U.S. Presidential history and in the process raised the stock of the treasury. Only 5 members were able to answer the questions and they were BOB PIERCE, BILL CONKLIN, FRANK PARCELL, MIKE RYAN and DAVE SCHRICKER. The rest of a large group paid their \$5. Good job MERLE!

BOARD MEETING

* Our attendance is 33.5% which isn't too bad but it could be better. We have 68 members now so we need to keep working with BOB DOOLEY and get names in to him.

* The Belmont Rotary is now meeting at the Holiday Inn in Belmont (Redwood City).

* Community Service: ROLAND HAGA, read a request from the YMCA to help them clean up and landscape an area used for child care. This would require hands-on work on a Saturday and Sunday. The Board has agreed to this request.

* Vocational Service: GUY THOMPSON, says that all is going well with his speaker bureau at Sequoia High. The program is being accepted by the teachers and students with average attendance of about 25 students per talk.

* Jazz Festival: Pres. CHARLES filled in for GREG ROOS and reminded us all that the money to be made from the Festival is by selling advertising. In past years we haven't done a very good job but this year we will do better. We must have member support.

* New Business: RON KOSTER asked that we support the Salvation Army Dinner being held on Tues. May 19, 6:30 pm at the Dunfey Hotel. The cost is a modest \$25 per person and if you can't make it to the dinner why not write a check to the Army and give it to RON or LESLIE BROOKS.

* Old Business: Only one person who owes money for missed meetings has paid.

* Pres. CHARLES will be on vacation from May 14 through May 24. STEVE MIKULIC will conduct the meetings.

* Club Service: JUDY COOPER asked the board why it wasn't possible to have a salad bar or plate only, for those members who don't want to eat a big meal? A number of members want such a choice. This will be discussed with MARIO. 30MI

Ruben Barrales

for
San Mateo County
Supervisor
4th District

Leadership and Vision
for the '90s & Beyond

Ruben Barrales for San Mateo County Supervisor

1116 Foothill Street
Redwood City, CA 94061

Elect Ruben Barrales on June 2, 1992

Paid for By The Committee to Elect Ruben Barrales Supervisor, ID# 911210

Printed on Recycled Paper

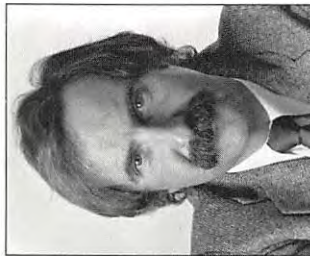

Vision

"Today, more than ever, we need local elected officials with vision and new approaches to the problems facing government. Ruben will be that kind of leader. I enthusiastically endorse Ruben in his campaign for County Supervisor."

Congressman Tom Campbell

"I have seen Ruben in action over the last several years, including while he served as my legislative aide, and it is clear to me that he will be a Supervisor who works to build consensus before approving legislation. He has prepared himself well for the job and has the vision to lead the County in the 1990s."

Supervisor Tom Nolan

Ruben Barrales

for
San Mateo County Supervisor
4th District

Leadership

Ruben Barrales has the energy and skill to lead our County into the next century. And, he has the courage to take a stand on tough issues.

★ **The Economy.** Ruben Barrales believes we need to encourage businesses in San Mateo County. As a supervisor, he will support efforts to encourage growth of the county's businesses. He opposes a gross receipts tax and other anti-business regulations and legislation.

★ **The Budget.** Ruben Barrales is pledged to fight waste in county government and will set priorities to maintain vital services without tax increases.

★ **Local Government.** Ruben Barrales will work with leaders from our local cities, special districts and school districts to find ways to provide better service to the public while consolidating costly administration and overhead.

★ **Transportation.** Ruben Barrales was a leader in the campaign to extend BART to the Airport and he will work to expedite completion of the project. He supports San Mateo County's participation in maintaining Caltrain service on the Peninsula.

★ **The Environment.** As a County Supervisor, Ruben Barrales will fight to maintain the valuable environmental resources of San Mateo County and prevent offshore oil drilling on our coastline.

Experience

Born, raised and educated in San Mateo County, Ruben Barrales has worked in both the private and public sectors including managing a small family business, administering programs for a local non-profit and, most recently, working in county government. Based on this broad experience, he has developed a comprehensive understanding of the problems facing our communities and knows how to get things done.

In addition, Ruben Barrales has served on a variety of community boards, county commissions and local organizations:

- **Board of Directors** – Redwood City/San Mateo County Chamber of Commerce
- **Vice Chairman** – San Mateo County Civil Service Commission
- **Board of Directors** – Planned Parenthood of San Mateo County
- **Chairman** – North Fair Oaks Economic Development Task Force
- **Board of Directors** – Sequoia YMCA
- **Board of Directors** – Youth and Family Assistance
- **Board of Directors** – Hispanic Chamber of Commerce
- **Member** – Fair Oaks Community Center Advisory Board
- **Chairman** – North Fair Oaks Municipal Advisory Council
- **Board of Directors** – Target Education & Welfare Council
- **Member** – San Mateo County Hispanic Concilio
- **Member** – KCSM TV/FM Citizens' Advisory Board
- **Member** – Rotary International, Peninsula Sunrise

Ruben and his wife Kelly, a financial consultant, own a home in Redwood City.

How to Help

You can help Ruben Barrales make our County a better place to live by joining his growing group of supporters. Your personal endorsement, financial contribution or volunteer time would be sincerely appreciated. Just send in the form below or contact the campaign directly at (415) 366-2312.

>> ANNOUNCEMENTS <<

ALLEN GRUMAN warned everyone that there would be no meeting here the week of the installation dinner as the dinner is the regular meeting for the week. If you don't attend the dinner then please make up at one of the other Clubs.
PETE HUGHES went to Mexico with some of the members of the Sunrise Rotary Club and visited Clubs in Mexico. Peninsula Sunrise Rotary Club is moving out into international relations in

first class style!

SHYAM GARG and FRANK PARCELL have now planted more trees. This time Hawes School is the beneficiary of their great work.

>> FINEMASTER <<

LINDA SCHMIDT understands banking! She found a gavel for Pres. CHARLES and charged him \$5.00, then she recognized PETE HODGSON for getting his picture in the paper because of his rummage sale to benefit The Padua Dinning Room. Now she began to collect from everyone in the room by playing the trivia game. Lots of fun and a lot of laughs. Good job LINDA!

>> PROGRAM <<

Our own FLOYD SHELTON, Exec. Director of the Port of Redwood City, presented us with the facts and figures of a very successful deep water port. The first fact that he presented was that the Port is not tax supported but rather returns revenue to the City of Redwood City. This is most unusual for any port as they are mostly tax supported. Dock useage is up some 28%, Tonage of cargo moving through the Port is up, and net income is up 35%, all off which speaks well of the management of the port by it's directors and executive. The port is now out of land as there have been many businesses leasing areas of the Port property.

During the 1990-91 Rotary year, the PolioPlus program and Rotary's global partners realized a major achievement.

Of great significance was the achievement of Universal Child Immunization, meaning that at least 80 percent of the children in developing worlds have now been vaccinated against the six vaccine-preventable diseases. In addition, polio eradiction has nearly been achieved in one major region - the Americas - and hopes are high that eradication will be certifiabile there by 1995. That means eliminating the live polio virus from the environment rather than just protecting children from the virus. In the Americas, only 4 cases were reported in 1991, down from 930 just five years before. And, glovally, 440,000 cases of polio were prevented through 1990, according to a World Health Organization estimate.

The Rotary Foundation, the World Health Organization and UNICEF are leading the polio eradication coalition that is answering challenges that include meeting the increasing demand for vaccine, rising vaccine costs, interrupting transmission of the live virus through intensive immunization activities, and securing new partners in the coalition.

The achievements of the past and the knowledge of what yet needs to be done make it likely that - with continued Rotarians support - the goal of eradication by Rotary's centennial will be realized. 30NM

Waldbaum's Foodmart FOOD SHOW

Fun and FOOD FOR ALL!

More than thirty thousand customers, 200 grocery manufacturers, and dozens of Waldbaum's Foodmart employees and FOOD FOR ALL volunteers combined to make Waldbaum's 14th Annual International Food & Nutrition Expo a resounding success. Throughout the Hartford Civic Center, signs could be seen alerting attendees that "all proceeds benefit FOOD FOR ALL." Vendors in every aisle offered simple but fun games that got customers in the spirit of giving even as they played to win valuable prizes. FOOD FOR ALL volunteers from local communities in the Hartford area and as far away as Norwalk welcomed people to the Expo throughout the three-day event.

As a result, more than \$12,000 was raised for FOOD FOR ALL by participating vendors. FOOD FOR ALL will also receive the proceeds from admission tickets to help support the program in Connecticut and Western Massachusetts. This will be the fourth year that Waldbaum's Foodmart and its vendors have provided this substantial support, thanks to the commitment of this community-minded company.

At the show's opening ribbon cutting ceremony, FOOD FOR ALL presented a plaque to Ken Abrahams, President of Waldbaum's Foodmart, in honor of his company's having surpassed the *half million dollar mark* in customer and company donations to FOOD FOR ALL. Michael Guiffrida, a Vice President of Aetna Insurance and a member of the Connecticut FOOD FOR ALL Council, and Milan Hamilton, President of FOOD FOR ALL, made the presentation.

FOOD FOR ALL Responds to L.A.

The recent riots in Los Angeles shocked the nation and filled many with an urge to help. At the suggestion of participating retail grocers, donations to FOOD FOR ALL in Southern California during the month of May are going to assist victims of the violence. "It just made sense," said John Benner of Lucky Stores and member of FOOD FOR ALL's Board of Directors. "FOOD FOR ALL donation cards were already in over 750 stores. All we had to do is let our customers know how the funds would be used."

"We don't know how much money will be raised," said FOOD FOR ALL's President, Milan Hamilton, "but media exposure and retailer support have been good, and Kellogg Company is doing a full page ad in the *Los Angeles Times* in support of our efforts."

Advisory Boards Expand

We are pleased to welcome three new members to the Food Industry Advisory Board: Alan Moore, Western Region Manager of Kraft General Foods, Pleasanton; Woody Purdue, formerly of Bradshaw brokerage and now with Chiquita; and Rodney Love, President of Certified Grocers' Southern California Division.

We are also delighted to welcome Bill Chandler to the Public Relations Advisory Board. Bill is press secretary to Los Angeles Mayor Tom Bradley and assists FOOD FOR ALL with the annual Nancy Chandler Memorial Grant in honor of his mother. ■

Certified Grocers Pledge Support

Independent grocers have been a significant part of the FOOD FOR ALL program from its beginning in 1986. Now Certified Grocers of California will be promoting the program to its members and coordinating advertising and promotion through its member "ad groups."

In order to provide information to Certified members, FOOD FOR ALL will have a complimentary booth at the June CERGRO Expo in Long Beach.

Mike Provenzano of Carlton's and Southland Markets, a Certified Board member and current Chairman of California Grocers Association, said, "It's time we independent grocers got a chance to get involved in this important community program. We can make a difference as well as the big chains!"

Interested independent grocers should call (714) 792-6638. ■

FOOD FOR ALL Goes HOLLYWOOD!

Beverly Archer rehearses lines.

Lights! Camera! Action! FOOD FOR ALL went "Hollywood" recently when five public service spots were produced in a one-day shoot in the heart of Hollywood. The spots feature Beverly Archer, a FOOD FOR ALL Board member and the actress who plays "Gunnie" on *Major Dad*, and Harry Blackstone, world renowned magician. The spots are an important part of

Harry Blackstone works magic for FOOD FOR ALL.

FOOD FOR ALL's ongoing effort to educate consumers about FOOD FOR ALL and the hunger problem. The spots will be aired on both network and cable stations.

The production was managed by Celebrity Outreach Productions, a nonprofit organization dedicated to bringing together celebrity spokespersons and nonprofit

organizations. The post-production and dubbing was donated by Grey Advertising in Los Angeles.

Ralph's shoppers may recognize a familiar voice reminding them to pick up a FOOD FOR ALL card. The voice belongs to Jack Riley, who generously recorded the announcement for FOOD FOR ALL. The scripting and production was done by Italia, a Los Angeles advertising company. ■

GUEST EDITORIAL

Food Banks & FOOD FOR ALL

By Larry Sly, Executive Director, Contra Costa Food Bank, Second Harvest

There is in place in America today one of the most sophisticated and efficient distribution systems in the world. This system is entirely concerned with the task of getting food from the producer to the table. The logistics of this distribution system are mind-boggling: getting the right food--whether it be frozen, fresh, canned or dried--in the right amounts to the right store at the right time. To accomplish this task requires using hundreds of huge computers, entire fleets of gleaming trucks, mammoth warehouses and an army of trained professionals. Driven by marketing and profit considerations, this system is often cited as a model for the rest of the world to emulate.

There is, however, another food distribution system at work in America. It works out of cramped warehouses, often uses trucks that should have "retired" years ago, has an underpaid and overworked staff and instead of being profit driven, is driven by

"It is heart warming that we can match technology with grit, trained professionals with dedicated volunteers, and market considerations with compassion."

non-profits. This system is involved in distributing food to thousands of small, medium, and large emergency food programs throughout the nation, and, while it may lack the spit and polish of its big brother, it is no less amazing.

If you do not know of the impact made by local soup kitchens or food pantries, consider investing an afternoon or evening by volunteering at one. While there you will see the "retailer" aspect of the emergency food distribution system at work, making appropriate food or food supplies available to people who need them. The emergency system works because food banks play the role of "wholesaler" in providing food to organizations that prepare millions of meals each year. Both food banks and food pantries are

"powered" by a legion of dedicated and tireless volunteers and the marvel that these volunteers are able to accomplish is this: food is saved from waste and used to feed hungry people.

This food is given to food banks without cost by grocers, food manufacturers, and others, but the attendant costs of accepting, storing, and distributing "free" food means that there are costs involved. Food banks ask the agencies that receive food from them to pay a share maintenance fee to offset the costs a food bank has in handling food product. Strikingly, none of these costs are passed on to the consumer. Instead, both food banks and food pantries rely on donations and grants to fill the gap.

One source of grants to fill this gap is FOOD FOR ALL. When shoppers buy FOOD FOR ALL cards, they are often helping to fill the gap that food banks and pantries face. In my professional life, I am the Executive Director of the Contra Costa Food Bank in Northern California, a member of the Second Harvest Food Bank network. In my volunteer life, I serve as the Chair of the Funds Distribution Committee for FOOD FOR ALL in the San Francisco Bay area. This unique vantage point helps me see the concerns and operations of just about every part of the amazing emergency food distribution network.

In the San Francisco Bay Area, provider agencies and food banks are working together to make the dollars FOOD FOR ALL raises go as far as possible in the fight against hunger. The agency gets food from a food bank, obtaining the maximum amount for the donated dollar. The food bank sees to it that excess food is not wasted, but goes instead to feed hungry people. The shared maintenance fee the agency gives to the food bank ensures that the food bank will survive to accept and distribute more donated food next time it is offered.

It is heart warming that we can match technology with grit, trained professionals with dedicated volunteers, and market considerations with compassion. The two great food distribution systems in America can both serve as models to the world. And behind them both is the American consumer, driving one with purchases and the other with donations. ■

Ambassadors In Action

FOOD FOR ALL Store Ambassadors are making a difference! Contributions are up 10% in stores with Ambassadors compared to those without.

Many Ambassadors have begun doing promotions at their stores. Bill Timrud, Store Ambassador for the Waldbaum's Foodmart store in Rocky Hill, Connecticut, recently organized a one-day promotion that more than doubled the store's weekly average in contributions. He was joined by members of the Rocky Hill Congregational Church. A new twist on the promotion was handing out "sample" \$1 FOOD FOR ALL cards along with information fliers.

New Ambassadors in New England since the start of the year include Dan Morris, Mary Todd, Jackie Miller, Chris Ambrose, Peter Powell, Carol Rothery, Sue Lederer, Peter Govoni, and Christina Angeloni. Over a third of the participating stores in Connecticut and Western Massachusetts now have Ambassadors.

One of the most important tasks of a Store Ambassador is to find ways to educate store employees about FOOD FOR ALL. Here are some of the things Ambassadors are doing:

- placing FOOD FOR ALL literature such as mini-brochures and grant lists in employee break rooms.
- asking store managers to add a small flier to employee pay checks.
- getting permission from store managers to talk to employees during a staff meeting (a big success!)

Thanks to all of you who are doing such a great job. Please continue to keep us posted on what's working. ■

Canyon High Campaign coordinators (left to right) Angie Sridhar, Leena Ved, Gina Chan, and Jenny Ou.

THE G*A*C PACK

A poster contest, displays of FOOD FOR ALL cards posted throughout the campus, and a pizza party were some of the ingredients of a highly successful three-week FOOD FOR ALL Greater Awareness Campaign conducted by the Model United Nations club at Canyon High School in Anaheim Hills, California. Students donated over \$1300 during the three weeks! Following the Campaign, students took the money to local supermarkets and purchased FOOD FOR ALL cards.

Leena Ved, President of the Model United Nations Club, said, "More important than the money raised was the awareness of hunger the Campaign brought to the school and to the Campaign organizers."

Pizza parties for the class raising the most money and for the class that created the winning poster proved to be good incentives for the students to participate. The pizzas were donated by Pizza Hut in Anaheim Hills, thanks to the generosity of Mr. Robert Nelson, Manager. Additional incentives were offered by teachers at Canyon High who were very supportive of the Campaign.

Spearheading the Campaign with Leena Ved were Nicole Callender, Gina Chan, Heidi DeVries, Salina Lee, Jennie Ou, Terry Ou, Angie Sridhar, and Jenny Yoshioka.

A terrific job by a terrific group! ■

CHAPTER Chatter

The Las Vegas Chapter is planning to do special store promotions from May to July in participating Lucky stores. According to Chapter Coordinator, Esther Doherty, "We're convinced that two or more promotions per store during a three month period will greatly improve contributions for needy agencies."

The Pomona Valley Chapter is undertaking a campaign to make "Buying a Card a Habit." Charles Johnson is emphasizing convenience, accountability, credibility, and the efficiency of the FOOD FOR ALL program as cornerstones for this project.

The Public Relations Task Force of the San Diego Chapter is targeting media exposure and has developed an active Speakers Bureau. Task Force Coordinator Sally Palcovich feels the key to a successful Chapter is having task forces meet between Chapter meetings. ■

Connecticut Council Adds New Members

The FOOD FOR ALL Connecticut Council recently welcomed as new members Steve Boone, an executive with Aetna Insurance Company, and John Burns, the Regional Vice President for Primerica Financial Services. Their business expertise is a welcome addition to the Council's efforts to strengthen and expand the FOOD FOR ALL program.

Coalition Conference Equips Providers

Over 120 anti-hunger advocates, front-line providers, and concerned individuals recently gathered in Berkeley for the 4th annual conference of the California Hunger Action Coalition. The Conference offered an array of workshops that provided participants with new ideas, updated information on legislation, and an opportunity to plan ways to better meet the growing hunger problem in California. A highlight of the conference was the sharing of model programs that are helping to break the cycle of poverty.

FOOD FOR ALL strongly supports coalition building and was pleased to provide a \$2,000 grant for the conference to enable low income people to attend.

The California Hunger Action Coalition was formed in 1989 to join organizations and individuals to end hunger in California. For information on the Coalition and how you can join, contact the California Rural Legal Assistance Foundation at (916) 446-7904 or Cal-Neva Community Action Association at (916) 443-1721. ■

More VISTA Volunteers!

Maria Vargas, Gerry Nack, Ilene Carpenter, Maurine Miller, Bill Bell, and Ruth Lohrer.

Four new VISTA volunteers (Volunteers in Service to America) are now at work in Southern California establishing FOOD FOR ALL Chapters. Gerry Nack, who recently received a Masters degree in Christian Education, and Maurine Miller, a retired school teacher, are based in Orange County. Ruth Lohrer, who coordinated the Peninsula-Harbor FISH program in Long Beach for seven years, and Maria Vargas, a health educator, are developing Chapters in Southeast and Southwest Los Angeles. Office space and on-site supervision is being provided by the Southcoast Ecumenical Council and the Westside Ecumenical Council.

Chapters are being established to help educate the public about FOOD FOR ALL and to promote the development of hunger-free communities.

The four new volunteers join Bill Bell in the Inland Empire and Ilene Carpenter in San Diego County.

The VISTA program, the federally sponsored domestic arm of the Peace Corp, pays volunteers a monthly stipend and medical benefits for a period of one year. Several more positions may be available by this summer. ■

FOOD FOR ALL is a nonprofit public benefit corporation that works in partnership with the food industry and other nonprofit organizations to generate new financial resources for ending hunger, educate the public on hunger issues, and encourage strategies for long-term solutions.

Domestic Funding Task Force Reports Initial Results

Grassroots Survey Identifies Causes and Solutions to Hunger

Last September, FOOD FOR ALL's Funds Distribution Advisory Board decided to undertake a review of the domestic grants program in preparation for setting new five-year funding objectives. A special Task Force was established to conduct interviews with local Funds Distribution Committees, agencies who receive FOOD FOR ALL funding and people who are recipients of agency services.

Although the interview format varied, the same three basic questions were asked to all participants:

1. "What factors are contributing to hunger in your local area?" and "What are the root causes behind those contributing factors?"
2. "What approaches are currently having a significant and positive impact on hunger?" and "What more is needed, especially in the area of preventive programs?"
3. "What parts of the FOOD FOR ALL funding program are working well?" and "What parts need to be improved?"

The Task Force talked to staff representing 35 agencies receiving FOOD FOR ALL funding, 12 individuals who are recipients of agency services, and members of 12 FOOD FOR ALL Funds Distribution Committees for a

Causes, Solutions, and Preventive Actions for Ending Hunger

Root Causes	Solutions/Preventive Actions
Unemployment & Underemployment: Joblessness, part-time work that provides no benefits, "under-the-table" jobs that do not pay minimum wage, inadequacy of minimum wage.	Increase and Improve Available Services: Establish more programs that provide long-term, comprehensive case-management designed to re-establish self-sufficiency.
Collapsed or Dysfunctional Safety Net: Inadequacy of the current welfare system to lift a family out of poverty; barriers to participation in existing federal programs.	Generate and Invest Resources for Jobs and Housing: Develop more low-income housing; create job development and training programs, encourage economic development in low-income communities; provide affordable, accessible child care.
Living Costs Rising Faster than and Exceeding Income: General cost of living worsened by the lack of affordable housing.	Reform Government Programs and Policies: Fully fund WIC; restructure welfare programs to assist working poor; use government funds to create jobs.
Inadequate Life Skills: Lack of education or training that results in employable skills and practical skills such as managing money, and dealing with stress.	Expand Community Education and Citizen Participation: Create the will to solve problems by spotlighting successful approaches; get poor people involved in advocacy.
Misplaced National Priorities: Existing national policies and tax structure seem to exacerbate the gap between the rich and poor; no coherent national policy dealing with poverty.	Strengthen Low-Income Communities: Locate agency services in low-income communities; improve public transportation, and encourage neighbor-helping-neighbor approaches.
Breakdown of Community and Family Social Support Systems: Dissolution of the traditional family unit and the loss of neighborhood level care structures.	Increase Basic Skills Training Programs: Provide more market-based job training; classes in nutrition, handling money, decision-making, and stress management.
	Pilot Demonstrations of Long-Term Solutions: More public-private partnerships that will experiment with pilot programs in the areas of employment, housing, low-cost food accessibility, and community building.

The above chart is a summary of the survey findings. A complete report is available from the national office.

total of 115 individuals in FOOD FOR ALL's three regions. A compilation of the data revealed six major causes of hunger and seven solutions or preventative actions (see chart).

The information gathered is being used to formulate a set of recommendations regarding funding criteria, policies, and procedures. The recommendations will be reviewed by each of FOOD FOR ALL's area Funds Distribution Committees before going to the Board of Directors for approval. ■

Nominations Requested for Memorial Award Grant

The fourth annual Lucky Stores/FOOD FOR ALL Nancy Chandler Memorial Award Grant of \$5,000 will be awarded in November 1992 to a private nonprofit hunger organization in Southern California that is effectively providing solutions to the problem of hunger. The grant criteria puts an emphasis on enabling individuals to achieve self-sufficiency. Agencies are to be nominated for the award by an individual, other than a staff or board member, who knows the agency's work.

Previous recipients of the award are St. Joseph Center, Venice (1989), Union Station, Pasadena (1990), and North County Interfaith Council, Escondido (1991). The grant, underwritten by Lucky Stores, Inc., is given in memory of Nancy Chandler, a long-time employee of Lucky Stores and an early champion of FOOD FOR ALL.

Contact the FOOD FOR ALL office, P.O. Box 1791, Redlands, CA 92373, (714) 792-6638, for a nomination form. The deadline is August 31, 1992. ■

Dr. Eng Joins International Board

Dr. Geni Eng, Associate Professor in the Department of Health Behavior and Health Education, School of Public Health at the University of North Carolina, was recently welcomed as a member of FOOD FOR ALL's Funds Distribution Advisory Board. Dr. Eng has extensive experience in international

development, having served as a consultant to UNICEF, the World Health Organization, and the Peace Corps. In addition, Dr. Eng has first-hand knowledge of the problems of hunger and poverty in the United States where she has worked with programs designed to set new directions in community empowerment. She has also developed methods for measuring the impact of community participation on the outcome of community development projects. ■

DOMESTIC ALLOCATION PROCESS

Decisions regarding domestic grants are made by volunteer committees four times a year. The committees are representative of the communities they serve and are knowledgeable about the hunger situation in their area.

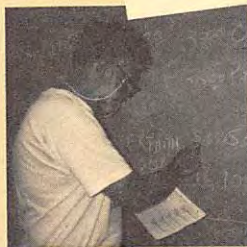

The process begins when the FOOD FOR ALL office receives a written application from a local agency. The application is entered into a computerized tracking system and those that meet FOOD FOR ALL criteria are forwarded to the appropriate committee for review.

Committee members conduct program site visits to learn more about day to day operations and the need that is being addressed.

The committee meets to hear and discuss reports on site visits and determine which programs to fund. Funding recommendations are based on how well the applicant meets FOOD FOR ALL guidelines, the cost effectiveness of the program, and the success of the applicant in meeting its own stated goals and objectives.

Grants are issued from the national office and sent directly to recipient agencies upon approval from FOOD FOR ALL's Board of Directors.

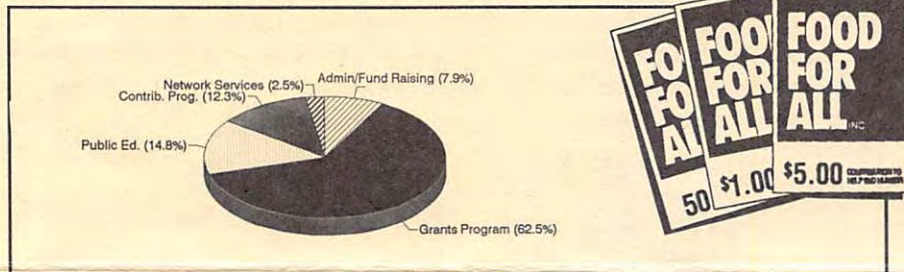

Invest in a Hunger-Free Future

While we hope all of you regularly include FOOD FOR ALL with your groceries, please consider supporting FOOD FOR ALL's educational programs and expansion costs. Contributions sent directly to FOOD FOR ALL help to develop and implement ways to increase public awareness of hunger and how easy it is to help through FOOD FOR ALL; they provide funds for FOOD FOR ALL's contributions program to be

offered in additional supermarkets in both new and existing regions; and they support FOOD FOR ALL's efforts to bring agencies together for cooperative planning and problem solving.

FOOD FOR ALL is a powerful vehicle for raising funds and for giving people a way to show their concern. It is now in place in 1200 supermarkets and has raised over three million dollars. Its goal is nothing less than ending hunger. Please think about its potential and make an investment in a hunger-free future. An envelope is enclosed for your convenience.

Milan L. Hamilton
President

When you respond to an appeal to support FOOD FOR ALL's operating and expansion costs, 92.1% of your donation goes to program costs and 7.9% to administrative and fund raising costs. >> LAST WEEK <<

There was no meeting at the church as the following week end was the District Conference and everyone was requested to attend.

On May 8, at the Hyatt Regency, District 5150 held it's District Conference. This meeting is held for the purpose going over the activities of the various clubs and exchanging ideas which might help by reaching for new goals. The new District Governor is installed and the past District Governor thanks those who helped him through the year. The fellowship and general exchange of ideas is most worthwhile.

This year Dr. Edward Teller was the keynote speaker on Friday and gave a most interesting talk about his perception of the state of the country. The Rotary Club of Redwood City had about 5 people at this very good luncheon. Sad! On Saturday the first event was a 5K run-walk in the area and our own LESLIE COBB came in first in her division. Then came the business meeting and the handing out of awards for outstanding achievement in various categories. SAM DAFNIS managed to pick up an award but it was for another Club! Other than that, Redwood City was not on the list to be recognized. A very sad comentary on a Rotary year!

PRESIDENT STEVE MIKULIC
INVOCATION ROSEMARY AZEM
FINEMASTER JIM NEWELL
PROGRAM MARGARET TAYLOR

Margaret Taylor is with the Department of Health Services for San Mateo County and will talk to us about "What's New for Health Insurance for the 90's".

We will have with us today the recipients of our 1992-93 Redwood City Rotary Club Scholarships. They are as follows: Jesse Guitierrez as the recipient of the GEORGE P. CHAFFEY \$1,000 Honorary Scholarship Award. Other \$1,000 awardees are: Beth Mangini, Ryan McCoy, Jeff Rector and Patrick Weston. Those that will receive a \$500 scholarship are: Gonzola Alvarado, Nolberto Rios, Karen Slattery and Sandra Stone. Congratulations and good luck to all of them for their hard work and determination to succeed.

JUNE 14 - 17 ===== INTERNATIONAL CONVENTION
JUNE 27 ===== INSTALLATION DINNER
OCTOBER 11 ===== FOUNDATION BRUNCH

On June 9 we will have a bunch of introductory talks by our new members. They are, in no special order, LOUIS LEON, JUDY COOPER, LESLIE COBB and LINDA SCHMIDT. This is very a special time in our regular meeting agenda as we are always thrilled and entertained by their presentations. Remember Alex? It will be interesting to see who goes first to set the tone, and who gets to be last and is left with very little time. Be sure to bring your friends and family to hear this outrageous program. Tickets available at your local Bass outlet!

>> LAST WEEK <<

* SONG ++++++ ALLEN GRUMAN
"You Are My Sunshine"

* INVOCATION ++++++ NORM MAC LEOD
(He forgot it was him)
* PLEDGE ++++++ FLOYD SHELTON
(loud and clear)

By the way, forgot to mention, last week, that at the District Conference, ALLEN GRUMAN was awarded 1st place in the 5K walk that was held. Way to go ALLEN! What a guy!

I'll tell you, that BOB DOOLEY has done a spectacular job of getting new members. Last week he introduced us to his latest acquisition, CATHERINE ANN CROSSGROVE. CATHY is the owner of PRINT WISE and will hold the classification of Printing Services. The business is located at 1131 Oddstadt Dr. in Redwood City. I don't know the phone # but if you ask her I'll bet she will give it to you. Welcome aboard CATHY and with your committee interests I know we can put you to work! BOB, you've done it again!

>> ANNOUNCEMENTS <<

BOB DURKIN, our member in charge of student exchange with Japan, needs a little help. We have three students arriving here and LESLIE COBB and SID have said that they will house one each but that still leaves one to place. Can you take a student visitor from Japan? Let BOB know.

DENNIS DURKIN reminds us that the debunking will take place on June 27 at St. Pius and the tickets will be \$25. Attitude adjustment hour begins at 6:00 pm and dinner will be at 7:00 pm. We have waited all year for this so let's get a good attendance!

BOB RUTHERFORD announced that Redwood City Rotary will provide a pancake breakfast for the Sequoia High "Running Shared" 24-hour relay challenge to benefit youth programs at the four Sequoia High School District schools on May 31, 6:00 am to 8:00. We expect to feed about 500 people so we need everyone to help. You can volunteer as a cook or provide food and supplies or provide equipment such as grill, cold box, coffee urn, etc. BOB has sign-up sheets so please let him know what you will be doing to help. All funds raised will go to the schools for drug-free school/campus activities.

PETE HUGHES wants us all to attend a pancake breakfast at the firehouse this Saturday. It is being done by the Peninsula Sunrise Rotary Club and only costs \$3.00. You can't eat at home for that kind of money! Let's turn out and support them.

>> FINEMASTER <<

BILL CONKLIN did a great job of playing Rotary Trivial Pursuit and even got \$5 from new member, CATHY CROSSGROVE, for the information that women were first proposed for Rotary in 1986. DICK DODGE had no trouble giving us the four way test but many others were stumped by trying to recall what every Rotarian should know.

Did you miss me last week? Due to the holiday the printers were closed and I was making it a long week end. But I'm back and so is our "golfing in Hawaii" Pres. Charles. Just think, only three more weeks of those great jokes by our Pres.

"The Battle Hymn of the Republic" started us off with the great ALLEN GRUMAN waving his arms. This was followed by Dr. ALAN BOSTWICK asking us to repeat with him the pledge and then MIKE RYAN utilized his professional experience to ask HIM to be with us.

>> ANNOUNCEMENTS <<

DENNIS DURKIN has passed around a sign-up sheet for the debunking dinner to be held at St. Pius church hall on June 27th. How come only 4 people have signed up! Maybe no one wants to go to CHARLIES party! Just kidding...lots of people are comming. If you want to go to a fun party see DENNIS.

DANI GASPARIINI says she needs a volunteer to put on a sausage suit and walk around at the 4th of July booth, to attract business. If you would like to be a sausage for a day see DANI. Hey SID, want to be a kosher sausage for a day?

>> FINEMASTER <<

SHYAM GARG was to be the finemaster today but illness and accident caused him to cancel so PETE HUGHES stepped in and did a great job. Because June is the "graduating month" PETE asked for volunteers to tell us about who is graduating in their family. BILL BERGLER gladly paid his fine to announce the graduation of his son from U.C. Riverside with honors. JIM NEWELL has a daughter graduating, ROBERTO has his son graduating from Chico State and GEORGE CHAFFEY has his son completing his term as president of an East Bay Rotary Club. LESLIE COBB wanted us to know that her child is graduating from 6th grade and moving on to middle school. Congratulations to all! PETE, you did a great job and I know SHAYM appreciates it

>> PROGRAM <<

JOHN ZIRELLI introduced Debbie Sargent of the BFI organization who brought us the message of AB 939, the recycle bill. For instance, within the next 5 years we will be recycling 25% of the waste stream and then in the next 5 years we will have achieved 50% recycle of the waste stream. How will this be accomplished? Well as you might guess, it will cost you a lot of money. One of the major pushes will be to reduce the source of the waste. We can compost materials in our own back yards. We can increase the number of buy-back centers. There may be a tax placed on items that can not be recycled. Right now, commercial interests add about 50% to the waste stream and they will need to be made more efficient with their waste. We can not just keep on dumping our waste because we don't have the space to do that. Time is running out and we must start to solve the problem now!

RAFFLE: A guest won!

Our friend and visitor to this Rotary Club, the distinguished past president of Rotary international for 1968-69, Kiyoshi "George" Togasaki, died on February 6, 1992 at his home in Tokyo. He was 96.

George was a remarkable human being. During his long and full life he made highly significant contributions in many fields and to many causes. In pursuing his wide range of dedications and interests, he also made thousands of friends throughout the world.

George was born in San Francisco, in 1896. He was always proud of his native city and state. He attended schools in the Bay Area and graduated from U. C.. Throughout his life he was a "loyal Old Blue," as ardent California alumni are called. He headed his university alumni group in Tokyo for many years and was one of 100 alumni selected as members of the prestigious group known as "The Berkeley Fellows. It was an honor to meet and know George on the occasions that he was at our Club. Our Rotary world is a better place because of his leadership and his friendship.

ANNOUNCEMENTS < < < <

DENNIS DURKIN wants to know that you are going to the installation dinner and will accept your check.

Pres. CHARLES will hold a Rotary Board Meeting on Friday the 26th of June at the Court House Cafe. The affair will begin at 7:30 in the morning. All Rotarians are welcome and new members that attend, will see how the well oiled smooth machine of this Rotary administration operates.

ROLAND HAGA, speaking for BOB BOLAND, wants you to sign up to help with the 2nd Harvest work that will take place on Saturday the 13th of June. This is one of our "hands on" projects that help our community so let's get our hands out there and help!

BOB RUTHERFORD was quick to thank all of you who turned out at the pancake breakfast, starting at 4:30 am on Sunday, at Sequoia High School. Some of you, that couldn't be there, furnished food and equipment that helped to make the event so successful. This activity is what Rotary is about, "Service Above Self".

Thanks also to BOB for his organizational skills!

STEVE MIKULIC wants you to put Oct. 11th on your calendar. That is the date for the Rotary Foundation Dinner that supports the the Rotary International Foundation and earns us credits so that our district can send worthy students to study abroad. STEVE has 30 tickets that need to be purchased by our members as there is limited room on the boat that will provide the brunch. The price will be \$57.00 per ticket for a great day on the bay and good food to boot. Get your check to STEVE!

BOB DURKIN has enough volunteers for housing our visiting Japanese children this summer but he is going to need help with the entertainment. Can you take them to see our wonderful part of the country? Can you team up with another Rotarian and take them on a day tour? Come on...you can do it!

BOB STIFF wants to thank all of you who helped with the Hawes School "Western Days" celebration. The success was partly because of your dedication to our Adopt-A-School program. Nice going!

FINEMASTER < < < <

LOUIS LEON was the-man-of-the-day and almost didn't get to do the job. Seems he was waiting for someone to give him a "reminder call" and didn't realize that isn't the system. So, when he arrived and saw the bulletin with his name listed he went into shock. Raced out the door and headed down Jefferson to his office. Lucky for him, all the cops were on lunch break and he made it down and back in record time. Each table was asked to have a spokesperson and LOUIS asked a trivia question. If the table missed the answer it was \$5 for each person. I think only one table answered correct so, if my math is correct, that got the treasury about \$175. Which reminds me, who is keeping track of the fines??? Seems like some of us should be bleeding hearts by now. Who's in charge of this chicken outfit? (Good job LOUIS, a lot of fun!)

PROGRA!! < < < <

The Redwood City Library has received recognition by its' peers as the most outstanding library. It has received an award of \$5,000 and recognition on the cover of the trade magazine as well as a nice write up. Jane Light, who is responsible for the library operations, is mighty proud of their accomplishments. They get calls from all over asking for ideas and advice. They serve as a model for their industry. Our library is a mission and market driven library. This means that they respond to the needs of the community as it evolves rather than following traditional library programs. A great program and congratulations to Jane and her staff. Be proud of R.C.!

ROTARY CLUB OF REDWOOD CITY

DISTRICT 5150
 ROTARY INTERNATIONAL

DENNIS know.

RON KOSTER took to the podium to plead for everyone to complete their Paul Harris Fellow sustaining membership. If you haven't started one yet, start one now! Our district has fallen short on fellowships and will only be able to award 4 this year. Your Club is at the 16% level and that is pretty bad considering that many Clubs in the district are at 1,000%. RON will be glad to tell you how to start.

P.E. STEVE MIKULIC says that there are only reservations left for the Foundation Brunch that will sail the Bay so if you want to be part of this fun experience, get your tickets from him NOW!

>>>> FINEMASTER

Past President, FRANK PARCELL, was the man of the hour and was able to get even with those members that had abused him all year. He did have good words for GEORGE SZPOTEK for all that he does for the Club. A big hand for GEORGE ! FRANK did a great job !

>>>> PROGRAM ICE BREAKERS !

CATHY CROSSGROVE started off this interesting program and set the tone for the presentations by telling us a little story about a piece of string and a frayed knot. CATHY is an East coast girl but now is in the printing business here in Redwood City. LINDA SCHMIDT is a local girl having gone to Woodside High School after spending her early childhood on the Russian River. Banking is her career and Bay Area Bank is the lucky recipient of her talent. Hard to believe but she is going to be a grandmother! Now, JUDY COOPER is not a local girl. She has that wonderful sound to her speech that says New Zealand. After traveling to this side of the world she went back down under to Australia then back to Hawaii. Now she is here with Verifone and her daughter. The only male on today's program was not to be outdone by the ladies when it came to travel. LOUIS LEON came here from El Salvador and studied engineering. He has experienced the pain of the tumult in his native country and still has strong feelings about El Salvador. His father has been a Rotarian for 26 years and so he is continuing the family tradition. As a civil engineer, he is with Brian Kangas Faulk here in Redwood City. P.S. JUDY, LINDA and LOUIS all received their regular membership badges. Congratulations to all!

HOW ABOUT THAT !!!

We were treated to a concert by the Redwood City Roteretts who performed "When The Saints Come Marching In" on their kazoo's. Their conductor, ROSEMARY AZEM, used the occasion as a promotion for the up-coming Jazz Festival. In 1991 this Rotary Club finished 10th out of 15 participating Clubs when it came to profit sharing. ROSEMARY is doing everything possible to urge us to support this project. She has furnished us with a "redemption kit" that will make it easy for us to get in there and do the job ROSEMARY IS SERIOUS!!! HOW ABOUT YOU!!! 30NM

Witold Malczynski, the famed Polish pianist, was once receiving admirers after a concert.

"Incredible!" one of them exclaimed. "How in the world can you perform so with just one pair of hands?"

"It is really quite simple," the maestro replied. "I merely follow the advice of Bach: 'Put your fingers on the right notes, at the right time--and let the instrument do the rest.'"

It is the genius of the Rotary instrument that produces the lively music of service. Each of us only places the fingers. And the fingers are many, none better than another, each important, but none indispensable. This is Rotary's guiding precept, and its process of self-renewal is by design.

Every July, some 26,000 club presidents--and an estimated 200,000 club committee chairpersons--step down. Five hundred district governors pass the torch of responsibility to successors. Much of the personnel of R.I. committees changes. One half of the R.I. Board of Directors is replaced. And our worldwide association welcomes a new international president. A corporation consultant would no doubt question that any organization could survive--much less thrive and grow--with such a wholesale turnover of leadership. Yet, Rotary does.

Since we are all creatures of clocks and calendars, allotted only a relatively short time to play our part in the workings of the world, it is only natural that we regard the beginning of a new year as a significant milestone. Yet, it is important to realize that a single year cannot really be cut apart from the fabric of time, that a 12-month flow of events cannot be separated from the currents of history. Indeed, it is continuity that marks our progress on this planet. Of all the attributes of this organization, continuity is the one that does most to insure our dream of a better tomorrow. Continuity in leadership, and continuity in the efforts of our volunteers--that is the key allowing us to continue moving forward. Year after year, we build on the service already given and the lessons already learned. Our symbol, indeed, in the ever revolving Rotary wheel.

T H I S W E E K

DENNIS DURKIN is in charge of this weeks meeting as we go through the annual ritual of changing president's. DENNIS will present the PROGRAM.

There will be an INVOCATION by one of our members but I can't tell you which one it will be.
