INVOCATION . . . . . ? ? ? ?  
FINEMASTER . . . . . DENNIS DURKIN  
PROGRAM . . . . . ? ? ? ?

Well... We're off to a great start with no information from the chairperson of programs, MIKE RYAN, and the chairperson for invocations, LES BROOKS. As you can see, LINDA McCRONE was right on the ball and got me the DENNIS name promptly. Thank you!

This is the first official meeting for our new president, STEPHEN A. MIKULIC. To my knowledge no impeachment committee has been formed yet but it could happen any time. I think they are waiting to see how the first meeting will go.

As is evident from what you are reading, I'm back! Pres. STEVE has set up a committee to edit the Spoke this year with each person taking a month of duty. This should offer a good and stimulating readership as you won't know what to expect from each of their styles. As it now stands, here are the members on the committee:

- DENNIS DURKIN
- BOB RUTHERFORD
- BILL CONKLIN
- BOB PIERCE
- ALAN BOSTWICK
- JUDY COOPER
- LESLIE COBB
- BILL BERGLER

>>> OLD NEWS <<<

On June 26th there was a combined meeting of the new and old Board of Directors at 7:30 in the morning. Here are some of the activities that were reported at that meeting. Our attendance for the month was 76.7%. (not very good!) Membership stands at 68. It was announced that we had received resignation letters from CHRIS BART and DON HELBUSH. DON has been a member of this club since August of 1960. He has been a constant worker for the blood bank and is responsible for a 88

pint credit which the Redwood City Rotary Club has. DON and Doris have been constant supporters of this club since the beginning. It was noted by the Board that both DON and CHRIS will be missed.

Three honorary memberships were approved for this coming year: LYLE EDSON, ORV GRAVES and HAL HJERTBERG.

Only 16 persons out of the 68 members have paid their dues. We need the funds to continue our service so please write that check.

Redwood City Rotary has received an award from the Salvation Army for our assistance.

The International Committee, (RON KOSTER) requests a date in August for a program at which time a Rotary Scholarship recipient will address us. Pres. STEVE is consulting with the program committee.

The Vocational Committee will begin operation when school is back in session.

The Special Events Committee says the deadline for ads in the Jazz Festival program must be in by July 20th. Please have your ad made up by then. If you need help see CATHY CROSSGROVE!

Under "Old Business"...after the profit split on the golf tournament we made \$500.

The Peninsula Evening Rotary Club only has 10 members and therefore will no longer continue.

The next Board meeting will be on July 17, 7:30 a.m. at the Court House Cafe.

It was noted that Dr. BOB DURKIN was in Sequoia Hospital for surgery and that he was doing well.

>>>> L A S T S A T U R D A Y <<<<

Our Regular meeting was held at St. Pius Church and it was a grand affair with DENNIS DURKIN in charge. Past Pres. CHUCK was rightly roasted by the likes of BILL BERGLER and BILL CONKLIN. The glare from CHUCK'S head was dulled a bit by the nice hair-piece furnished by BILL. MARIO was in charge of the food, and as usual, prepared and served an outstanding "bill-of-fair". There were quite a few "no shows" which was too bad as DANI and crew did an outstanding job of decorating with the Italian theme. P.D.G. BILL CONKLIN did the formal swearing in of the new Board and officers then Pres. CHUCK presented Pres. STEVE with his accoutrements of office. The gavel was presented to STEVE and he didn't have it 5 minutes until it disappeared. He has got to devise some kind of a better system of retention than that! It was a great evening and for those of you who decided not to go, you missed a great party. DENNIS did a great job of pulling it all together. Not an easy task!

Being the first official meeting of Pres STEVE, PDG SID had us raise our voices with "For He's A Jolly Good Fellow" to welcome Pres. STEVE and set him up for the year. ROBERTO MARTINEZ was selected to lead us in the pledge and then BOB RUTHERFORD offered a very thoughtful invocation which embodied the tenets of Rotary.

#### >>>> ANNOUNCEMENTS <<<<

Pres. STEVE pointed to FRANK PARCELL and us all to recognize the great job he did with the 4th of July sausage booth. FRANK really does a lot to make this fund raising event a success. With the help of DANI GASPARINI, as the organizer, and her other assistants, a lot of sausages and beer were sold. We should hear about the profits this week.

BOB RUTHERFORD passed out the sign-up sheet for the Giants Rotary ball game. If you didn't get to sign up last week the list will be around again this week. Let BOB know how many tickets you want!

INVOCATION ----- DANI GASPARINI

PROGRAM ----- CLUB ASSEMBLY

It's a new year! It's time for you to tell your board what you expect for this year. It's your club! If you don't let your feelings be known then you only have yourself to blame for not letting the board know what you want from your Rotary club. Now is the time!

The Democrat convention was all over the T V so Dr. GRUMAN had us all sing "GOD Bless America" and then RON KOSTER asked a blessing on us all by HIM. Then, just to be a little different, Pres. STEVE asked ED NISSAN to lead us in the pledge. This order of events really confused RON KOSTER. Let's not do that again!

GREG ROOS went to the podium and introduced BOB DOSS whom he sponsored for membership into Redwood City Rotary. It is always exciting to welcome a new member into an association that has the stature internationally and provides a basis for world understanding as Rotary. Because BOB has joined us we are now stronger and will be able to share with him the accomplishments of a world-wide organization dedicated to peace and understanding. Welcome BOB and we will look forward to having lunch at your table.

(P.S. Where the hell is his bio? Let's get that stuff to me!)

> > > > ANNOUNCEMENTS < < < <

P.P. CHARLES asked DANI GASPARINI, Executive Director of the YMCA and Bob Franceschini to come to the front and he then presented a check for \$9,750 from Redwood City Rotary to the children of Redwood City. This is the colmunation of a year of effort by us all toward raising funds for various community causes. The YMCA is responsible for the lives of many young children and we help make their security possible. Their lives are much better for our combined efforts. Let's never forget what we are about!

BOB RUTHERFORD is working hard to make Sat. Aug. 1 a great day! He has tickets to the Giants game and is arranging a special tail gate party. I hope you have signed up! If not, see BOB and let him know you and others want to share this fellowship. It's a good deal for only \$12.00!

GUY THOMPSON reminds all members that Redwood City Rotary has Rotary items for sale. Like membership buttons, golf tee's hats, pens, license frames, decals and many other items. Support your club and purchase items for gifts or your own use.

ROSEMARY AZEM wants your support with an ad for the Jazz Concert program. Everyone in the club should contribute an ad, whether you have a business or not you can buy a "good luck" ad or ask your cleaners, service station, grocery store to help you out with an ad. Today is the day! There's no tomorrow!

ALLEN GRUMAN reminds us that in Oct. there will be a brunch cruze on the bay to support the Rotary Foundation. Seating is limited on the boat so see ALLEN now and get your tickets. If you wait until Oct. you will probably miss the boat.

JUDY COOPER is trying very hard to do a good job of organizing the visit by the Japanese visiting students and some of you are not helping. She passed out a calendar showing the days where she needs help. Tell her where you will do your part!

Pres. STEVE said that FRANK PARCELL, DANI GASPARINI and committee earned \$1,548 for Redwood City charities from the 4th of July booth. Congratulations to you all.

> > > > FINEMASTER < < < <

CATHERINE ANN CROSSGROVE, the owner of Print Wise, was the money collector for the day and I was the first one to pay because I can't spell her name right. Kathy is a printer and is sensitive to correct spelling, therefore I know she is right when she say's that I can't even spell my own name! Thanks, Mrs. COSGROVE for pointing out my errors, I'll try to do better in the future. \$5 for GREG ROOS...put his wife to work! BILL REINHARD doesn't know CATRINE when she is not at a Rotary meeting. DICK DODGE screwed up again, lost his coat! BOB DOOLEY got all the BOB's fined. Good job KATI.

I'm out of roon! We had a great program about the S.F. Symphony and I can't tell you about all the improvements. Maybe the next bulletin. I can't report on the Board meeting either except to say that PAUL KECKLEY resigned. More to come later. 30 MI

Song by Dr. GRUMAN, "My Country Tis of Thee"... Pledge by new member, JOE DOMBEK ... A Rotary invocation by DANI GASPARINI.

> > > > FINEMASTER < < < <

FRED STRATHDEE was the man of the hour and held a rather unique quiz of the members. His wife is a nurse and therefor that was the subject matter for the day. FRED pulled out a very old medical text and asked us about ways they used to do medicine! Things like blood letting, what to do for a tooth ache and how women received special treatment because of their nature. It was a very entertaining session and worth the \$5.

> > > > PROGRAM < < < <

Our program chairperson for the month of August is DAVE SCHUTZ. It is DAVE'S intention to be present to introduce the speaker each week...barring a heart attack or an invitation to fly the Concorde to London as a special guest!

P.D.G. SID announced that we were going to practice for our singing debut as a corral group to sing "Oh What a Beautiful Morning", from the show Oklahoma. Today we will be before the cameras to record the event. Are you ready? CATHIE CROSSGROVE, (also known as Cathy or Kathy as BOB PIERCE has it.) led us in the pledge and as scheduled BOB BOLAND asked HIM to be with us as we work our Rotary lives.

>> FINEMASTER <<

P.D.G. SID wanted to take the opportunity to recognize special

members for their contributions. PETE HODGSON either is a new grandfather or will be one this month. (I didn't get it! sorry) TOM DELFS is one of the few members who has become a Rotary Benefactor, a special project of SID's. There were many more that were recognized for their efforts but none quite as significant as those mentioned above. A good job and just what being finemaster is all about.

>> PROGRAM <<

Our own member, Dr. NORM FENTON, a view of the British National Health System, gave us a better understanding of how a national system operates. First of all, you have to convince the Brits that it is not a form of charity. They are naturally a very proud and self sufficient people and want to take care of their own problems so it was not easy, at first, to gain acceptance by the populous or the doctors. The average patient load for Dr.'s is about 3,000 and they are paid by the names on their patient list. They must have a min. of 20 hrs. per week and must have some evening hours. The balance of time is spent on house calls. There is no malpractice suits to speak of and because abortion and advertising are illegal, there is none. A working person has about \$12 deducted from his check each week and the employer pays about \$8. The feeling is, It won't work here! Thanks NORM for proving that our most interesting programs come from our members.

>>>> SOME ANNOUNCEMENTS <<<<

Pres. STEVE asked you members to please pay your dues! The money is needed by the club to meet it's budget. They were due in July and it's now August! I will soon publish the names of those who are delinquent so get your check in to BILL REINHARD now.

JUDY COOPER thanked SID, LESLIE, ED NISSAN, DANI, FRED STRATHDEE for being host families for the visiting Japanese students and said she was leaving for Australia leaving LESLIE in charge while she is gone.

BOB RUTHERFORD announced that MEL ANISMAN had agreed to fund the children from the Boy's and Girl's club so that they can attend the Giants game on Saturday. "He Profits Most Who Serves Best." Thanks MEL.

ROSEMARY AZEM wasn't too happy with our Jazz festival program advertising. It wasn't because ROSEMARY didn't try! Now will you please get off it and sell those tickets? Come on...support your Club!

ALLEN GRUMAN has \$57 tickets for the Foundation Brunch. Better get them now, and not wait till Oct. 11 as there is limited seating on the boat. They will have some great raffle prizes and you can get tickets from ALLEN, only \$10 each.

P.D.G. SID did the honors as leader of song by starting us with "Oh Beautiful for Spacious Skys" and announced that our appearance on his T.V. will be this week. Are you ready for "Oh What A Beautiful Morning."? ... President Elect, SAM DAFNIS, led us in the pledge and, as scheduled, Past President DENNIS DURKIN offered the invocation.

>>>> ANNOUNCEMENTS <<<<

During the introduction of visiting Rotarians, one of our past members was introduced as visiting our club again. Bob Frjberhouser has traveled the world and is now trying to establish Rotary Clubs within the old Soviet Union during his frequent visits. Nice to see and talk with Bob again.

Pres STEVE is urging all members to get their dues in to treasurer BILL REINHARD. They are past due!

ROSEMARY AZEM wants your money for the Jazz Festival tickets since you all have received your 10 tickets to sell, give away or donate. Please do it now!

Dr. ALLEN GRUMAN has tickets left for the Foundation brunch on the bay in October. Don't wait 'till later as there is only so much room on the boat and I know you don't want to "miss the boat".

BOB RUTHERFORD announced that the Giants ball game trip was a success thanks to those few members that participated. 25 children from the Boys & Girls Club got to have a tailgate and ball game thanks to MEL ANISMAN. BOB also had a long story to tell about his trip to candlestick when his car quit running on the freeway. (He had the tickets and 3 of the kids!)

LESLIE COBB is taking the youth exchange young people to Yosemite next week. Why don't you ask this hard working lady if you can help? (Service Above Self ... He/She Profits Most Who Serves Best)

>> FINEMASTER <<

PETE HUGHES didn't waste any time in fining BOB RUTHERFORD for his long auto story and then warned the rest of the group that they could join the Presidents Club for \$75 and be fine free for the rest of the year. Not having any takers he had one of the Japanese visiting young men help him fine their host family members present. As the fining progressed it was inevitable that BILL BERGLER should be fined for his vacation to the Virgin Islands! As always, PETE does an entertaining job of raising money.

>> PROGRAM <<

John Clinton was introduced by program chairman, DAVE SCHUTZ, and brought us his view of the newspaper business as he is President and Publisher of the San Mateo Times. All the Bay Area newspapers are suffering badly due to the tough economic times. They all depend upon advertising to support the paper and create the necessary cash stream. There has been a very marked retraction in advertising dollars as both national and local businesses respond to the condition by down-sizing their operations. Mr. Clinton was not optimistic about improving conditions in the future. He pointed out that today, only 50% of the population reads the newspaper. 23 million Americans can not read a newspaper or magazines! But they can watch T.V.! With all the choices available, for information, and the advertising dollar, it is going to become more and more difficult to survive. Fiber optics are revolutionizing the communication business and will soon put copper wire out of business for communicating. Each home, in the future, will have a communication center which will serve all the family needs. For a newspaper to survive it will be necessary for them to become highly targeted and they will have to charge more to their subscribers. They will have to become more involved in their communities and do more in depth reporting of those activities.

With the Olympics just finished, SAM DAFNIS used it as the theme for his extracting funds from the members. Although many of us watched it seems that we didn't know who won how many medals. >>>ROTARY FOUNDATION SCHOLARSHIP<<<

Dr. RON KOSTER introduced Lisa Young our recipient of a Rotary Scholarship to study for a year at Hong Kong University. Lisa lives in Redwood City and expressed her gratitude for the opportunity to travel to Hong Kong. She attended the host Rotary Club in Hong Kong each week as well as speaking to several other Clubs in the area. Lisa says that the grades at the University were not as important as being a good ambassador and breaking down the stereotype of an American. This was particularly hard for Lisa as she is Chinese-American and this made for some interesting confrontations. A very interesting and articulate young lady.

>>>>PROGRAM<<<<

San Mateo County Clerk, Warren Slocum, former member of our Club, brought us an interesting program with the display of the new voting machines for San Mateo County. These will supply almost instantaneous results and should save the County some money. They are fast and accurate and easy for pole workers to operate. The machines are rented for the election thus saving a capital investment. A very interesting and positive program.

Bob Stiffly led "America" but fell apart by starting "Smiles" at high C. Pledge by Schricker and Invocation by Gary were carried off in commendable fashion.

> > > > THE PROGRAM < < < <

Wendy Lewis, Rotarian from the Peninsula Sunrise Club, provided an informative and romantic insight into what is happening in the former Soviet Union.

Wendy answered one of the many letters sent to District 5150 as a result of Novato Rotarian Meredith Browning's ad in Pravda. She developed a "pen pal" relationship with "a 57 year old Godless Community" (her quote).

Last month Wendy went to the Ukraine and brought this Godless Communist home with her. They are now married. Her new spouse is Mikaihal Rakova a think-tank scientist from the Ukraine.

Mikaihal spoke beautifully about life under communism, life with Wendy, life in the USA, life in general. He spoke of compromises in life and in marriage. He said he wanted to give his talk in Russian without notes. Wendy wanted it is English without notes -- compromise -- he spoke in English with notes.

## NEWS & NOTES:

### 10th Annual Dixieland Jazz Festival

Tickets and other information for the 10th annual DIXIELAND JAZZ FESTIVAL - produced by the Peninsula Rotary Clubs, being held this year at the San Mateo County Fairgrounds and ExpoCenter Friday, Saturday and Sunday, September 11 through the 13th.

Each of you has ten tickets to sell, "buy 'em or sell 'em." We must sell at least 4 tickets each to make money. Beyond that it's a great source of income to our club. R.C. Rotary's participation in this big event has been nominal up to now. We need and it would really be fitting if we could come up with a big showing.

Keep in mind that while it is indeed all for a good cause, what you're selling here is itself something truly terrific. Buyers of these tickets are getting a show with every buck of it. So, get going!

#### AVENUES OF SERVICE:

In 1922 the RI convention refined the "objects" of Rotary. The early versions had emphasized the "business motives" but the gradual evolvement of goals reflected concerns common to a new organization; e.g., in 1910 the first object was "to extend and develop Rotary principles by the organization of affiliating Rotary clubs throughout America." In 1912 five objects covering things as promoting the worthiness of all legitimate occupations, encouragement of high ethical standards, increasing efficiency by exchanging ideas, promoting acquaintance, and quickening the interest of each member in the public welfare and civic development were adopted.

In 1915 a sixth object was added to the club objects, "to stimulate the desire of each member to be of service to his fellow men and society in general." There were six objects until 1935 when the Mexico City Convention adopted four objects. In 1951 the convention agreed that Rotary had only one object with four parts. These parts, then, became the "four avenues of service": club, vocational, community, and international respectively.

#### SEPTEMBER YOUTH ACTIVITIES MONTH:

Why does Rotary set aside a special month for youth? Here's one good reason: Youth is Rotary's long-term investment in the future of the community, the nation, and the world! So, circle **September** on your calendar. This is the month when all members should appraise their work with young people. Are we helping them develop their abilities, particularly in leadership and citizenship?

Our Board has already taken steps to support youth activities by authorizing the purchase of Honor Plaques for Sequoia High School. Our Vocational Service Committee is reviewing a request from the Regional Occupational Program for scholarships to youth pursuing vocational careers and our Community Service Committee is reviewing the Adopt-a-School program. Our Youth Occupational Information committee is planning to put youth with a particular interest in touch with our members with expertise in such area of interest.

Choirmaster Sid conducted a rousing rendition of America. Bob Doss piloted the pledge and Norm Fenton evoked the almighty. Dooley delighted in divesting the docile of dollars and President Mik frittered away the time.

> > > > THE PROGRAM < < < <

Our ultimate charter member Dave Schutz once again came up with one of his great programs.

Zoie Kaye of Instar Communications showed us the process of effective thinking -- using our right brain by imaging. She said we could remember twenty items then and forever more.

How did you do? What is missing? Pen, computer, \_\_\_\_\_, hat, \_\_\_\_\_, dollar, chair, potato, table, clock, \_\_\_\_\_ lamp, store, sewer, \_\_\_\_\_, football, garbage can, \_\_\_\_\_, Bar-B-Que Pit.

Zoie showed how to plan divergent presentations for different groups. We must recognize diversity in the way people think and process information. Once we distinguish these dissimilarities we are able to formulate our communications with a technique comprehensible to all. We will talk in words people can understand.

Zoie said we only use 2% of our brain power -- probably sad but true. She was entertaining and instructive. Two thumbs up!

#### **HONOR - HONOR - HONOR**

The Heritage Club of Redwood City is paying a tribute to one of the great local service institutions, the Rotary Club of Redwood city. Hay, that's us! How about that! No way!

Alas yes, it's true we, repeat WE, will be honored at a dinner on October 4, 1992 at the RWC Elks Club. Put this event on your calendar. It's a great honor and the least we can do is show up in force to receive the accolades. The Heritage Club deserves our support. Dave deserves our support and Rotary of Redwood City deserves our support. Let's make it a party to be remembered by all.

#### **URGENCY:**

All things are done against a sense of urgency. Time has come to consider the Foundation Dinner and Jazz Festival urgent. Don't wait 'til next week. Meet the urgent need and respond to make these events a success.

#### **TASK FORCE:**

Our own PDG Bill Conklin has been tapped by RI President Cliff Dochtorman to join one of Cliff's Task Forces. President Cliff has done away with Rotary's Committees and replaced them with regionally balanced bodies of Rotarians to emphasize and train in the Avenues of Service.

Bill is the Western US and Canada Vocational Service Task Force member. With October (Vocational Service Month) coming up he is attempting to create an awareness of this least travelled avenue.

RI has put Rotary Volunteers into Vocational Service. This and the committee changes made in 1988 give clubs great "hands on" opportunities to promote vocational service in their clubs and communities.

The 1988 committee structure of (a) Career Development to promote apprenticeship programs, career planning programs and re-training adults for new vocations; (b) Vocation at Work to generate new jobs within the community, placing retirees in volunteer and part-time positions, addressing drug and alcohol problems in the work place, promoting positive relationships in the work place, and applying and promoting the 4-Way Test; (c) Vocational Awareness to recognize worthiness of all useful occupations giving classification talks and conducting tours of members' businesses; and (d) Vocational Awards Committee to recognize vocational excellence and high ethical standards. These committees give us hands-on opportunities.

Tenor Allen Gruman led the rest of the tenors in a rendition of School Days followed by the "high C" version of Smiles. The baritones were left to mouth the words. Les Brooks led the pledge and the Invocation was Dooley given by Past President Bob.

> > > THE PROGRAM < < < <

Dr. Norm introduced Leslie Temanson of Food for All. Les told us about the Public Benefit Corporation which has a long-term goal to eliminate hunger in the USA.

Les lived in Africa for 15 years and knows the problems of third world countries and how some of these same problems exist right here at home.

He told us how the face of hunger has changed from that of the hobo, bum and wino to that of the young, families with small children, women and the unemployed. There is a spiral of poverty that starts with the loss of a job, then the loss of savings and finally, the loss of home and hope.

Food for All hopes to reverse this and provide hunger-free communities.

Here's how it works: When we check out of a grocery store we take a "Food for Hunger" ticket and its value 50 cents; \$1; or \$5 is added to our bill. The money, less 10% for expenses is all used for food. What a painless way to help.

Urgent - Jazz Festival - Plans need immediate firming. SEE YOU THERE?

Foundation Dinner tickets and raffle. The Jazz Festival is behind us (almost) and the next urgency is the Foundation Dinner. This is our big annual fund-raiser for the Rotary Foundation.

Make someone a Paul Harris Fellow or at least a Sustaining Member. Tickets to the raffle are a great incentive to go with the donation.

Plan on being at the Brunch October 11 on the Hornblower. Great fellowship with a new format.

### District Doings:

Governor Tom Bormes is deep into Club visits. Our visit is scheduled for November 3. We should be ready, however, sometimes an additional thrust is necessary. Now that Labor Day is behind us it's time to hit the Four Avenues of Service with vengeance. We no longer have the lethargy of summer as an excuse. Let's gear up for participation in Gov. Tom's programs for good ol' 5150.

The District is working with the Novato Club on a Project in the Ukraine. We are attempting to take the lead in revamping Vocational Service, and, as always, we have outstanding community service projects.

Gov. Tom is Host Governor for the Zone Institute September 17-20 in Burlingame. The Institute is generally for DG, DGNs and PDGs, however, this year we are all invited to the Thursday dinner where RI President Cliff Dochtorman will be the featured speaker.

Tenor Allen Gruman found a nice baritone start for the singing. "Smiles" actually came out as a rousing rendition in an appropriate key. Merle Fruehling led the pledge and Les Brooks provided the Invocation. Bob Pierce provided a "fun for all" fine session which entertained the non-rotarians and raised cash for the treasury.

### > > > THE PROGRAM < < < <

Norm Fenton introduced Mr. Lauren who spoke of special problems of aged people maintaining eyesight. He told us that standard myopia, hyperopia, astigmatism are common problems which are mechanical in nature and correctable with eye glasses. More severe problems are

macular degeneration (inability to focus on the center of the image before the eye), glaucoma (tunnel vision) and cataracts. Some of these diseases can be treated by medication.

Age by its very nature impacts vision. As we grow older we become light sensitive and it takes longer for us to accommodate when moving from dark to light. It is essential that medical care of the eyes be continued with the aging process. A specialty has arisen within the medical community of low vision optometry which deals with legally blind people who can be helped.

Mr. Lauren indicated that the best method of reducing deterioration of the eyes is to block out ultraviolet and infrared rays through appropriate use of sun glasses.

> > > > LAST WEEK < < < <

PDG Sid's choir belted out the songs --- For He's a Jolly Good Fellow in honor of the return of Bob Durkin and Tom Delfs, both of whom were on the IR list for the mandatory six weeks. (Nice to have them both back.) The pledge was led by naturalized Past President Charlie Bulante and the Invocation supplicated by Linda Schmidt.

> > > > THE PROGRAM < < < <

Dr. Norman Fenton, whom it was pointed out is the one and only physician member of the Rotary Club of Redwood City, continued medical information month by introducing Dr. John Rose. Dr. Rose talked to us about emotional and psychological problems, especially in the elderly. His major field of study is depression. He indicated that symptoms of depression generally last for a minimum of two weeks. They involve poor concentration, loss of sleep, low energy, and a feeling of hopelessness.

He offered the statistic that the highest suicide rate of any group in the United States is older white males. Makes one ponder in the middle of an economic downturn such as we are experiencing throughout the world today.

He stated that depressed people have distorted thought patterns. They continually put themselves down by filtering out positive responses and only accepting negative.

Dr. Rose stated that therapy can work in some cases and that behavior modification can help in approximately two-thirds of the people suffering the disease. A period of treatment is eight weeks in the young and three to four months with older people. He further stated there is no way to predict who will be treatable inasmuch as there are too many variables in evaluating a case.

Depression can be serious and in some situations lead to self-starvation. It is imperative that people suffering from depression involve themselves in social experiences, mix with other people, join clubs, become productive, volunteer time.

#### **NOTES:**

Team Hughes takes the lead with six points as of 8/25/92. Tight End Charlie Bulanti has scored all six points for the Hughes Team. Way to go Charlie. Tied for second place with three points each is Team Schmidt and Team McCrone. Center, Leslie Cobb scored the three points for the Schmidt team and quarterback Bob Dooley scored for the McCrone team.

Pre-season is over and tensions are high. Team Gasparini takes the field first. Our Bookies have ranked the teams accordingly.

Team Gasparini kick's off their season with a solid three points. It was an empty stadium as only one fan was present at the opening game September 1. Scores stand as recorded: Team Hughes - 6 points; Team Schmidt - 3 points; Team McCrone - 3 points; Team Gasparini - 3 points; Team Mikulic - 6 points.

> > > THE PROGRAM < < < <

Dr. Norm Fenton, our one and only physician member of the Rotary Club of Redwood City, continued medical information month by introducing Dr. Ellen Brown, Geriatriest. Dr. Brown also practices in the field of nutrition for the elderly. She stated it is easier to gain weight as one gets older so intake of calories should be reduced as one ages. She stressed the need for a balanced diet of the four basic food groups, however, stressed limiting of fat to prevent weight gain. She stressed the use of chicken and fish to provide protein and suggested that rice and beans could be a meatless alternative. She indicated the need for complex carbohydrates as opposed to consumption of sugars.

> > > NEXT WEEK < < < <

Finemaster will be today's Invocationist Tom Delfs and Invocationist will be Rev. Mike Ryan. The program will be one of the highlights of our year as our speaker will be Leonard Koppett, author and editor

Americas of the Peninsula Times Tribune. Mr. Koppett writes a column for the Times Tribune which may be found one day in the sports section and the next day on the political page. He also is a great editorialist and a dynamic speaker. He is one of the two true renaissance men of our age and can handle any topic including politics, sports, the arts, history, geography, etc., etc. Perhaps we should sponsor Mr. Koppett for an appearance on Jeopardy. Nonetheless, this is a must attend meeting as Mr. Koppett is one of the best speakers on the Peninsula.

#### **HERITAGE DINNER HONORING RWC ROTARY**

Today is the last chance to sign up for the dinner October 4, 1992 at the RWC Elk's Club. Opening at 17:00 (5:00 P.M.) with dinner at 18:00. Put this event on your calendar. It's a great honor and the least we can do is show up in force to receive the accolades.

#### **NEWS AND NOTES:**

Time is short for purchasing tickets for the Rotary Foundation Hornblower Cruise on Sunday, October 11. It will be a brunch departing at 10:45 A.M. and returning at 2:00 P.M. Tickets are \$57.00 each and will go to the benefit of the Rotary Foundation. Raffle tickets are \$10.00 each, six for \$50.00.

If you are strapped for cash, you can put the raffle tickets and dinner on your Visa card. We already have three new sustaining members for the Foundation. Their contributions are matched up to \$100.00 by the club. Challenge to those who are not sustaining members to join the group.

#### **OCTOBER - VOCATIONAL SERVICE MONTH**

R.I. has changed vocational service and most Rotarians don't even know it happened. R.I.'s new committee guidelines extol us to do more than the old. The new elements include:

Career Development - Focusing on helping people, young or old, gain the skills or retraining necessary for employment.

Vocation at Work - Increasing employment opportunities within the community, promoting positive relations in the work place, and encouraging fair and truthful practices with associates, employees, customers and competitors which is designed to: (1) Generate new jobs in the community; (2) Place retirees in volunteer and part-time positions; (3) Address drug and alcohol problems in the work place; (4) Promote positive employer-employee relations; (5) Apply and promote the 4-way test.

Vocational Awards - Recognizing members of the community who possess vocational excellence.

**Brother Sid** led the chorus--as a chorus, we are truly mixed. There's no better way to start the meeting. Then **Dave Schricker** led us in the pledge to the fla-ag. Our good friend, **Msgr. Pete Armstrong**, gave the Invocation. **CM (Charter Member) Dave Schutz** extracted the fines in his usual gentlemanly way.

**Dr. Norm Fenton** continued his September programs that focused on health and health care by introducing **Jacquelyn Kelley**, Gerontology Supervisor, Office on Aging, Recreation, Parks and Community Services, for the City of San Jose. And what an informative and interesting person! In 1900 we could expect to live to 45; in 1992 we are living to 72. Many believe 120 possible. We were asked, "How old we thought we were if we didn't know how old we were?" The point is that we CAN live to a ripe old age while leading an ACTIVE life. Exercise is the key--a steady diet of activity--walk or swim to get the heart pumping. Practice our social skills so that they do not decline as the years come and go. To what age are we programmed? How will we live those years? Or will we be content with hypo kinesis?

## REDWOOD CITY ROTARY RECEIVES HONOR

With **Dave Schutz** as Master of Ceremonies, Redwood City Heritage Association President **Charlene Holtman** presented an award to our Club for its service to Redwood City and to Lathrop House. President **Steve Mickulic** accepted. A most nice evening and dinner at the Elks Club October 4. We were well represented by fourteen members, many with spouses. Mystery of the evening: How did **Frank and Maxine Parcell** arrange to win almost all of the door prizes??

## ROTARY FOUNDATION - CRUISE AND BRUNCH ON THE BAY

Absolutely the last chance to see **Allen Gruman** and get your tickets for the Hornblower Cruise on Sunday, October 11. We depart at 10:45 a.m. and return about 2:00 p.m. A great way to join a wonderful cause--your Foundation! This is our annual Foundation event. See you there. Speaking of the Foundation's good work, did you hear the news that *no new cases of polio have been reported in the Western Hemisphere for one year*. Thank you, Rotary!

## OCTOBER - VOCATIONAL SERVICE MONTH (Continued from last week)

Rotary is alone in the promulgation of Vocational Service as a means of serving. There are other community service organizations, there are other international service organizations, there are other fellowship organizations, but there are no other vocational service organizations.

We alone avow the principle of classifications within our membership in an attempt to achieve a cross-section of our community's business and professional leaders.

Of Rotary's Four Avenues of Service, the Vocational Avenue has been the least traveled. Now, however, we have a "road map" to make it a busy thoroughfare of action. It is an opportunity for World recognition and enhancement of our public image, if we use it properly.

**Bob Boland and Guy Thompson** Co-Chair our Club's Vocational Service concerns on the Board, and **PDG Bill Conklin** heads the District Committee.

## ON TO MELBOURNE . . .

The October issue of *The Rotarian* will contain the registration forms for the RI Convention. See **Rosmary Azem** for your travel and tours. Great deals are available for a great time. Registration and travel require separate actions on your part. Make your plans now!

## WHAT'S THE PRESIDENT'S CLUB ?

Your Board has launched the President's Club for those good members who want to pre-pay their fines for the year--and enjoy the presitige of being a President's Club Member. Only \$75, for the year, and you may pass your fines on to the less astute.

New member **John Ulrich** led us in the Pledge. Welcome John. The Invocation was led by old-member **Bob Pierce**. Good to have you with us, Bob. What you read in the Spoke to the contrary, notwithstanding, **Tom Delfs** collected the fines using a good old-fashioned-everybody-pays-quiz.

**Bob Stiff** introduced our good friend of long-standing, **Leonard Koppett**, Editor Emeritus, *The Peninsula TimesTribune*. **Koppett** will discuss anything. We began with comments on the '9ers pass defense (sadly lacking), the As, and the Cal-Washington game. Then we tackled the economy and heard some perceptive comments on how we don't have the traditional dip that will soon (?) get better, but a restructuring with a downward shift. We then polished off "What is/should be the role of government?" The U.S./Yugoslavia situation, the demise of communism--not yet, we still have Cuba and China--and government problems in general. We know **Leonard** cannot be president (he was born in Russia), but the **Koppett Fan Club** doubled in size. Thanks, Bob.

**Bob Doss** introduced himself with his Icebreaker. Born in Oakland, **Bob** later began his dental tech work in Belmont and then came to Redwood City. Bob and his wife, **Marsha**, have two children. He likes roller-skating and basketball, but tennis is his favorite. Welcome aboard, **Bob**.

### **ROTARY FOUNDATION - CRUISE AND BRUNCH ON THE BAY**

What a delightful cruise on beautiful San Francisco Bay! Those who attended were wonderfully rewarded. We won, the RI Foundation won, and a lot of people we will never know will win because the Foundation will be there and it can be there because we care. To all you new members, it is okay to say yes and become a Paul Harris Sustaining Member. Several RWC Club members won prizes in drawing.

### **HAWES SCHOOL NEEDS YOUR HELP**

Hawes School has a problem obtaining paper during these tough budget times. We can get paper in five case lots for only \$21.50/case. We need thirty members, or their companies, to donate \$21.50 to buy a tax-deductible case. Another case of a modest amount on our part going a long way. Bob Stiff has all the details. Please get your check to Bob by October 20.

### **PENINSULA ROTARY COUNCIL**

Here is your chance to see Rotary from the District level. This group meets quarterly. This Thursday, October 15, at 6:00 p.m. at the Presidio Officer's Club in San Francisco. The Club pays for you dinner. While Rotary is based in clubs, there's action at the District level, before going to the international level. New members urged to attend. Join a car pool.

### **DISTRICT GOVERNOR TOM BORMES' CLUB VISIT**

November 3 is the date, but the program will be different. We will not have our regular luncheon meeting. We will meet from 4:30-6:30 at the Sequoia Club, 1695 Broadway, RWC. Refreshments will be served. We urge you to bring your spouse. Mark your calendar. Let's have 100% attendance.

### **DID YOU KNOW ?**

As we meet, so do 1,144,451 Rotarians world-wide. They belong to 25,900 clubs (501 districts) in 184 countries and geographical regions. Our big Polio Plus campaign has received \$234,026,148 in cash. Polio is on the way out! Next, do we tackle the environment? What will be our Club's next project--in Redwood City and/or someplace else in the world?

**Don't forget** -- Put your name down for a case of paper for Hawes School . . . See you at the Peninsula Rotary Council . . . Mark your calendar for our DG Visit, and bring your spouse or another friend. Bring both.

> > > LAST WEEK < < <

Our opening songs led by **Sid Berlin** . . . Invocation by **Mike Ryan** . . . and **Charlie Bulanti** led us in the Pledge . . . visiting Rotarians . . . and **Linda McCrone** introduced her guest. Finemaster **Joe Dombek** was backstopped by "**Judge**" **Dennis Durkin**--never in doubt, and rarely right. Our judicial system may recover.

**Bob Stiff** introduced **Father Miles O'Brien Riley**. A product of St. Patrick's Seminary in Menlo Park, Gregorian University in Rome, and a few places in between, Father Riley has headed the S.F. Archdiocesan Office on Information since 1978--a ministry of the mass media. He has written five musical comedies, ten books and hundreds of articles and reviews. He has produced and directed eight films and hosted more than thirteen hundred TV and thirty-five radio programs. His comments to us came from his travels to more than fifty countries over the past few years to conduct training workshops in communications. What a spellbinding uplifting performance. We left feeling that we had been with a great friend and teacher whose comments might be summed up

as, "Americans have much to give, and much to learn." A chuckle from his book, Promises To Keep. A sign posted in Germany's Black Forest: "It is strictly forbidden on our black forest camping site that people of different sex, for instance, men and women, live together in one tent unless they are married with each other for that purpose." Thanks, **Bob**, for a great program.

### **HAWES SCHOOL NEEDS YOUR HELP**

Hawes School has a problem obtaining paper during these tough budget times. We can get paper in five case lots for only \$21.50/case. We need thirty members, or their companies, to donate \$21.50 to buy a tax-deductible case. Another case of a modest amount on our part going a long way. **Bob Stiff** has all the details. Please get your check to **Bob** by October 20.

### **DISTRICT GOVERNOR TOM BORMES' CLUB VISIT**

**November 3 is the date**, but the program will be different. We will not have our regular luncheon meeting. We will meet from 4:30-6:30 at the Sequoia Club, 1695 Broadway, RWC. Refreshments will be served (Cost \$7.50/person). We urge you to bring your spouse. Mark your calendar. Let's have 100% attendance. The meeting will end in plenty of time for you to vote.

### **NOTES FROM THE BOARD MEETING, OCTOBER 16th.**

**Holiday Party** -- Plan now to attend our Holiday Party, Thursday, December 17th, at the Redwood City Elks Club. There will be no meeting on December 22nd. Stay tuned for full details.

**Club Service Project -- Adopt-a-Highway** Your Board is considering a plan to "adopt" two miles of I-280. We may invite the other two RWC Clubs to share the honors. You will soon be fitted for your orange jacket. Just kidding. We can help make this major highway better looking.

**Jazz Festival Results -- Rosemary Azem** reports the latest unofficial returns for the Club: From ticket sales \$4,382; and advertising \$1,657; for a total of \$6,039. **Thank you Rosemary!** and all those who helped make this our best ever Jazz Year.

**Membership & Attendance** -- We now have 65 members and two in process. Our goal: 71.

**Hurricane Andrew** -- The Club will be contributing to the District's Emergency Fund. Member's contributions also welcome. Get your checks to **Bill Reinhard**.

**Rotaplast-Chile** -- Rotary's at it again. This time the San Francisco Club, with **Kay Clarke** as the Project Leader and other District 5150 Rotarians, is sending a team of 35 doctors, nurses, and Rotarians to Chile to perform approximately 120 free reconstructive surgeries on children born with cleft lips and palates. Surgical repair of these deformities will allow the children to go to school, learn a skill, and eventually be a productive member of their families and communities. Total cost of the project: \$350,000.

**Next Board Meeting** -- November 20. Remember, all members are invited. Those with **pink badges** are required to attend as they "work off the pink."

Our opening songs led by **Sid Berlin**. We sure sound great! . . Invocation by **Orley Anderson** . . and **Stan Silverstein** led us in the Pledge . . . visiting Rotarians . . and we were pleased to have from Hawes School. Finemaster **Bill Conklin** found yet another way to plug the Down-town Gala, and hit us up on a bit of Rotary trivia.

**Dr. Eric Gottman**, Professor Emeritus, College of San Mateo, was introduced by **Bob Stiff**. **Dr. Eric** then proceeded to talk about the Current Political Situation--and, we do have a "situation"--as he sees it. In his opinion, all three major candidates for president have great strengths, and great weaknesses--unfortunately, none are outstanding. **Bush** is best equipped and prepared to be president, but he has had no breaks, no luck (the economy), and made a few bad decisions, including Quayle. He's his own Dr. Jekyll and Dr. Hyde. **Clinton** is not really experienced and as well equipped to lead, but he appeals to the younger voters. **Perot** has had no

political office experience, and doesn't seem to have the temperament for political life. He has, however, made a BIG contribution to the campaign. Has caused the other two to focus on the economy. Result: Not much difference who wins. **MAJOR PROBLEM: THE DEFICIT!** Dr. Eric caused us to think about the candidates and a few of the issues. Good program. Bob, thanks, again, for four outstanding speakers during October.

## DISTRICT GOVERNOR TOM BORMES' CLUB VISIT

**November 3 is the date--next week !!** The program will be different. We will not have our regular luncheon meeting. We will meet from 4:30-6:30 at the Sequoia Club, 1695 Broadway, RWC. Refreshments will be served (Cost \$7.50/person). We urge you to bring your spouse. Mark your calendar. Let's have 100% attendance. You will enjoy this opportunity to meet and chat with your District Governor. DGs come from other clubs in the District, too, you know.

The meeting will end in plenty of time for you to vote, or vote at noon, or vote before going to work. Whenever, VOTE !

## THE ROTARIAN

Your October issue has arrived. **Just browsing . . .** Registration form for the RI Convention in Melbourne (pp. 55-56) . . . To celebrate the 500th Anniversary of the journeys of Columbus there are two interesting articles, "The Hazardous Journeys of Christopher Columbus" and "In the Wake of the Navigator." Good reading . . . Speaking of Vocational Service, check out the story "Strange Behavior: Odd but True Tales from the Workplace." Doubt if the election year has anything to do with it, but the review of The Patron Saint of Liars looks interesting . . . Our Australian GSE team friends have returned home, but here's a fun article "Boomerangs Down Under--A remarkable flight through history" Strange how Australia keeps coming back to us these days . . . Past, but not forgotten, "The Children of Chernobyl" Rotarians are doing something pretty wonderful . . . read it. . . . Then we breeze through "The 4-Way Test: Can it work in today's society?" A good question, [ed.] but the answer is, "It must!" A brief glance at "Rotary newslines" to see that RI President Cliff will have the most frequent flyer miles in history, and "Rotary at a glance:" for the latest statistics . . . and more, a lot more. Don't miss it.

**Next Board Meeting -- November 20.** Remember, all members are invited. Those with **pink badges** need to attend as they "work off the pink." Want to see that things happen in your Club? Know your committee chair people, and then have breakfast with the doers in your Club.

**See you next Tuesday chatting with District Gov Tom.** Like most DGs, not a bad guy, once you get to know him. Check him out.

It's been fun being your editor-for-a-month. See you around. BR

### Dani wins big, top vote getter in history of Redwood City Council race

#### >>>> A Special Note <<<<

Long time member, John Wooley, lost his wife unexpectedly October 31st. Dorothy was 67 years young. We extend our condolences to John at this time. If you wish to drop John a note his address is on the back of the Spoke.

#### >>>> This Week <<<<

Invocation	Norm MacLeod
Finemaster	Dave Schricker
Program	Rick King, R.I. Director "His name is today".

#### >>>> Calendar <<<<

November 17	Joe Marchi, Center for American Musical, Canada College, "History of Vaudeville".
November 24	Don Banks, RWC PD, "Community Policing Officer".
December 17	Club Christmas Party

#### >>>> Last Week <<<<

Our opening song was lead by Sid Berlin. Because of the special meeting there was no pledge, invocation or finemaster.

Our special meeting at the Sequoia Club was well attended. There were many spouses in attendance. Did you know this Club has three Past District Governors? **George Chaffey, Sid Berlin, and Bill Conklin.**

D.G. **Tom Bormes** meet with the officers and directors for a short time before our meeting. Tom discussed a number of issues from the classification system, to the directory, to fines, to a suggestion we reinstitute the COGs meetings in conjunction with the other Redwood City Clubs. Tom expressed amazement we did away with the missed meeting bills. Tom obviously did not have our experience.

Pres. **Steve Mikulic** had several members report on activities in the Avenues of Service. In Club Service **Dani Gasparini** talked about the World Membership League, a promotion to encourage visitors. Leave it to Dani to add spice and fun to membership. In Vocational Service **Guy Thompson** spoke about our project with Sequoia High School. 118 students participated last year. A bigger turn out is expected this year. In International Service **Leslie Cobb** showed the fun and Club commitment to our International Youth Exchange with the Hiratsuka Rotary Club in Japan. Lifetime friendships are made. In Community Service **Bob Stiff** showed how our partnership with Hawes school has blossomed. Bay Area Bank is also involved and together we are doing great things. Day of the Reader; 16 cases of paper; can food drive; spring clean up; and, even repainting the mural at the school.

D.G. **Tom** took the floor for some very timely remarks. Tom pointed out there will be opportunities January 3rd, and at our own District Conference, to meet R.I. Pres. **Cliff Dochterman**. The District has donated \$32,000 to hurricane relief. Polio Plus is coming to San Mateo County. Can you believe 30% of the incoming kindergarten students in some areas of this county have not been innoculated!

The GSE teams are coming from behind the Iron Curtain. This year Austria (actually Czechoslovakia), next year East Germany, and the year after China. Tom pointed out all our problems can't be solved with a check book. He applauded our hands on projects, and encourage more. Seniors to youth is an untapped market. Our seniors have the time, money, and ability to help our youth keep after school sports open, teach art and music, and just spend time.

**Tom** stated unequivocally apathy is our enemy. Timed to a slide show of the many faces of our young people, Tom asked us to remember the next time we are asked to volunteer, Rotary is dedicated to service above self, not service when convenient. Success is making a difference, not how much money you make.

### >>>> Last Week <<<<

The Chorus, which was in extremely fine voice, was lead by PDG Sid Berlin. The pledge by PP Bob Durkin, and the invocation, which was only slightly shorter than King Richard's program, was given by PP Norm MacLeod.

PP Bob Stiff reported on the upcoming food drive for Hawes School. There will be a large receptible for can goods at our meeting the next three weeks. Please donate generously. Others, including Bay Area Bank, will be donating different food items. Our job is can goods. We will be distributing them, along with the items the other groups collect, December 5th. See Bob Stiff if you can help with distribution. Everyone should be able to help with can good donations.

Our errant traveler, PP Pete Hughes, exploring the world for two months, sent a letter, if that's what it could be called, to PP Alan Bostwick. The letter was written on toilet paper. Pete also enclosed make up cards from East Germany. At last report Hughes was off to Southern Spain and Africa.

Fred Strathdee presented a check from the club to our own Les Brooks, for the Salvation Army, in the generous sum of \$1,462.50. (I think they're taking this percentage stuff a bit far, don't ya think?) Les indicated the Army is coordinating with other agencies for this Holiday season. To few resources to duplicate effort. Les advised there had been a 20% jump in business just this year.

Finemaster PP Dave Schricker was in rare form. Dave lightened the wallets of Gasparini, Summey, Dodge, Mikulic, Strathdee, Mitchell, Reinhard, Brooks, Thompson, Gruman, Martinez, Fruehling, Szpoteck, Bergler, both Durkins, Roos, MacLeod, Bulanti, Boland, Haga, Schmidt, Dafnis, and Dombeck. He picked on council woman, USC grads, Cal grads, the Salvation Army, vacationers, Educators, Sgt. at Arms, Bergler's here, Directors, and pink badgers. What a shining testament to the legal, or was that the oldest, profession. (If you think the print is too small this week perhaps the next finemaster will leave the bulletin editor alone!)

"King Richard", our own RL Director, Rick King, was as eloquent and moving as ever. Rick relayed how he had spoken to clubs where the prime minister of the country was president, and on one occasion, the president was King of his country. Rick indicated it was so refreshing to be in a country where democracy is at work, and a plain old nobody can be president. Pres. Steve took the ribbing in good style.

Rick spoke about the Foundation. RL's Foundation did not end with polio plus. This is the 75th anniversary. Rick described some very touching scenes from his visits to Foundation projects from Ethiopia to India. He described the eye operation where a young mother saw her children for the first time. The Foundation has 9 different types of grants, from Polis Plus, to Rotary Volunteers in Action, to Scholarships, and much more. Money is not given to governments, and every dollar is supervised. Very little money is used for administration; it goes to projects.

To become a Paul Harris Fellow a \$1,000 donation is necessary. Rick pointed out when you finish the first start one for your wife, children, parent, etc. We have several of our own members who are Fellows four and five times over. Each \$1,000 saves the life of about 4 children. 40 plus will walk and untold others will avoid disabling diseases, get fresh water, etc. Rotary International is an International service club, and no matter how much good work we do at home, we must be active in all four Avenues of Service. Rick talked about the things each and every one of have spent \$1,000 on at one time or another. (A watch, clothes, a car, vacation, and the list goes on.) Rick said every once in awhile we need to spend it on life too.

Rick suggested we make an annual commitment to the Foundation. It doesn't have to be a \$1,000. It has to be significant, and regular. The Foundation received 60 requests for \$300,000 or more last year, each a valuable project. Only 7 could be funded. That is too many requests unfunded. The Foundation is doing God's work on earth. It gives life and hope. The need is now. Somewhere a child is waiting. To him/her we can not answer tomorrow. "His name (and need) is today".

If you want more information on the Foundation, or better yet, want to know who you can give your check to, please see PP Allen Gruman or Ron Koster. If you have not started your Paul Harris Sustaining Fellowship (it only costs \$100) you should do so. If you have, and haven't contributed in a long time, why not complete it. The tax year is closing soon.

End PP DJD-Nov. Editor

Please remember to bring can goods for Hawes School. A receptible is by the sign in desk. PP Bob Stiff asks for your support of Hawes School.

If you're interested in attending RI Pres. Cliff Dochertman's lunch/dinner January 3rd please see Pres. Steve. He's trying to put together a table of 10 early.

If you're interested in attending the R.I. International convention in Melbourne next May 23-26 please see Rosemary. She has a package and would be happy to provide you with the details.

The Club welcomed back Joe Souza who has been busy with his new job, manager of the Mt. View Lucky's on San Antonio Rd. Quite a commute, and a testament to Joe's commitment to Rotary.

### >>>> Last Week <<<<

Finemaster Bill Bergler hit just about everyone. Did you know current Menlo Park Rotarian, and past Redwood City member, Phil Schneider, is responsible for 'Here's Burgler'? Paul Young, Allen Gruman, Dave Schutz, and Frank Parcell were allowed to pass on fines in recognition of their selfless efforts in making sure Dr. George Chaffey and Mike Kreiss attend each meeting. It does represent the spirit of Rotary. Bill, being a Cal fan, tagged everyone wearing red (Big Game this weekend). If anyone is keeping records just about everyone in attendance paid a fine.

Joe Marchi, on a sabbatical from Canada College, gave an entertaining program on the "History of Vaudeville". First, Joe explained he was given a semester off to work full time on a production he is putting together from the autobiographies of Rodgers and Hammerstein. Joe reminded us Canada College has the largest collection of memorabilia on the "American Musical Theater" west of the Mississippi. The Smithsonian actually called Joe when they needed something. Canada has EVERY song in any American or English musical ever written. They have the largest collection of sheet music. April 3rd they will have a special program on the musical "Oklahoma". They are working on bringing some of the original cast to Canada for the program.

Turning to Vaudeville, Joe pointed out it started out around 1880. It grew out of the dissatisfaction with the Variety shows of that day which were getting wilder and wilder. Little Egypt was a big hit just before Vaudeville made its debut. Vaudeville was suppose to be clean fun.

Joe interwove a tap of music and comedy highlighting the likes of Blanche Range, Sophie Tucker, Fanny Price, WC Fields, Mae West, Al Jolson, Eddy Canter, and a host of others.

In Vaudeville you started out in the local houses, and if you made it big, you played the "Palace" in New York. If you were really good you usually ended up with Zigfield, and if you became a Star, you moved on to your own revue.

In its day Vaudeville entertained 1,600,000 patrons A DAY, in thousands of Vaudeville houses. There were 12,000 actors/singers/etc. working the circuit. Too bad Sid Berlin was born too late. He seemed to know the words to every song.

\*\*\* W M L NEWS \*\*\*

The crowd is tense ... Temperatures are rising ... The stakes are high! The title is up for grabs---Who will emerge as the winners in the W M L?

To date, team DELFS has pulled a fast one to accelerate into the lead with 14pts thanks to the double teaming, wheeling, dealing, nickle-dime shot gun play sent in by quarterback "STIFFEY". Team DELFS, thanks to QB "STIFFEY", has signed newest member KETCHER to cinch the lead!

At the Nov. 3 election day game, Capt. GASPARINI offered free agent "MIK" a full ride (cookies every month till June) to join her team. Captain BERLIN quickly countered by offering "MIK" 3 new patients. "MIK" delayed the decision by requesting to

consult management. Rumor has it GASPARINI is prepared to withdraw the offer and sign free agent ULRICH instead. Will he accept? ... We shall see!

November was BERLIN country. The stakes are double. Can they pull it off?

The most recent spectacular play goes to running back SUMMEY. (we've never seen "wheels" like that before) Scored 3 pts!

Bad news folks ... The word is out. Waterboy BULANTI was last seen recovering at Agnew State Hospital after trying to pass himself off as Bo Jackson and taking on the entire Dallas Cowboy Cheerleader squad in a game of touch ball. He is on the "injured reserve" list indefinitely. Please send cards care of BO BULANTI !

We are just about 3 months into our league and the standings are as follows:

Team DELFS	.....14pts
" HUGHS	.....11pts
" MC CRONE	..... 9pts
" GASPARINI	..... 9pts
" SCHMIDT	..... 6pts
" BERLIN	..... 6pts
" AZEM	..... 3pts

Meanwhile, team ZIRELLI is still scoreless! Last reports tell us team ZIRELLI was last seen at Florida's Disney World dancing in Mickey's Hollywood Review. If DAFNIS, DURKIN Sr., Shelton, Fruehling or Fenton tell them to trade in their tap shoes for a pair of cleats, return home, and get in this game!

Likewise for team BOLAND. The jury is still out on the whole team. Claiming to have been "set-up" for the charge of robbing 18 photo drive thru centers across the country they plead "not guilty". We hope this matter will be taken care of soon so MAC LEOD, RYAN, BERGLER, PARCELL and SCHRICKER can make an appearance.

The W M L Title is still up for grabs!

Remember, the winning team receives a lunch fit for Eddie DeBartolo ... the rest of you will eat a lunch fit or Bob Lurie, cold dogs, stale popcorn and flat beer.

(Now, before you blow your top about so much space being used up, I want you to know that the above was submitted by DANI and it should be noted that she is trying very hard to get us off our collective "duffs" and get a new member)

PAUL YOUNG, chairman of the Contributions Committee, delivered a message from his committee by presenting a check to Sam Acoff for \$2925 to assist Padua dining room feed less fortunate people. BOB PIERCE presented a check for \$1460 to Kainos. PAUL pointed out that this is just 2 of the groups we help. More Later!

INVOCATION	.....	CHARLES BULANTI
FINEMASTER	.....	JIM NEWELL
PROGRAM	.....	HAWES SCHOOL

The students of Hawes School will present a program of Christmas Carols. They have worked hard to be prepared for the season and we will receive the rewards of their efforts. Are we lucky or what?

### > > > > WHAT'S COMING < < < <

Dec. 17	Our Christmas Gala at the Elks Club
Dec. 22	No Meeting Here! Help the seniors at the Fair Oaks Senior Center.
Jan. 3	Dinner for R.I. Prez Cliff in San Jose
Jan. 15	Board Meeting...Court House Cafe
Feb. 14-21	Rotary Ski Trip...Park City, Utah
Mar. 13	District Assembly
April 17	Auction at St. Pius

### > > > > ANNOUNCEMENTS < < < <

Look for some new twists with our raffle coming in January. This could be a lot of fun and very profitable for the winner.

It's getting late in the month so we need to get our money to ROSEMARY for the Christmas Bash. \$35 per person. Do it now!

How about picking up some Rotary items from our store? We have some neat items in stock. Just ask GEORGE. We need the business and are feeling the effects of the recession so buy something and get us out of debt!

We are down to 65 members and falling...John Zirelli has had to resign because of reassignment of his work. I heard a rumor that LESLIE COBB may have a reassignment too. That leaves two classifications open.

Here are some more classifications that need filling:

jewelry  
pharmaceuticals  
hospital  
hotel...motel  
photography

Do you use any of these services? Ask the owner to come to lunch with you. You get points with DANI if you do!

> > > > BOARD MEETING < < < <

SECRETARY REPORT: November attendance is at 80.84% HELP!!  
Problem with: HACK, SOUZA, KECHTER.  
Samples of Rotary logo's are available for you to use on everything.  
We need someone to volunteer to be secretary for next year as Dr. GRUMAN has had it and done his time. Anyone interested in helping?

VOCATIONAL GUY THOMPSON says that Sequoia High will have a career week starting April 19th.

THANK YOU LETTERS Padua dining room was really thankful for our contribution.

Kay Clark, head of the Rotoplast project acknowledged our contribution to that cause.

CONTRIBUTIONS The following requests were approved as recommended by chairman PAUL YOUNG and committee:

- Service League of S.M. County .....\$200
- Fair Oaks Community Center .....\$250
- District Governor's Ukraine Project.....\$500

> > > > FINEMASTER < < < <

Now here's a guy who really prepares for finemaster! Dr. NORM FENTON challenged the professional members with a request for a definition of words from their particular profession. Surprising how literate those guys were! People like SID and DENNIS, JIM NEWELL, BULANTI, JUDY, JOHN ULRICH, CONKLIN, BOSTWICK and many more. NORM is good at what he does!

> > > > PROGRAM < < < <

PETE HODGSON has brought us some very good programs and Peter Bryan, form Sequoia Hospital, was no exception. There is no way for me, with this limited space, to tell you all the information Peter gave to us. The effects of the new Clinton administration could really interrupt the present good level of health care that is available at hospitals like Sequoia. Peter warned us to be aware of the proposals that will be coming out of Washington.

8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded to others in a business or professional relationship.

AS GOVERNOR CLINTON IS SWORN INTO THE PRESIDENCY CONSIDER THIS

"You cannot strengthen the weak by weakening the strong. You cannot help the small men by tearing down big men. You cannot help the poor by destroying the rich. You cannot help the wage earner by pulling down the wage payer. You cannot keep out of trouble by spending more than your income. You cannot further brotherhood of man by inciting class hatreds. You cannot establish security on borrowed money. You cannot build character and courage by taking away initiative and independence. You cannot help people permanently by doing what they can and should do for themselves." President Abraham Lincoln.

Past President FRANK PARCELL has asked us to consider assisting the Sequoia Hospital Foundation. The Foundation was formed in 1982 to help meet the needs for the funding needed to provide the finest medical services anywhere. He suggests that we might give an annual amount of money or perhaps fund a much needed piece of equipment. Good idea?? Tell PAUL YOUNG, chair of the contributions committee.

As we start 1993 I want to take a little space and thank the members of the bulletin committee who have taken the responsibility for writing these past months. They are:

BILL CONKLIN  
DENNIS DURKIN  
BOB RUTHERFORD

The month of January will be reported by PETE HUGHES. Now I will get a commitment from the other members of the committee and they are: BOB PIERCE, ALAN BOSTWICK, JUDY COOPER, LESLIE COBB (if she's still with us) and BILL BERGLER. If any of you would like to express yourselves here, please see NORM.

Along with the Peninsula Sunrise Rotary Club the volunteers from the Redwood City Rotary provided turkey dinners for the Fair Oaks Senior Center. We had great fellowship and the seniors had a lot of fun. FRED STRATHDEE and BOB RUTHERFORD were the leaders from our club.

If you missed ROSEMARY AZEM's Christmas party at the Elks Club you really blew it! She did a surperb job of organizing and hosting the event. It was a great evening complete with dancing to CHARLIE BULANTI and the group. The food was outstanding and the bar was a great gathering place. Thank you ROSEMARY!!!!

We are starting a new year and it's a good time to resolve to attend your Rotary Club each week or make up. DICK DOEGE only made 1 meeting in Nov. DON HACK, FRED STRATHDEE, MIKE RYAN and MARIO only made one also. JERRY NERTENS didn't show up at all!!! Come on guys, help us get our attendance up.

HAVE A HAPPY AND PROSPEROUS NEW YEAR 30NM

## ROTARY CLUB of REDWOOD CITY

### CALIFORNIA

CHARTERED APRIL 22, 1946  
DISTRICT 5150

Jan. 5, 1993

\*\*\* THIS WEEK \*\*\*

INVOCATION..... ????  
FINEMASTER ..... LES BROOKS ??  
PROGRAM ..... MAYOR JUDY BUCHAN

Mayor Judy is our newly elected head person in Redwood City. She will share with us her vision for Redwood City as well as presenting us a "state of the city" overview as she sees it. This program as well as the balance of the January programs are brought to you by your temporary newsletter editor, Pete Hughes.

\*\*\* LAST WEEK \*\*\*

President Elect Sam Dafnis ran the meeting...and did a good job of it, too. (rumor has it that President Steve is vacationing in the Carribean). Allen Gruman did his usual fine job leading the singing, Norm McCloud did the pledge and the invocation was Les Brooks.

Linda McCone did the finemaster duties with the question "what are your New Year's Resolutions". Ed Nisson vowed to make money in 1993 instead of losing it as he said he did in 1992; Cathy Crossgrove came with her mother in law but no resolutions; Mel Anisman swore to think before he speaks and Roland Haga is still working on last years resolutions.

George Chaffey was presented with a 46 year perfect attendance pin....WOW!... way to go George! and a bit of thanks too, to his two volunteer drivers Dave Schutz, and Allen Gruman.

Lorraine from the catering company was given a gift from the club for her good works to us. She said we were a "good group" and Charlie Bulanti hummed "Sweet Lorraine".

## REPORT ON ACTIVITIES

Our Club raised \$688 with our bell ringing and helped the Salvation Army help over 800 families locally.

Bob Rutherford and his gang helped out at the Fair Oaks Christmas party.

### NICE GOING GUYS & GIRLS!

Norm Fenton (who attended Cambridge University) introduced our speaker, William Bonnell, who recently attended Oxford University, as a Rotary Scholar. Mr. Bonnell gave a descriptive and funny talk about the differences of life, at Oxford including where and when one's gown and mortar cap must be worn, sermons in Latin, an oath of no fires or book marking at the University Library and a full half hour of other items which held our rapt attention. A top rated program!

### THE FUTURE

Jan. 12..... Program - "Dig it with Albert" - A half hour with T.V. and radio star Albert Wilson.

## ROTARY CLUB of REDWOOD CITY

### CALIFORNIA

CHARTERED APRIL 22, 1946  
DISTRICT 5150

\*\*\* THIS WEEK \*\*\*

Jan. 12, 1993

INVOCATION..... RON KOSTER  
FINEMASTER..... CHARLIE BULANTI  
PROGRAM..... MAYOR JUDY BUCHAN

Mayor Judy is our newly elected head person in Redwood City. She will share with us her vision for Redwood City as well as presenting us a "state of the city" overview as she see it. The breakfast club heard her speak last week and, believe me, she is terrific!

\*\*\* LAST WEEK \*\*\*

President Steve is back from the Carribbean sun and didn't even get fined for the trip! Sid did his expert job leading the singing, Rosemary led the pledge and Guy Thompson invocated. When it came to fining Les Brooks showed the Salvation Army really does know how to raise money. His theme was sports trivia and them guys who attended USC really felt his sting, thanks to a good job of informing by Alan Bostwick (who, it seems, attended Fesno State and thought it was nice that Fresno trounced USC in the holiday bowl.)

Probably the nicest thing that happened was our speaker did not show up so we all got to go home early. Our investigative reporter has learned that our speaker showed up at 11:30 a.m. and no one was here. Thinking maybe he had the wrong place he left to check out other churches nearby, got lost, and finally said "to hell with it" and went home. Ah well.....

#### NEW RAFFLE PROCEEDURE

PDG Sid introduced a procedure used at the Redwood Shores Club; a bag holds 50 marbles all of which are white except one which is black. The winner of the raffle each week gets to draw one marble. If that marble is black he wins all the money that has accumulated by sale of raffle tickets since this proceeedure began. If he draws a white marble, that marble is retired until the black marble has been drawn. Merle F. had the honor of drawing the first winning marble. Too Bad!.... But next week there will be twice as much money! (so we can keep the bug-outs from leaving early and embarrassing our club and our speakers we should draw at 1:30 and require the winner to be present to win.)

LOTS OF ANNOUNCEMENTS:

Redwood Shores Club is seeking teenager type items for the childrens receiving home in San Mateo. Contact Sid.

Sunrise Club is seeking warm coats for those who are cold and disadvantaged. Contact Ginny (594-0783) or Barry (363-1776).

March 5, will be the annual ski invitational at Alpine Meadows sponsored by the Tahoe Rotary Club. That club must be scratching the bottom of the barrel to invite our skiers! Any of you guys and girls wish to compete?!

Mark two dates on your calendar: District Assembly on April 17, and District Conference April 30-May2.

Free dinner coming up on Jan 21. The Milbrae Club will be hosting the Peninsula Council meeting at the Westin Hotel. The club pays for dinner so see President Steve if you wish to go.

Our own sweet Rosemary has a raffle going for an Australian Tour for two. Tickets are available from her at \$2 each or 6 for \$10. Take \$100 worth and see if you can win a \$3000 trip! This raffle is in conjunction with our annual auction... and mark that date too...April 17, at St. Pius.

Owing to lack of interest or our members old age the winter ski trip has been cancelled.

Guy Thompson wants you all to know you can buy Rotary pins, coffee mugs, decals, blazers, etc. etc. etc., at the "Rotary Store" just beyond the ticket table.

The reason Pete Hughes is listed as a member of the Sunrise Club is because they made him an honorary member. New clubs are not supposed to have very good judgement.

Mike Ryan, in regard to the Raiders upset win on the season's last game, "Even a blind squirrel can pick up an acorn once in a while".

Jack Bennett of the Menlo Park Rotary Club will speak on "Firefighting Around The World".... a collection of his experience and observations of Fire Departments on several continents. Sure to be a real barn burner kind of talk!

\*\*\* LAST WEEK \*\*\*

President Steve started off the meeting on time with his crisp dental clinic manner. Sid Berlin let us singing "Home On The Range" instead of the National Anthem for some obscure reason beyond your editor's understanding. Merle Frueling led us in the pledge and Big Mike Ryan, the Rhino, led us in a highly professional invocation.

Former member John Novac showed up to brighten up an overcast day.

Finemaster Bulanti took us on a trip of jokes, a quiz on finishing sayings and generally acted just like Charlie Bulanti.

Speaker Mayor Judy Buchan started her talk by collecting a book, "On Wings Of Eagles", she read while sick at home over Christmas. "The Responsibility For Their Actions" theme of the book lead into her talk about citizen responsibility for their government.

ON FINANCES: She said this year there is a fundamental issue of local governments relationship with the state. Cities are paying to balance the state budget by an annual raid on city property tax revenues. This year Redwood City will lose 1.1 million dollars more in funds to the state than last year to help the state balance its budget. Home Rule is the issue which greatly affects the quality of life here.

CHANGES WITHIN REDWOOD CITY: Mayor Judy listed Sequoia Station, the new Municipal Parking Garage, the Police Station, the rebuilt Red Morton Center, a new school/community center for Redwood Shores, the Chestnut Street Improvements, a new/remodeled City Hall.

CHANGES TO REDWOOD CITY FROM WITHOUT: She listed a more ethnically diverse population, an older population, Linus Pauling Institute proposal, possible U. of Ca. expansion here, new low cost living units, etc.!

Her vision of Redwood City includes our citizens thinking better of themselves. She acknowledges that drugs, gangs, poverty, etc, exist but we must not allow negatives to distract us. " The goodness of this community comes through loud and clear."

A GREAT TALK!

#### ANNOUNCEMENTS:

The club needs a new secretary starting July 1. Any volunteers? Sid Berlin, Pete Hughes and a tame Russian friend are going to the airport to pick up a Russian from St. Petersburg with a heart ailment. A chance for our Rotary Club to reach out in a positive manner to the world around us!

Rosemary says to send in auction prizes as soon as possible and sell, sell, sell our good raffle tickets for the Australian Trip!

CHARTERED APRIL 22, 1946

Jan. 26, 1993

\*\*\* THIS WEEK \*\*\*

INVOCATION..... John Ulrich  
FINEMASTER..... GEORGE SZPOTEK  
PROGRAM..... LINDA GREGORY

Ms. Gregory will address the subject of where are unions today; the state of health today of the union movement and what makes it that way.

\*\*\* LAST WEEK \*\*\*

President Steve led the meeting and he still has not been fined for his trip to the Carribbean Sun! Sid Berlin led us in song followed by a stirring rendition of the pledge by Frank Parcell. Fred Strathdee used all of his architectural education and learning to invoke for us.

On the tables was the official ballot for members of the Board of Directors so, as Dani Gasperini might say, "Vote Early and Often". Speaking of Dani, to avoid a fine she pulled out her new honorary sherriff badge as a City Council person and threatened to handcuff and body search anyone who gave her a hard time.....seventeen guys stood up to volunteer! Poor Dani...its hard to get much respect when you are Italian.

And...again speaking of Dani she announced the reorganization of the world class membership league. All team captains were called to the front.....what a rotten looking crew! Dani says the Delfs team is way ahead because they just signed Steve Mikulic as a free agent. (sounds like more of a handicap than an asset!)

We had all been looking forward to Luis Leon as finemaster but we had to settle for the likes of President Steve. His theme was the Sunday game between the 49rs and Dallas. Those who went to the game were fined \$2.00; those who watched on T.V. were fined \$3.00 and those who did neither had to pay \$5.00. There was only one person who acknowledged not paying any attention to the game... Jim Newell. Merle and Sid apparently gambled on the game and both lost.

And Steve announced it was only 34 days until spring training for baseball began. Thank you for that information, Steve.

Our Firechief speaker, Jack Bennett, Rotarian from Menlo Park, entertained us with slides and comments about firefighting around the world. He had been a part of 20 Fire Chiefs who were invited to tour the world of foreign Fire Departments and we were filled with lots of useful and not so useful information.

\*\*\* NEXT WEEK \*\*\*

SPEAKER..... WHO KNOWS... BILL CONKLIN IS IN  
CHARGE

FINEMASTER..... DICK DODGE  
INVOCATION..... STEVE MIKULIC

To conclude our meeting Bob Stiff won the right to make the big draw from the marble bag. But....alas.... he drew a white marble. The bag now holds 48 white marbles and one black marble. The person who draws the black marble now will win over \$100.00!

WATCH FOR IT!!!!!! It's coming next week! The annual vocational survey in conjunction with Sequoia High School. Please....quickly and thoughtfully fill it out and return it so our programs can maintain their momentum!

FEBRUARY 9th....OUR SPEAKER IS ANNA ESHOO!

Get busy selling the raffle tickets for the free trip for two to Australia. Rosemary has lots extra and time is running out!

The American Legion is accepting nominations for Redwood City's citizen of the year.....our club had several past winners and we have several who are deserving of nomination. See the Almanac for further details.

The annual Hughes Superbowl party has been cancelled due to the lack of interest (and a local team).

#### OPENING SONG

In honor of our guest speaker Alan Gruman had us sing "Working on on the Railroad" but we stopped mid stream having run out of words and tune! Where is Sid when you need him?

#### GUESTS FROM HAWES SCHOOL

Bob Stiff introduced the featured teacher from Hawes school and the two fifth grade honor students of the month.

#### AUCTION AND FUNDRAISER - APRIL 17TH.

Rosemary announced the 'Down Under Fair Dinkum Fest' so named for the Rotary International convention in Melbourne, Australia this May.

Grand prize is a Round trip ticket for two to Sydney.  
'Opportunity' tickets were distributed for members to pre sell.

Rosemary has also divided the Club members into teams to solicit donations for specific auction packages.

Tickets are \$35.00 each which includes \$10.00 worth of chips.  
Please encourage your friends to come along too.

#### ROTARY AWARDS

Sam Dafnis announced that the Club is hotly pursuing winning some prizes this year.

Those involved in each service project last year are compiling information about each event. If you have any photos etc. to contribute please let Sam or the event organizer know.

#### GUEST SPEAKER

Linda Gregory Associate Director of San Mateo Labor Council says most often asked question is 'Where have you been?' as there is no visible organizing going on.

Union fault - 'the law will deliver them'...National labor laws not set up to support the workers.

Everyone has been shortsighted in not planning for the future: Shoddy workmanship, defense cuts, loss of contracts.

Need Labor/management cooperation however there is a long standing background of no trust and contempt in bargaining. Need to find common cause goal for a win/win bargaining and need long range planning with both unions and management.

THE ELUSIVE BLACK MARBLE

Still no winner for the big prize! Maybe next week....

\*\*\* LAST WEEK \*\*\*

### SING, SING A SONG

Sid Berlin read a letter he received from CBS in New York regarding our rousing effort to sing on the morning show. Next step is to contact the local affiliate and set up a video taping session!! We could be stars for a day even yet.

### GUEST FROM RUSSIA

Sid Berlin introduced Dr. Igor Dibrov who is visiting from Russia. He is sponsored by Rotary and is in the US to visit a heart specialist. Dr. Dibrov is the Head of the Chemistry Department at the University in St. Petersburg. The really good news is that he does not need to undergo surgery at this time.

### SCORE A POINT FOR MEMBERSHIP

Rosemary and Dani `debated' over who really scored points for guest Janice Lee. What a fiercely contested competition! This round went to Rosemary!

### ROTARY FOUNDATION

Bill Conklin who is on the District Foundation Committee stated that we have a very poor showing in our participation of the fund relative to the size of our Club. We are not supporting the amount of money we are asking for the Foundation to support us.

Bill suggested that we give to the Foundation in our loved one's name instead of giving flowers at Valentine's Day. (Bob Stiff got fined later because he wanted to know `what about in wive's names?') Happy Valentine's Bob!

### DISTRICT ASSIGNMENTS

Please contact Sam Dafnis if you are interested in a District assignment with incoming District Governor, Chuck Swenson.

### A FINE TIME

Finemaster Dick Dodge went along at a rollicking pace. He had certainly done his homework on his victims! Linda Schmidt like any staunch 49er's fan!! gave her ticket to the playoffs to her son because it was raining!! Dick needed to close with still 3 pages of victims yet to be divulged!

THE ELUSIVE BLACK MARBLE!

Still no winner for the big prize in the weekly draw! Maybe this week.... total is now in excess of \$180.00. Tom Delphs had the chance last week.

GUEST SPEAKER

Our guest speaker was introduced by Bill Conklin. Peter Weiglin a 'Renaissance man', lecturer, historian, story writer, reporter, etc addressed the problems of Mass Transit and the myths that surround the issue. The real question is if we had a successful transit system, could we afford it? Bottom line may be that it costs more to carry the public on mass transit than it would to buy them a car!

#### OUR GUEST

Guest Speaker Anna Eshoo our new Congress woman, recognized our Rotary members who have contributed so much.

She spoke of her impressions during her first trip to Washington as our representative, being sworn in and her family's pride, setting up her staff in her new office, meeting with President Clinton as Whip of Northern California , and stepping onto the floor for the first time and the enormous feeling of history.

She commented on the orderly transition of government that we enjoy and called it a great blessing not to be taken lightly.

### STAR SEARCH....

Well... the ever elusive quest for fame continues. This time we got the word that we are not needed to help with CBS sweep's month! They asked that we hold our breath, not to mention our tune, until next month! Hang in there Sid. We won't let you down..

### DISTRICT ASSEMBLY SIGN UP

President Steve asked that we sign up for the District Assembly March 15th.

### COMMUNITY INVOLVEMENT

Please notify Steve of your participation in community projects outside Rotary.

### MONTEREY WEEKEND - DISTRICT GOVERNOR'S CONFERENCE

Plan to attend the District Conference April 30th at Monterey. Guest speakers include Governor Pete Wilson, and Rotary International President Cliff Doctorman.

There will be organized golf tournaments. One on Thursday at Spyglass and one at Spanish Bay. There will also be a District 51 vs District 50 softball tournament. Give your names to Steve if your wish to play. Many other events are being planned.

The Redwood City Rotary Club will be staying at the Marriatt Monterey. Steve will take your reservations.

### 'OW YA GOIN' MATE?

To make our fund raising event on April 17th a huge success, support the effort to solicit donations. Check out the information that Rosemary has handed out and find out what team you are on for the special auction mystery theme packages. These should be fun to put together and fun to bid on!

Sell those raffle tickets!! Invite friends to the party!!

The Auction Committee will meet at Charlie Brown's at 5:00pm Wednesday 2/24.

### ADD TO THE COFFERS!

Luis Leon came up with some very (and some not so very) well known

quotations..Some very creative answers did not save the victims! One or two lucky guesses however, did..

#### OUR VERY OWN GUEST SPEAKER

Bill Conklin filled the spot with a very informative presentation on Vocational Service. These talks by Rotarians on Rotary are an excellent way to remind us all just what it is we are supporting in the big picture. And the varied ways we can serve.

For our vocational service project we already sponsor "Career Day". There are many other ways we can expand on this. Some ideas are career planning in schools, retraining of adults, apprentice programs, part time jobs for retirees or a part time job.

What can we do within the Club or workplace.

Rotary is unique in Vocational Service.

Bob stiff runs our program with Hawes School.

Guy Thompson is the Rotary International Vocational representative for our Club.

##### PAUL HARRIS FELLOWS: A MINI HISTORY

Within two years after Paul Harris died in 1947, fellow Rotarians contributed US\$1.3 million to The Rotary Foundation in honor of their founder. This amount was nearly twice as much as The Foundation had received over the previous 30 years. The donations provided the financial support that enabled The Foundation to grant 18 Graduate Scholarships-its first significant International Service program.

Today, those who continue the tradition of honoring Paul Harris by contributing US\$1,000-or for whom US\$1,000 is donated in their honor or memory-are designated Paul Harris Fellows.

##### QUOTABLE QUOTE

We are all here on earth to help others; what on earth the others are here for, I don't know!

- W.H. Auden, 20th century Anglo American poet.

Will you please help us hold the costs on our lunches by filling your lunch plate from the complete menu only or if you opt for a salad only, please use the salad table. There seems to be some misunderstanding as many of us are using BOTH tables. Please don't. Thanks!

I hope you all have marked your calendars for April 21st as that is the date for our spaghetti dinner with the Peninsula Sunrise Rotary Club. The proceeds from the dinner will benefit the Sequoia YMCA. I know that we all can certainly participate as well as the Sunrise Club members do and we don't want to be looked upon as not doing our part so lets all show up.

PAUL YOUNG has received a letter from the Padua Dining Room asking for help with winter clothing to ward off the cold and rain. They have a free clothing outlet adjacent to the dining room that gives out parkas, rain coats, blankets, and sleeping bags to the homeless. They have been overwhelmed this year. Can you help? Please bring any items you have to the meeting and we will get them delivered. Thanks!

GUY THOMPSON has distributed a form which he needs filled out by each member. It is a vocational training survey. The information will be used by the vocational committee to bring together Sequoia High students and members on a common interest basis. Some of the information will be included in the new roster book being published.

Did you fill out your Rotary Volunteers in Action Questionnaire?  
You Did? Good!

Did you fill out your questionnaire for your outside Rotary community service? You didn't? The information is needed by SAM so that it can be submitted to the District Conference Awards committee. Please Help him get this done.

It may seem like a long time until our primary fund raiser, The Auction, but it's not that far off. ROSEMARY would really appreciate it if you could get her the money for the raffle tickets and tell her, or better yet, bring her your donation to the Auction. It's going to be arranged a little differently this year and you and your friends won't want to miss it. Let's make this one the best ever.

FINEMASTER . . . GEORGE SZPOTEK As usual GEORGE was very inventive with his method of raising cash for the coffers. Everyone got a number when he/she came in and paid for lunch. Why a number you ask? When it was his time at the podium he called a number and you were asked to identify another member by the classification he/she holds. At least 20% got it right and could pass on the fine. Informative and fun. Good job GEORGE!

PROGRAM . . . P.D.G. BILL introduced Susan of the California Highway Patrol as the Public Information Officer for the C.H.P.. Susan didn't need the podium or a mic as she was right out front with her information. The C.H.P. deals with traffic only and is committed to safe driving by us all. They will enforce the seat belt law because it will save lives. When you pay your fine for the ticket she gave you none of it goes to the C.H.P. and does she have a ticket quota? Well yes, sort of. She must show she is on the job but it's not hard for her to meet and given "quota" she might have. Just because you are in the fast lane doesn't mean that you will get more tickets. Just don't drive over the limit and you won't get that ticket. High speed chase? All officers must use their judgement as to when and how far. Most violators have an accident before escaping. Radar detectors? They are ok I guess but they probably won't work, besides, radar is used by locals only. Our former member, MIKE PETERSON, is in the Oakland area and will get a promotion soon. A good program by a bright lady. Thanks BILL!

RAFFLE . . . ORLEY ANDERSON got to choose a marble...no black... now we have \$375.00 to devide in 1/2 or, you could win...\$187.50

A.M. and hitch a ride. He also reminds us that the information for the District Awards must be in by the 15th!

DR. RON KOSTER will provide information to you on your status as a Paul Harris Fellow. If you are not a Fellow or a Sustaining Member, why not make your contribution now so that we can say that everyone in our Club supports the Paul Harris Foundation.

NORM FENTON, MARIO RADDAVERO and CATHY CROSSGROVE had fun at Hawes School when they helped out with carrier day. "Service Above Self", that's what it is about! Thanks, guys, for representing your Rotary Club.

ROSEMARY AZAM asked for your help with the auction. Have you sold all your raffle tickets? Great! Please turn in your money and let ROSEMARY know what you can donate for the auction. Time is running short and ROSEMARY needs your help. Work with your TEAM!

FINEMASTER:...MARIO RADDAVERO...As you might suspect, MARIO asked the members to identify the food that was described by the foreign language we all hear. It was interesting to hear the descriptions offered by our group. Thanks MARIO for your help by raising funds for the community.

PROGRAM...LES BROOKS introduced, Juan Duque, Director of the Salvation Army Network of Social Services. Juan covered all the various activities covered by his agency and stated that they help an average of 20,000 people per year with everything from housing, food, and clothing to paying the P.G.&E. plus paying other services. Their budget is \$450,000 per year and this takes a lot of support from various communities. As you can realize, they can use your financial and volunteer help. The work that the Army does is not done by anyone or any agency that is tax supported. They need our help so they can help others in need.

RAFFLE:...STAN SILVERSTEIN got to see if he could pick out the black marble out of the bag. He didn't so there is about \$200 in the kitty. Buy your ticket and win a chance!

I didn't mention the Peninsula Sunrise pancake breakfast on April 10th from 8:30 until Noon. At the Redwood City Main Fire Station on Marshall St., is the place to be. \$3.00 will get you all you can eat including sausage! Take the kids, wife and eat out!

#### LION or GAZELLE

Every morning in Africa, a gazelle wakes up. It knows it must run faster than the fastest lion or be killed. Every morning a lion wakes up. It knows it must run faster than the slowest gazelle or it will starve to death. It doesn't matter if you are a lion or a gazelle; WHEN THE SUN COMES UP IN THE MORNING, YOU'D BETTER BE RUNNING!!!

PROGRAM

Dr. NORM FENTON presented his special talk on "Royal Disease" which had to be compressed because of time limits. If you didn't get to hear about the medical problems of royalty dating back to some 4,000 years B.C. up to the present, you missed a great program. I took copious notes but I can't spell the medical terms used by the good Dr. so here are just a few. The royal mummy's of Egypt show that they suffered from T.B., arthritis, tooth ache, and gonorrhoea. Present day English royalty suffers from arthritis as did the ancients but other diseases have been treatable. This was a great program. It illustrates that we have good programs within our own membership. Thanks Doc for sharing your vast knowledge with us.

DISTRICT ASSEMBLY

It was a beautiful day in Marin County and the location of our gathering was outstanding. The assembly opened with a presentation by Myroslav Mavryliv, President of the Rotary Club of Lviv. "Project Ukraine, The Power of Rotary" was the topic. This was the story of how medical assistance, polio and typhoid vaccines, were gathered here in the U.S. and administered in Lviv. It was a gigantic task that involved many Rotarians with one objective in mind, save the children's lives. This set the tone for the day. Workshops were presented for each avenue of service...club, community, vocational and international as well as bulletin, secretary, treasurer, membership development. The morning was taken up by learning what other Clubs are doing and how they get it done. We couldn't help but learn and hopefully bring back ideas to help our Club be better. After a great lunch and more fellowship, we were home by 1:30 pm with a feeling of accomplishment.

RAFFLE...LESLIE COBB had the winning number but didn't pick the black marble. We now have \$243 for you to win this week. Why not get a couple of tickets?

### LAST WEEK

The meeting got under way with SID prompting us with words to "When Irish Eyes Are Smiling" to celebrate St. Patrick's Day. Now it's MEL ANISMAN to lead us in the pledge and then BILL CONKLIN did his imitation of PETE ARMSTRONG by reciting a great invocation. Next we had the.....

### ANNOUNCEMENTS

Pres. STEVE says that the Padua clothing box will become a fixture here in the hall as DENNIS is not going to carry it back and forth! Therefore, Please bring your warm clothing and fill up the box.

ROSEMARY reports that JUDY COOPER'S daughter has had an accident and although she was injured, she seems to be recovering O.K.. Our thoughts and prayers are with you JUDY. ROSEMARY also tells us that she has received only 8 items for our auction...she sure would like to have more items now so that she can worry a little less. If you want tickets for the auction she has more and they will cost only \$35.00 each. How about buying 8 or 10 and taking your friends and neighbors? We sure could use the bidders!

BOB STIFF has heard from our good friend and member, HAL HJERTBERG, and he says "keep the bulletin coming". That's easy to do HAL... the hard part is, when are you going to come and see us? We will look forward to your visit.

DENNIS DURKIN is trying to organize the visit by the G.S.E. Team. He can't do this alone! We will be hosts to 5 males and 1 female. 3 are Dr.'s, 2 are attorneys and 1 is a judge. Can you help with housing or entertainment? Their visit is only for three days and two nights but it takes a little "Service Above Self" to make their visit successful. Talk to DENNIS about your contribution to the success.

## FINEMASTER

P.D.G. SID had the honor's for the day and due to his Irish heritage, felt it was necessary to fine his fellow Irishmen. DAVE SCHUTZ had to pay for the Times Tribune going out of business and SID wanted toknow when he was going to get his subscription money back. "You'll get your money back from the company that went out of business" was the way DAVID responded. SID had to tell a story about something which wasn't really clear to this reporter but it had to do with something about large breasted women. He did get DICK DODGE to pay a fine even though he has paid more than his share of fines this year.

## PROGRAM

Today was "talk about yourself" day for two of our new members. First to come forward was LESLIE COBB. LESLIE was born in Tulsa Oklahoma and attended school there through high school. Along with her studies, she enjoyed track, golf, and was a gymnast. She has a lot of musical talent also as she plays the piano, guitar and has sung with several bands in her day. Her older son is Christopher and her younger son doesn't have a name, cause she never mentioned it. LESLIE now works in the banking industry as a loan officer for Sears Bank Corp. To top it all off, she now has a boy friend and is very happy. Her hobby now? High altitude hiking which she found very enjoyable after her first "experience".

Next to bring his story was Dr. JOHN ULRICH. JOHN comes to us from the state of Washington where he was born and brought up. Now, most people seem to want to go to Washington to get away from the crowds. JOHN enjoys the Washington life style but feels that his profession will advance faster here in California. You see, JOHN is a Dr. of Chiropractic and so are many of his relatives. This just seemed to be a natural track for his carrer. By joining Rotary JOHN thought he might be able to increase his patient load but after experiencing Rotary, first hand, he realizes that serving is a way he can give back to the community for the support he receives. He thanked the Club for offering him Rotary.

RAFFLE...GREG ROOS had someones ticket but he couldn't get the black marble. Buy extra tickets cause the drawing is now \$294 for the marble.

## BOARD MEETING

Membership committee...We have only 2 new members in 8 months. How come? Who's working for the Glub? BOB STIFF, GREG ROOS and CHARLIE BULANTI.

Club service...DON HACK is working on a computer program to get all the information and pictures ready. When done CATHY CROSSGROVE will drill holes and do other processes to get them to us.

Community service...William Hayes, teacher at Sequoia High, wants financial help with his book "Sequoia Seniors Serve"

Vocational service...April 23rd will be career day at Sequoia High.

Special events...Fun Run, May 22-23...DANI wants to put a team together so Rotary can enter...we will have our usual booth at the 4th of July downtown celebration...Want to go to a Giant's game this year? A new district event, "Rotary Day" at the 'Stick' is comming. Shall we go? It will be a fund raiser!

### NOTICE

It has come to our attention that we are missing our special projection screen. This screen was purchased by PETE HUGHES so that we would have a screen for our guests to project their slides or movies and we would be able to see them. This was an expensive purchase because of the special make-up of the surface. We are now unable to find it. Do you have any information about who might have borrowed it? Please let me or PETE know if you have any information.

### LAST WEEK

"My Country 'tis of The" was the song of the day that SID picked for us and GREG ROOS asked us to "follow" him in the pledge. P.P. CHARLES gave us his St. Pius invocation.  
ANNOUNCEMENTS... Pres STEVE says that we are to give a Rotary scholarship to Justin Grover who will study in France. He will come to the Club in the near future. LINDA SCHMIDT announced that Paul Hill will entertain at the Fox Theater on Saturday April 3, downtown Redwood City. Proceeds go to benefit the Redeemer Lutheran School Scholarship fund. See LINDA for \$10 tickets.

unity support? This question was put before the membership and we were asked if we should support the Jazz Concert by selling advertising and selling tickets. Would we sell tickets for a District baseball game at the Stick? What will you do to support what? There was much discussion and a vote was taken. The results? We will not support the Jazz concert but we will support a baseball game at the Stick.

Finemaster ROLAND HAGA got the birthday and aniversaries members for \$5. Now it was time for trivia but with a local twist. ROLAND had done a great deal of history searching and was able to stump most of us with his questions. At least,we all learned something!

Our own MIKE RYAN was the program for the day, with a title of "How Gay is Gay". MIKE served as a pastor in the mission district of San Francisco for a time and was able to experience those in the gay lifestyle. Homosexuality is a lifestyle and people in that lifestyle need compassion, love and understanding. This is only an issue because society makes it one. Ignorance of this lifestyle is the biggest problem and MIKE asks for compassion and understanding.

WORLD MEMBERSHIP LEAGUE UPDATE

We have reorganized...the last commissioner (GASPARINI) almost got thrown out of office. Well, she reorganized anyway and she's still in office.

The new teams are listed on the sheet on the table. As you can see Team DELFS is still ahead with 21 points but that Italian Team is right behind with 18 points and they expect to recruit a new player any day now bringing in 5 points totaling 23 points to take them to first place.

Slim pickins' for Team DAFNIS and Team REINHARD with big fat ZIPPO on points. Come on folks, get on the board!

This commentator has got to say it's a sorry day at the ball park. To date the WML has only signed 3 new players. Let's give a big hurrah to tight end ROOS for the recruiting nose guard DOSS, to running back STIFF for recruiting waterboy Kechter and to tight end BULANTI for recruiting defensive end ULRICH. I wish we could dump a whole lot more cheers to you coaches but there just doesn't seem to be a whole lot going on...on that field. Come on folks let's get up and fight, bring in those players

Remember...the winning team gets to eat a lunch fit for Kings and Queens while the rest of the league watches and eats cold dogs flat soda, stale popcorn and unsalted nuts. (DANI)

RAFFLE: Bulanti...no black marble...\$341

Next month BOB STIFF will be your bulletin editor so if you want to get something into print, get it to BOB.

INVOCATION .....SID BERLIN  
FINEMASTER.....RON KOSTER

Today we will hear from Perry Blackmon, of Sequoia Counseling Services, on the subject of cults: what makes up a cult; the pathology of a cult leader; mental deception, and how cult members find help.

### UPCOMING APRIL PROGRAMS

APRIL 13: Paula Hinz and Natasha Vinnichenko--Culture Through Language  
APRIL 20: GSE Team--Their travels, their homelands, their Rotary experiences.  
APRIL 27: Christina Sutherland--Homelessness in San Mateo County

### ROTARY CALENDAR

APRIL 17.....REDWOOD CITY ROTARY AUCTION  
APRIL 20-22.....GSE TEAM VISIT  
APRIL 21.....SPAGHETTI DINNER AT PETE'S HARBOR (YMCA)  
APRIL 30.....DISTRICT CONFERENCE AT MONTEREY  
MAY 23.....ROTARY INTERNATIONAL CONFERENCE, MELBOURNE

### LAST WEEK

SID led us in a sonorous rendering of "America the Beautiful" and a really brisk-tempo version of "Smile." LEM SUMMEY provided us with a gracious and substantial invocation, and we were on our way.

ANNOUNCEMENTS: DENNIS DURKIN told us that he still needs homes for 4 of the GSE Team visiting us April 20-22. Two homes would probably do it, with team members pairing up. ROSEMARY AZEM said she's still accepting auction items and there are still lots of raffle tickets left to sell. PRESIDENT STEVE reminded us of the spaghetti dinner on April 21 at Pete's Harbor. It'll be fun and will also benefit the YMCA. Steve urged us to get our District Conference reservations and applications in. Finally, he again asked if anyone could put up a Norwegian tennis player who wishes to attend Canada College and play for the team. The student will work in exchange for the boarding.

FINEMASTER: Linda Schmidt was finemaster and promptly did a "gotcha" with Cal alumni (a couple of whom tried to escape) for Cal's loss (or success, perhaps). She also got the following: DICK DODGE because his file cabinet didn't fit; ROLAND HAGA for missing Bulanti's 70th when he was finemaster; NORM FENTON for getting into the wrong side of his car (driver on the left, Norm); JUDY COOPER for her fishing story (no trout's that big); TOM DELFS for being the leader of the top membership team; RON KOSTER & JIM NEWELL for not bringing in members to her original membership team; and to DON HACK for not wearing his Rotary pin.

PROGRAM: ELAINE ROSSI was our speaker. She was a Rotary International Scholar in 1984-5 and studied in Tunisia, where she stayed for two years, working and studying. Her first choice had been Lebanon, so she was pretty fortunate, the way it worked out. She returned in 1988 to work on a health education project there. Ms. Rossi showed us some slides of Tunisia, which featured scenes of some of the Berber villages, the Berbers being the original settlers of N. Africa. We also saw some of the Roman ruins, the amphitheaters being particularly impressive. It's a very wealthy country today, thanks largely to Habib Bourguiba, who came along in the 18th Century and got its independence from France and who also instituted universal education. Agriculture is the principal occupation today--primarily olive oil (which is exported mainly to Italy) and dates. Tunisia was forced to back Sadam Hussein, which cut off much of their funding from other nations and they've lost some tourism as a result of that action. Arabic is spoken in the home there, French in the universities. The current gov't. is decidedly secular, and is democratically elected.

We can certainly be proud of our Rotary scholars who give so much back to us after they've received our assistance.

RAFFLE: NORM FENTON did not find the magic marble and therefore over \$400 remains.

BASEBALL SEASON IS HERE: It's time for the baseball wisdom of Casey Stengel, who once informed us, as follows: "Good pitching will always beat good hitting.....and vice versa." How'd you like to be the reporter doing that interview with Casey?

### LAST WEEK

CHARLIE BULANTI led us in "Take Me Out to the Ballpark," ROLAND HAGA helped us through the Pledge, and SID BERLIN gave the Invocation and helped us understand Passover in the process.

**ANNOUNCEMENTS:** Raymond Sereni, a guest, announced that Xmas in April, a non-profit group that makes repairs for low-income seniors, is looking for volunteers to work on Sat., April 24, from 8:30 - 5:30. Our own DANI GASPARINI is also looking for volunteers to help with "Take Pride in Redwood City" day, also on Sat., April 24, from 8:30AM-12:30 PM. Show up at the Port Office Parking Lot (675 Seaport Blvd.) on the 24th if you can help. She also announced that Redwood City is one of 30 finalists in a competition to determine the finest city in the USA. DENNIS DURKIN informed us that the GSE Team's housing has been taken care of and encouraged us to attend the pot-luck dinner for the Team to be held at BOB DURKIN'S house on Tuesday evening, April 20--get on the signup sheet and bring a food item or two. Dennis is also looking for more silent auction items and asked us to get our auction tickets in. He then did a preview of the auction action by auctioning off some Giants Opening Day tickets for \$75. PRESIDENT STEVE announced that our sister city, Hiratsaka, is eager to hear from us regarding the two students we will send there this summer. Let Steve know of anyone you would nominate for this great opportunity--they must be between 12-25 years of age (we normally send and receive teenagers). Some of the Hiratsaka club members will visit us on June 8, Steve tells us.

**FINEMASTER:** RON KOSTER performed admirably, fining April birthday folks (Cobb, Ulrich, Berlin and Ryan); Mel Anisman on his 23rd anniversary; Parcell and Szpotek on Rotary anniversaries; Jim Newell and Don Hack for not being up on Aussie slang featured in the recent Rotarian magazine; Fred Strathdee for not knowing what "jumpbuck" means. He also dinged Dick Dodge, Jerry Mertens, and Bob Rutherford.

**PROGRAM:** Kathy Crossgrove introduced PERRY BLACKMON, Sequoia Counseling Services, who provided us with some interesting information about cults. These groups are different from religious groups. They are often political groups (like the Klu Klux Klan or even the Nazi movement). Members of cults are usually young people trying to make something of their lives, persons who often come from fairly rigid religious backgrounds and who seldom, if ever, question authority. Interestingly, street people are not attracted to cults, since they don't respect authority and can easily detect the con man (the cult leader). The longer they're in the cult, the harder it is for the members to be able to function as individuals in society. Blackmon has worked with over 100 of these members, often de-programming them away from the cult. He has asked the Child Protection Agency to investigate some of them, but the cults usually put up a pretty good front. He said he would not hesitate to kidnap one of his own children from a cult, even though cults are protected by 1st Amendment rights that make that action difficult.

**RAFFLE:** BILL CONKLIN was the latest disappointed raffle "winner." Must be about \$500 balance at this point. ???

**NOTE:** Which club member is responsible for delivering the clothes to St. Anthony's? Please come forward--we have a lot of old clothes ready to be delivered.

## LAST WEEK

SID led us in "The Star Spangled Banner" to get us in shape for the new baseball season, ALLAN BOSTWICK started the Pledge for us, and MIKE RYAN gave his usual thoughtful Invocation.

**ANNOUNCEMENTS:** DANI reminded us about the spaghetti feed April 21 at Pete's Harbor, Dani and ROLAND HAGA jointly reminded us about the Spring Redwood City Cleanup on Sat., April 24, 8:30-12:30. ROSEMARY AZEM told us about her England visit and her successful admittance to the Kensington Rotary Club--they're "trying" to get women in the club, she reported. LESLIE COBB reminded us about the Xmas in April opportunity for club members to help with some hands-on work to assist some low-income folks in the area--for example, one woman who lives on \$9,000 a year and who needs home repairs badly. This activity is also on April 24, but it runs from 8:30am-5:30, so it would be possible to work on both projects. GREG ROOS asks us to bring our checkbooks to the auction on Sat., April 17. He's still accepting gifts for the auction and needs cleanup persons during the day on the 17th.

**FINEMASTER:** Finemaster BOB STIFF levied \$2 fines on members who forgot to wear their Rotary pins, then got down to business, fining several members for not knowing enough about the legal, educational, athletic, avocational, and origin-of-birth backgrounds of our colleagues.

**PROGRAM:** PAULA HINZ AND NATASHA VINNICHENKO, from Geonexus Communications,

presented a program based on the communication differences between cultures, focusing on USA, Russia and Japan. Among the points they made were the following: Learning a language teaches us a lot about a culture; the Russians look negatively at successful businessmen, who are called "salaried people" rather than successful people; privacy in Russia is really an alien concept, so the Russians have no word for "privacy". A collective mentality exists in Russia, and therefore they have no words to express "individuality", a concept so important to democracy here. "That's life" becomes a heavier statement--"that's fate"---in Russia. Russians have no word for "security" (individual and national). Security means to them that they are now out of danger, while we take security more-or-less for granted. Paula pointed out that a study of Japanese and Chinese characters (in words) tells us a lot about the culture's emphasis on detail, respect for ancestors, etc. Finally, Natasha said she is pessimistic about Russia converting to a market economy and commented that human rights advocates in Russia are still often viewed as trouble makers. A very thought-provoking program, all in all.

**RAFFLE:** ED NISSAN came up with a clear marble, so we have about \$700 in the kitty for next week.

**ANOTHER BASEBALL QUOTE:** YOGI BERRA: " About half of baseball is 80% mental."

## LAST WEEK

ALLEN GRUMAN led us in boisterous song, BILL BERGLER directed us in patriotic Pledge and PETE HUGHES provided us with a reverent Invocation.

**ANNOUNCEMENTS:** DOCTOR BOB (DURKIN) reminded club members of the potluck for GSE Team members at his house in the evening; ROLAND HAGA reminded us of the upcoming Redwood City Cleanup Day on Sat., April 24; LESLIE BROOKS reiterated that the Xmas in April project would be held the same day, April 24, in the afternoon; and PRESIDENT STEVE announced the next Rotary Peninsula Council would be held on Thursday, April 22, at the Holiday Inn, Crowne Plaza.

**FINEMASTER:** Finemistress LESLIE COBB had a tough time finding members who did NOT know the answers to her Trivial Pursuit questions. Gruman, Azem, Conklin, Cooper, MacLeod and Newall all got off the hook, but dummies Bergler, Thompson, Hughes, Dooley and Roos did get properly nailed by Leslie.

**PROGRAM:** The GSE Team, made up of members from Austria, Slovakia, and the Czech Republic, were introduced and gave us information about their backgrounds and training. Peter Lucan-Stood, the Leader, is a bank director from Austria, and was "cashier" of his Rotary club for 15 years. Vladimir Sramek is from the Czech Republic, and is a physician specializing in intensive care and anesthesia; he is married, has two children, and likes sports and poetry. Pavel (Paul) Lang is also from the Czech Republic; he specializes in internal medicine and is interested in visiting rural hospitals in this country--he likes sports and music. Pavel Dolezal is from Slovakia and is a physician specializing in ENT. He likes music and is a member of a blues group--seems to have a great sense of humor. Judge Klaus Bittmann is from Linz, Austria, is married, and is a Captain in the Austrian Army. He is interested in the US system of law and is looking forward to visiting law courts in this country. Zuzana (Susan) Malanikova is from the Czech Republic and is a commercial attorney with a background in the service of medical equipment. She likes swimming, skiing, paragliding and tourism. This is a very interesting and competent GSE Team. It's a great opportunity for the members of the team to visit the USA and a treat for us to visit with them. Thanks to the Durkins and to all the other members who coordinated this visit to our area and who provided housing and sightseeing opportunities for the Team.

**RAFFLE:** DOCTOR BOB DURKIN came up with a clear marble, so the hunt for the elusive black one continues.

## PROGRAMS COMING UP

May 11 - We will hear from Gerry Hughes on living and lifestyle options for retirees and will view both a short slide presentation by AARP on housing options for the elderly and a film of the American Society on Aging by Charles Osgood of CBS News. Mr. Hughes, who has a graduate degree in psychology, provides public service lectures for the Hillsdale Group, a Burlingame company which manages a variety of senior communities, from independent living to continuous care programs.

May 18 - The Rev. Herb Schmidt of Stanford University, a frequent visitor to the Middle East, will bring us up to date on current developments and prospects for peace in that part of the world.

May 25 - Dr. Eldon Earhart, professor of anthropology at Canada College, will give us an updated report on some of the more pressing problems of our society, not the least of which are those stemming from overpopulation throughout the world.

# LAST WEEK

Something old! Somethings new! For the umpteenth time, ALLEN GRUMAN led the Rotary songbirds in "God Bless America." Then, new member RICH HULME led us in the pledge to our flag, and PETE HODGSON, giving the invocation, thanked God for "contractors' weather"-- surely a first at Rotary!

Announcements: For coordinating a very successful GSE team visit last week, President STEVE thanked all the DURKINS, NORM MACLEOD, PETE HUGHES, BOB RUTHERFORD, and ALLEN GRUMAN....SAM DAFNIS, who has started the run for the club presidency faster than anyone within memory (Bravo!), reminded 1993-94 committee chairs that he wanted their final rosters. ...DANI GASPARINI thanked everyone for the tremendous success of the spaghetti feed to benefit her YMCA and had kind words for RON KOSTER, DENNIS DURKIN, and PETE HUGHES who contributed their muscle to Redwood City's "Clean Up Day."....DENNIS recalled his auctioning of an autographed 49'er football, together with two tickets to a Giants' game, that extracted \$120 from ROLAND HAGA'S wallet---the proceeds added to the "Y" benefit....KOSTER promoted the annual Salvation Army dinner on May 25th....On a somber note, BILL CONKLIN reported the death of Past District Governor George Newlon of San Mateo.

Finemaster: GRUMAN collected the fines, "selling" to CONKLIN that Viking hat with the horns that ALLEN won at the spaghetti feed; nailing STIFF for misplacing his

badge, taunting DANI for putting out \$25 for a "(blank) for Sheriff" reception ticket (No politics here!); MACLEOD for being the only Rotary volunteer at the "Xmas in April" project (Five dollars for volunteering? We're getting desperate!). Then ED NISSAN, LINDA SCHMIDT, and JOE DOMBEK paid for not knowing bits of Rotary information that every other Rotarian present would know. Oh, yeah?

Program: If you weren't here for CHRISTINE SUTHERLAND'S presentation, you missed one of the most informative programs of the year. CHRISTINE, who was introduced by LUIS LEON, is executive director of the "Shelter Network of San Mateo County!"

Ponder these startling facts: 10,000 of our fellow county residents are homeless; two thirds of them are in families with children under 12; 53% of them were holding jobs---and were shocked when they became homeless, most for the first time.

Since its inception in 1987, the Shelter Network has opened four "transitional housing" sites, one of them in Redwood City. Unlike programs which only provide a meal and a bed for the night, Shelter Network provides interim housing for two to six months, with intensive counseling so that families and individuals are able to re-establish stable incomes, find jobs and permanent housing.

Funded by a combination of government appropriations along with private and corporate donations, the Shelter Network is able to assist about 1,000 persons each year.

### TODAY

With any luck, those of you who aren't yet old someday will need satisfying retirement accommodations. Some of your options-- from independent living to continuous care programs-- will be described by Gerry Hughes, who comes to us from The Hillside Group, a company which operates a variety of senior communities.

Mr. Hughes' presentation will include a film of the American Society on Aging by Charles Osgood, CBS News commentator.

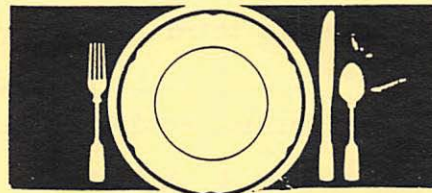

Invocation: Merle Fruehling

Finemaster: Dennis Durkin

#### SALVATION ARMY DINNER

Today, RON KOSTER will be passing around a sign-up sheet for the annual Salvation Army dinner May 25th at San Mateo's Dunphey Hotel. Since Redwood City Rotarians virtually "run" the Army these days (FRED STRATHDEE, president; RON, secretary; ALLEN GRUMAN, director; and MAJOR LES BROOKS, who does all the work), this seems to be an appropriate year to have a larger-than-usual number of dinner-goers from our club. Sign up!

AT ROTARY!

### PROGRAMS COMING UP

- May 18 - The Rev. Herb Schmidt of Stanford University, a frequent visitor to the Middle East, will bring us up to date on current developments and prospects for peace in that part of the world.
- May 25 - Dr. Eldon Earhart, professor of anthropology at Canada College, will give us an updated report on some of the more pressing problems of our society, not the least of which are those stemming from overpopulation throughout the world.
- June 1 - ROLAND HAGA, who for years has done an extraordinary job of heading our scholarship committee, will introduce the nine high school seniors who will be assisted with their college finances during the coming year.
- June 8 - A party of twelve-- Rotarians and their wives-- from the Rotary Club of Hiratsuka, Japan, will be with us, and the program will be built around their presence.

# LAST WEEK

At the gong, ALLEN GRUMAN led the song-birds through "America" and a "we try harder" rendition of "Smiles," which is always sung second but is always sung better. GREG ROOS led the pledge, SAM DAFNIS provided the invocation, and we were underway.

ANNOUNCEMENTS: President STEVE MIKULIC reported

on a very impressive District Conference at Monterey. Also there were Incoming President SAM DAFNIS, PDG BILL CONKLIN, BOB BOLAND, BOB DOOLEY, BOB RUTHER-

FORD, ALLEN GRUMAN, and NORM MACLEOD, along with assorted Rotary-

annes. Redwood City came away with three awards among middle-size clubs: a third for Rotary Volunteers, a second for club bulletins, and a FIRST for Community Service activity. Our proposals were put together by SAM with yeoman help from PDG BILL.

For the record: Millbrae was judged Club of the Year among small clubs, San Francisco for large clubs, and Foster City tied Novato among medium-(our)size clubs. Next District Conference: Lake Tahoe, May, 1994.

F I N E M A S T E R: For a reason obscure to this reporter, DANI GASPARINI fined BOB DOSS \$10, 10 being 10% of 100 years old--something to that effect.. Well, on to simpler things. BOB DOOLEY was hit for being elected president of the Sequoia Hospital Foundation and DON HACK for squealing on him....RON KOSTER was hit for

RAFFLE: Same old story for FRANK PARCELL, no black ball!... But, hey-- the pot's getting bigger-- for you-know-who: YOU!

loss of memory (and we can't remember what RON forgot!)....Then, those serious-minded Rotarians who went to Monterey for the District Conference---and the aquarium---and the views of the Bay---and the other scenery---well, anyway, they (named elsewhere in today's Spoke) got to pass their fines to us delinquents, as

did BULANTI, STIFF, DOSS, and ROOS, who recently brought guests to lunch....DICK DODGE and FLOYD SHELTON got it for port news in the Almanac and STAN SILVER-STEIN because he has two

## INSTALLATION DINNER DATE

Immediate Past President CHARLIE BULANTI announced that this year's combination debunking and installation dinner will be held Wednesday night, June 23rd, at St. Pius Fellowship Hall. This early date will give us the opportunity to dispose of PRES. STEVE almost a week earlier than had been anticipated.

new grandchildren on the way.

P R O G R A M: What should be the role of America's armed forces in international peacekeeping? To come up with some kind of an answer is the year-long assignment of Lt. Col. John Abizaid at the Hoover Institution where currently he is a National Security Fellow. He was introduced by LEM SUMMEY.

Just back from Somalia with slides he himself took, the Redwood City native and West Point graduate isn't ready to turn over complicated situations to United Nations forces, which, he currently believes, need considerable reform if to be effective. And, too, he does not believe that air attacks in Bosnia will be effective without allied soldiers on the ground at the same time.

### TODAY

While our attention seems to be focused on Bosnia, what's going on in that other area of turmoil, the Middle East? The Rev. ### P.D.G. BILL IS R.I. PRESIDENT'S REP AT MIDWEST DISTRICT CONFERENCE

Until PAST DISTRICT GOVERNOR BILL CONKLIN turned in evidence that he had made up in Indianapolis, we didn't realize how he had made up and how important he had become in the Rotary World. The evidence: a page from the Rotary District 6560 Conference program, showing that BILL had served as the Rotary International President's official representative at that upper Midwest conference-- a real honor.

This additional Rotary service came just a week after BILL had spoken to our own District Conference in Monterey on "Endowment--Personal Giving."

## PROGRAMS COMING UP

May 25 - Dr. Eldon Earhart, professor of anthropology at Canada College, will update us on the pressing problems of our society, including, particularly, those brought about by overpopulation throughout the world.

June 1 - Nine local students will be honored by Redwood City Rotary, they having been awarded \$500 and \$1,000 scholarships by our club to help them go to college.

June 8 - Rotarians and their wives from Hiratsuka, Japan-- twelve in all-- will visit us and the program will be built around their presence.

## EDITORIAL

Your Editor-of-the-Month was embarrassed to find nothing but errors under the "TODAY" heading in last week's issue of The Spoke.

LINDA McCRONE told him that DENNIS DURKIN would give the Invocation (correct), and LES BROOKS told him that MERLE FRUEHLING would be Finemaster (correct). But the Editor-of-the-Month reversed their roles when printed in The Spoke-- something he cannot explain.

Worse-- but not the editor's fault-- after a substitute speaker had to be secured, those who knew about the change failed to alert the editor--hence another boo-boo in The Spoke which didn't go to press until Monday morning-- quite late enough to have reported the change.

Also, no one in the front of the room during last week's meeting mentioned that the speaker was substituting for another-- which may account for the looks of bewilderment on the faces of some listeners when they expected information about senior housing and heard, instead, about community college financial woes.

We will try harder!

**RAFFLE:** New member and new piano player RICH HULME had the right number but drew the wrong ball, so the pot is fatter!

## LAST WEEK

Surprise! As the meeting was about to start, the piano was pushed to the front of the hall and new member RICH HULME pounded the keys a la JIM GREENWELL, as ALLEN GRUMAN waved us through "God Bless America." "Smiles" was a capella, but RICH promised to learn this Rotary "regular." Welcome aboard, RICH!

PAUL YOUNG led the pledge, and DENNIS gave the invocation.

A N N O U N C E M E N T S:  
ROLAND HAGA, although not sure what we are to do, called for volunteers at Sequoia High School's 24-hour Run for a good cause....RON KOSTER called for a big turnout of Rotarians at the annual Salvation Army Dinner, since so many of us are involved in Army affairs.... BILL BULANTI needs committee-men (and women!) for the annual Debunking and Installation Dinner, set for Wednesday night, June 23....JUDY COOPER, enlarging on the visit here of Hiratsuka Rotarians and their wives June 8, needs drivers to pick up the visitors in San Francisco and others to drive them places in the afternoon; also, a get-acquainted pot luck dinner at BOB DURKIN'S plantation is scheduled that evening.

F I N E M A S T E R: After "selling" JOHN ULRICH his permanent badge for the usual \$5, MERLE FRUEHLING asked trivia questions about the San Francisco Giants....JUDY COOPER paid because she didn't know that Giant "fan" was short for Giant "fantastic"....BOB RUTHERFORD got nailed, too, even though, in answering "1957," he was only a year earlier than the true date the Giants moved West....With few answers being right, GRUMAN, BILL BERGLER, DAVE SCHRICKER, ALAN BOSTWICK, DON HACK, GREG ROOS, STAN SILVERSTEIN, CONKLIN, KOSTER, DICK DODGE, and even old semi-pro STEVE MIKULIC-- all were losers....And GUY THOMPSON had his potential fine dumped on JOE SOUZA for coaching GUY.

P R O G R A M: Canada College President Doug Ketcher described the financial plight of higher education, particularly community colleges. Some items: only \$3,100 per student is available to community colleges, while the Cal State system can count on \$7,100 and the University of California system \$16,000, although acknowledging that much of the U. C. cost is spent on graduate students; community colleges must now charge \$10 per unit, \$50 to those with A.B.s. (That's 30! AMB)

"Service Above Self"

### TODAY

Our speaker today is greatly concerned about overpopulation throughout the world and the problems this situation has created. Dr. Eldon Earhart, professor of anthropology at Canada College, will discuss this concern as well as other pressing problems faced by society.

Invocation: ROLAND HAGA

Finemaster: ROSEMARY AZEM

### HERE'S YOUR DEBUNKING

#### AND INSTALLATION WEEK SCHEDULE

After our regular meeting June 22, the Debunking and Installation Dinner the following night at St. Pius Fellowship Hall has been designated our next regular meeting; thus, we will "go dark" Tuesday noon, June 29.

You, your spouse, and any guests should attend the Wednesday night, June 23 get-together (you'll be glad you did) but, if you "just can't make it," you can make up your absence anytime between our June 22 and July 6 regular meetings.

### DID YOU KNOW...

That BOB RUTHERFORD, as first alternate, came close to leading the District 5150 Group Study Exchange Team to the Rotary District that touches Slovakia, the Czech republic, and Austria, the homeland of the GSE Team which visited us a few weeks ago? Well, he did, and he should be commended for making himself available.

## PROGRAMS COMING UP

June 1 - We will meet-- and honor-- nine local students who have been awarded \$1,000 and \$500 scholarships by Redwood City Rotary to help them persue their goals in higher education.

June 8 - "Hiratsuka Day" will get underway at our luncheon meeting when a party of thirteen-- Japanese Rotarians and their wives-- will be our guests. A pot luck dinner at BOB and GLENNY DURKIN'S home is planned for the early evening, with appropriate yet-to-be-developed activity for the visitors' enjoyment during the afternoon. (Each summer since 1969, either Hiratsuka young people have visited us for a month, or sons and daughters of Redwood City Rotarians have had the opportunity to visit Hiratsuka.)

June 11 Western Night

5-8 PM

# LAST WEEK

Back from Israel, Jamaica, and the Panama Canal, SID BERLIN took back the arm-waving chores; RICH HULME played "America the Beautiful" beautifully but struggled through "Smiles;" and the rest of us sang these "regulars" gustily. FRED STRATHDEE, back from China and rushing things toward a non-Chinese meal, led a fast pledge, and PASTOR RYAN invoked the blessing.

On hand today were "Lisa" and "Alex" from "Hawes," our adopted school, along with their "Teacher of the Month."

ANNOUNCEMENTS: PREZ. STEVE told us about "Rotary District Day" at Candlestick Park Saturday, July 17, when the Giants will play the Mets and a \$10 ticket will bring \$5.25 to the Rotary coffers....PREZ-ELECT SAM, already shaking in his boots, asked the committee chairs to hurry-up their plans for 1993-94--"by June 15 at the latest, since July 1 is almost here." SAM also told GREG ROOS to "get going" on the activities that will bring us some District Awards....ROLAND HAGA reminded his pancake cooks to be at the Sequoia High School field at 5:00 o'clock Sunday Morning to feed the tired runners in the 2nd Annual 24-Hour Relay Challenge between 6:00 and 8:00 A.M. (We have no report as to whether anybody made it by 5:00 A.M.!)...FRED S. noted that LES BROOKS is retiring from the Salvation Army, thus, a chance to honor LES by attending the S. A. Dinner tonight.... CHARLIE ("Let's call him 'Bill'") BULANTI reported progress (well, sort of!) toward Debunking Night....JUDY COOPER still needs drivers for the Hiratsuka visit June 8 and volunteers to set up tables that afternoon

**RAFFLE:** It,s getting monotonous! Another white ball-- drawn this time by CATHY CROSSGROVE. THE PREZ (but not for long!!!) says the pot's worth about \$600.

on BOB DURKIN'S lawn-- for the pot-luck, of course.

FINEMASTER: Without a tiny bit of evidence of wrong-doing on the part of NEWELL, BOSTWICK, or BERLIN, DR. ROOS fined these worthies \$5 apiece just because "they always fine me"....BOB (Stranger in Our House) PIERCE thoughtlessly visited his own club for once and was axed for leaving the snow country just to go sailing down here in God's country....Every lady Rotarian present was nailed solely because she was a lady ; that would be ROSEMARY, JUDY, CATHY, LINDA McCRONE, AND LINDA SCHMIDT....Similar treatment went to the "dummies" who couldn't answer simple questions: NORM MACLEOD, ROBERTO MARTINEZ, BULANTI, BILL BERGLER, BILL CONK-LIN and DENNIS DURKIN.

SPEAKER: LEM SUMMEY introduced the Rev. Herb Schmidt, Lutheran campus pastor at Stanford University, who gave-- as he said-- the Palastinian side of the conflict with Israel. He believes most of the information

we receive in the United States is that favoring Israel. His talk was laced with anecdotes to support his point of view.

Rev Schmidt served campus ministries at the University of Arizona, U.C. Berkeley, and U.C. Santa Cruz before coming to Stanford.

### PROGRAMS COMING UP

June 8 - "Hiratsuka Day" will get underway at our luncheon meeting when a party of thirteen--Japanese Rotarians and their wives--will be our guests. A pot luck dinner at BOB and GLENNY DURKIN'S home is planned for the early evening, with appropriate yet-to-be-developed activity for the visitors' enjoyment during the afternoon. (Each summer since 1969, either Hiratsuka young people have visited us for a month, or sons and daughters of Redwood City Rotarians have had the opportunity to visit Hiratsuka.)

Finemaster: BILL BERGLER

*Bulanti  
June 22 - Tues. P.M.*

June 15 - PETER BURCHYNS, Administrator for Management Services, San Mateo County Office of Education will be our guest speaker. Mr. Burchyns presentation will focus on the Tinsley Program as one attempt to deal with the increasing demographic diversity in our local community and the need to provide parents with choices among schools.

Finemaster: GREG THOMPSON

### LAST WEEK

Help! Our planet needs help. This was the message of our speaker Professor Eldon Earhardt of Canada College.

"We are over-populating our earth. The proliferation of human beings is stretching our resources beyond comprehension." said Professor Earhardt.

He showed us a video which depicts the world's population from the time of the birth of Christ to the present. Dots of light were apparent on a map of the world. Each dot represented one million people. The dots remained discernable until about the late 1700's when they became undistinguishable and a solid bright light.

"Africa is already lost" said Professor Earhardt. Most anthropologists have written it off as unsalvageable. The same experts believe that unless we reverse our world's uncontrolled birth rate we are headed for an ecological disaster.

Professor Earhardt's message is clear, however, he had no clear cut solution other than to make our concerns known to our political leaders.

ANNOUNCEMENTS: PREZ. STEVE told us about "Rotary District Day" at Candlestick Park Saturday, July 17, when the Giants will play the Mets and a \$10 ticket will bring \$5.25 to the Rotary coffers....PREZ-ELECT SAM, already shaking in his boots, asked the committee chairs to hurry-up their plans for 1993-94--" by June 15 at the latest, since July 1 is almost here." SAM also told GREG ROOS to "get going" on the activities that will bring us some District Awards....ROLAND HAGA reminded his pancake cooks to be at the Sequoia High School field at 5:00 o'clock Sunday Morning to feed the tired runners in the 2nd Annual 24-Hour Relay Challenge between 6:00 and 8:00 A.M. (We have no report as to whether anybody made it by 5:00 A.M.!)...FRED S. noted that LES BROOKS is retiring from the salvation Army, thus, a chance to honor LES by attending the S.A. Dinner tonight....CHARLIE ("let's call him 'Bill'") BULANTI reported progress (well, sort of) toward Debunking Night....JUDY COOPER still needs drivers for the Hiratsuka visit June 8 and volunteers to set up tables that afternoon on BOB DURKIN's lawn--for the pot-luck, of course.

### THIS WEEK

FINEMASTER...NORMAN FENTON  
INVOCATION...NORM FENTON

We have missed the SPOKE the last two weeks and I'm not sure where the trouble lies but the buck stops here. BILL CONKLIN said he would be able to do the duty in June because I was out of the country. Something got screwed up in the communications. Sorry!

ROBERTO MARTINEZ has a good program for us, so stick around and be a good Rotarian.

### CALENDAR

June 24 .....	DEBUNKING: SEQUOIA CLUB...6:00 pm cocktails...7:00 pm dinner
June 29 .....	NO MEETING HERE!
July 4 .....	Polish sausage booth at downtown.
July 6 .....	SAM'S first meeting!
July 9 .....	SAM'S first board meeting

### ANNOUNCEMENTS

Pres. STEVE received a letter from former member LES BROOKS thanking the membership for their support of the Salvation Army Annual Dinner. LES will be missed as he brought the Club a little class.

BOB STIFF thanked the participating members for their making the Hawes School festival a success.

CHARLIE BULANTI says that the debunking party will be on the 24th of June for sure, even though SAM's wife will be unable to attend that night. The affair will be held at the prestigious Sequoia Club with member MARIO RADDAVERO providing the food. At last count there will be 80 people there to see that Pres. STEVE gets a proper send-off into oblivion! Please get your money to CHARLIE today so we can pay the bill.

Pres STEVE says that there will be no meeting here on the 29th so if you don't make the party...MAKE UP.

Incoming Pres. SAM gave us a report on the International convention he attended in Australia. He and Sandy were part of

the 35,000 people who showed up to hear our international president present the 500 millionth Paul Harris Fellowship! Back to business, SAM wants the committee reports turned in...the District Governor will be here soon and he needs these.

DANI GASPARINI says that things are getting into place for our 4th of July fund raiser in downtown Redwood City. All you have to do is help out in the sausage booth for a short time but your help makes a big difference. Please tell DANI when you can help. Pres. STEVE offered a special thanks to JUDY COOPER, PETE HUGHES, ED NISSAN and BOB & DENNIS DURKIN for their efforts in entertaining the group from the Rotary Club of Hiratsuka

#### FINEMASTER

GUY THOMPSON was the man of the hour. He was concerned about the traffic problem so he fined everyone who didn't share a ride to the meeting. DICK DODGE & FLOYD SHELTON were the only ones that escaped! GUY raised a lot of money by holding a quiz on interesting facts about our national presidents. Like who was the heaviest? Who was the first to ride in a car? Good job GUY!

#### PROGRAM

ROBERTO MARTINEZ introduced Peter Burchyns who brought us information about the Tinsley Court-ordered Desegregation Program. Mr. Burchyns is the Administrator for Management Services at the San Mateo County Office of Education. Burchyns says the Tinsley Program is one attempt to deal with the increasing demographics diversity in our local community and the need to provide parents with choices among schools. The membership was asked to take a short pre-test pertaining to the demographics of our area. There were a lot of surprises in the correct answers. Burchyns closed his remarks with a hand-out of some of the myths about education. Like, today's youth is not as smart as we were. Money is unrelated to educational outcomes. American schools spend too much, with too little to show for it. (Want the answers? Get the hand-out from one who attended.)
