President's Message

As I begin my 18th week as President (yes only 34 more weeks to go), I would like to thank all of my fellow Rotarians for your support and help these past months. In Rotary, November is Foundation month. It is a good time to reflect on the great Rotary Foundation sponsored programs we support and on how each of us can contribute to make sure these programs continue.

Our Rotary Foundation sponsors a broad range of Educational and Humanitarian programs that save and change lives here and abroad: Group Study Exchange (GSE), Ambassadorial Scholars, Polio Eradication, District Matching Grants and Health/Hunger & Humanity (3H) Grants, to name a few. These programs are the lifeblood of Rotary, creating world peace and understanding through the lives touched by the programs. Ask any Rotarian who has visited/worked on an international project about the difference made by these programs . . . there are many wonderful stories of saved and changed lives around the world.

Our contributions to The Rotary Foundation fund these Rotary programs. While our Foundation is quite healthy (one of the largest Foundations in the world), there is so much more we need to do. Your annual contribution and/or a contribution to the Foundation permanent fund (through a major gift or benefactor contribution) fuels our Rotary programs. A contribution to the Foundation is one of the best investments you can make with nearly 100% going to Rotary programs that save and change lives.

I encourage each of you to learn more about The Rotary Foundation and make a contribution to continue saving and changing lives. These programs work and are a great investment for a better and safer world.

Do you know what a tick bite can do? (November 11, 2014)

1 message

District 5150
Chartered April 22, 1946

Greetings Susan Howell,

Last week, we were honored to have our own Past District Governor, Bill Conklin to present on the foundation finances. He led a great dialogued on how we can get involved in our largest fundraiser, The Great American Car Raffle. We also discussed how we need to better publicize our own community projects. Thanks to PDG Bill Conklin for leading a great discussion.

November 11th is the Veterans Day. Veterans Day honors all American veterans, both living and dead. In fact, Veterans Day is largely intended to thank living veterans for dedicated and loyal service to their country. November 11 of each year is the day that we ensure veterans know that we deeply appreciate the sacrifices they have made in the lives to keep our country free. Thank you to all of our Veterans!

This Week's Program -Linda Giampa, Executive Director, Bay Area Lyme Foundation

Founding Story of Bay Area Lyme Foundation

In 2011 a group of friends and neighbors in Portola Valley, California became alarmed at the number of people in their community who had Lyme disease.

Who knew that the bite of a tick, smaller than a poppy seed, could do so much damage? Why weren't there better solutions? What started as a series of informal gathering with presentations by local experts, quickly evolved into a mission to change the landscape of Lyme disease.

The friends knew from personal experience that Lyme disease could be a debilitating, life-threatening illness without a cure. And one of them almost died from it.

As this group learned more and studied the science they discovered that diagnostic tests were unreliable (you

could have the disease and not know it) and that research was underfunded by significant amounts.

There was also a lot of conflicting information about the risk of infection and how best to treat Lyme disease, and they were determined to change this.

Linda says about working with the foundation - 'It's simple: I want to help. Several of my family members and friends have suffered with Lyme. Working with Bay Area Lyme Foundation puts me on the front line in the search for an accurate diagnosis and the battle for a cure. I'm thrilled to take my executive experience and apply it to a worthwhile cause, and truly make a difference in someone's life.'

As Executive Director, Linda brings an impressive array of expertise in sales, marketing and business development. Her experience includes executive management of technology startups as well as established market leaders. Linda was CEO of Transparency Software until 2009 when she sold it to an Israeli security company. Previously Linda was Vice-President Worldwide Operations at Versata. In that role, Linda was responsible for all customer facing activities including sales, marketing and consulting services. Early in her career, Linda held various marketing and sales roles at Oracle, building and managing successful sales teams during Oracle's explosive growth years from early 1986 through 1994. Leveraging her experience from Oracle, Linda developed marketing and sales organizations for a number of successful startup organizations, Most recently she ran her own executive consulting business, helping companies bring emerging technologies to market. In that capacity Linda was able to raise over \$70M in venture funds for her companies. Ms. Giampa holds a BS in Computer Science from University of North Carolina.

purpose of doing good in the world.” In 1928, it was renamed The Rotary Foundation, and it became a distinct entity within Rotary International.

In 1929, the Foundation made its first gift of \$500 to the International Society for Crippled Children. The organization, created by Rotarian Edgar F. “Daddy” Allen, later grew into Easter Seals.

When Rotary founder Paul Harris died in 1947, contributions began pouring in to Rotary International, and the Paul Harris Memorial Fund was created to build the Foundation.

EVOLUTION OF FOUNDATION PROGRAMS

1947: The Foundation established its first program, Fellowships for Advance Study, later known as Ambassadorial Scholarships.

1965-66: Three programs were launched: Group Study Exchange, Awards for Technical Training, and Grants for Activities in Keeping with the Objective of The Rotary Foundation, which was later called Matching Grants.

1978: Rotary introduced the Health, Hunger and Humanity (3-H) Grants. The first 3-H Grant funded a project to immunize 6 million Philippine children against polio.

1985: The [PolioPlus program](#) was launched to eradicate polio worldwide.

1987-88: The first peace forums were held, leading to [Rotary Peace Fellowships](#).

2013: New [district, global, and packaged grants](#) enable Rotarians around the world to respond to the world’s greatest needs.

Since the first donation of \$26.50 in 1917, the Foundation has received contributions totaling more than \$1 billion.

Important Rotary Work (November 18, 2014)

Aloha Susan Howell,

So I am leaving the Aloha in our greeting because when you visit Hawaii everyone is so welcoming to you. The literal meaning of aloha is "the presence of breath" or "the breath of life." It comes from "Alo," meaning presence, front and face, and "ha," meaning breath. Aloha is a way of living and treating each other with love and respect. Its deep meaning starts by teaching ourselves to love our own beings first and afterwards to spread the love to others.

Rotary has that Aloha Spirit. In Hawaii, the Aloha Spirit is considered a state "law." Although the word law sounds too strong and strict, Aloha Spirit is not such a type of law that will get you in trouble if you break it. Its main purpose is to serve as a reminder to everyone while they perform their duties to treat people with deep care and respect, just like their ancestors did. Aloha Spirit is more a lesson than a law. By learning and applying this lesson to real life, everyone can contribute to a better world, a world filled with aloha.

Last week, we had breakouts session which is where a lot of the committee work happens in our rotary club. It was wonderful to see all the committees coming together for larger projects and to help one another. Looks like our projects are coming right along. Save March 12th for our special fundraiser! Details to come!

This Week's Program - Kiva Loans that Change Lives

One of the International Committee's projects will be funding some Kiva microfinancing projects working with high school students at Sequoia High School. The Committee is very excited to be working with Sequoia High School on a Kiva project. Kiva is a non-profit organization with a mission to connect people through lending to alleviate poverty. Leveraging the internet and a worldwide network of microfinance institutions, Kiva lets individuals lend as little as \$25 to help create opportunity around the world.

Since Kiva was founded in 2005:

- 1,234,091 Kiva lenders
- \$637,041,800 in loans

Kiva works with:

- 287 Field Partners
- 450 volunteers around the world
- 83 different countries

Why Kiva does what they do

We envision a world where all people - even in the most remote areas of the globe - hold the power to create opportunity for themselves and others.

We believe providing safe, affordable access to capital to those in need helps people create better lives for themselves and their families.

How they do it

Making a loan on Kiva is so simple that you may not realize how much work goes on behind the scenes.

Kiva works with microfinance institutions on five continents to provide loans to people without access to traditional banking systems. One hundred percent of your loan is sent to these microfinance institutions, which we call Field Partners, who administer the loans in the field.

Kiva relies on a world wide network of over 450 volunteers who work with our Field Partners, edit and translate borrower stories, and ensure the smooth operation of countless other Kiva programs.

How they're funded

100% of every dollar you lend on Kiva goes directly towards funding loans; Kiva does not take a cut. Furthermore, Kiva does not charge interest to our Field Partners, who administer the loans.

Kiva is primarily funded through the support of lenders making optional donations. We also raise funds through grants, corporate sponsors, and foundations.

We are incredibly thankful for the support that has enabled us to do the work that has touched the lives of so many people.

Important Rotary Work (November 18, 2014)

1 message

District 5150
Chartered April 22, 1946

Aloha Susan Howell,

So I am leaving the Aloha in our greeting because when you visit Hawaii everyone is so welcoming to you. The literal meaning of aloha is "the presence of breath" or "the breath of life." It comes from "Alo," meaning presence, front and face, and "ha," meaning breath. Aloha is a way of living and treating each other with love and respect. Its deep meaning starts by teaching ourselves to love our own beings first and afterwards to spread the love to others.

Rotary has that Aloha Spirit. In Hawaii, the Aloha Spirit is considered a state "law." Although the word law sounds too strong and strict, Aloha Spirit is not such a type of law that will get you in trouble if you break it. Its main purpose is to serve as a reminder to everyone while they perform their duties to treat people with deep care and respect, just like their ancestors did. Aloha Spirit is more a lesson than a law. By learning and applying this lesson to real life, everyone can contribute to a better world, a world filled with aloha.

Last week, we had breakouts session which is where a lot of the committee work happens in our rotary club. It was wonderful to see all the committees coming together for larger projects and to help one another. Looks like our projects are coming right along. Save March 12th for our special fundraiser! Details to come!

This Week's Program - Kiva Loans that Change Lives

One of the International Committee's projects will be funding some Kiva microfinancing projects working with high school students at Sequoia High School. The Committee is very excited to be working with Sequoia High School on a Kiva project. Kiva is a non-profit organization with a mission to connect people through lending to alleviate poverty. Leveraging the internet and a worldwide network of microfinance institutions, Kiva lets individuals lend as little as \$25 to help create opportunity around the world.

Since Kiva was founded in 2005:

- 1,234,091 Kiva lenders
- \$637,041,800 in loans

Kiva works with:

- 287 Field Partners
- 450 volunteers around the world
- 83 different countries

Why Kiva does what they do

We envision a world where all people - even in the most remote areas of the globe - hold the power to create opportunity for themselves and others.

We believe providing safe, affordable access to capital to those in need helps people create better lives for themselves and their families.

How they do it

Making a loan on Kiva is so simple that you may not realize how much work goes on behind the scenes.

Kiva works with microfinance institutions on five continents to provide loans to people without access to traditional banking systems. One hundred percent of your loan is sent to these microfinance institutions, which we call Field Partners, who administer the loans in the field.

Kiva relies on a world wide network of over 450 volunteers who work with our Field Partners, edit and translate borrower stories, and ensure the smooth operation of countless other Kiva programs.

How they're funded

100% of every dollar you lend on Kiva goes directly towards funding loans; Kiva does not take a cut. Furthermore, Kiva does not charge interest to our Field Partners, who administer the loans.

Kiva is primarily funded through the support of lenders making optional donations. We also raise funds through grants, corporate sponsors, and foundations.

We are incredibly thankful for the support that has enabled us to do the work that has touched the lives of so many people.

Second Harvest Food Drive

Please bring can food or money to the weekly meeting for Brad to take for our Second Harvest Food Drive. He will be collecting over the next couple of weeks.

CAR RAFFLE SPONSORS NEEDED

The Car Raffle Committee will be sending out sponsorship packs in the next couple of weeks. Please give Bill Nicolet or Barbara Bonilla any leads you have for new sponsors. It takes the club to make this fundraiser successful, so please everyone get involved in some way or another. This fundraiser has provided over \$1,000,000 of funds to non-profits in our community, including our Rotary Foundation.

Rotary Foundation Month

November is Foundation month and there is an interesting history of the Rotary Foundation: At the 1917 convention, outgoing RI President Arch C. Klumph proposed to set up an endowment "for the purpose of doing good in the world." In 1928, it was renamed The Rotary Foundation, and it became a

distinct entity within Rotary International.

In 1929, the Foundation made its first gift of \$500 to the International Society for Crippled Children. The organization, created by Rotarian Edgar F. "Daddy" Allen, later grew into Easter Seals.

When Rotary founder Paul Harris died in 1947, contributions began pouring in to Rotary International, and the Paul Harris Memorial Fund was created to build the Foundation.

EVOLUTION OF FOUNDATION PROGRAMS

1947: The Foundation established its first program, Fellowships for Advance Study, later known as Ambassadorial Scholarships.

1965-66: Three programs were launched: Group Study Exchange, Awards for Technical Training, and Grants for Activities in Keeping with the Objective of The Rotary Foundation, which was later called Matching Grants.

1978: Rotary introduced the Health, Hunger and Humanity (3-H) Grants. The first 3-H Grant funded a project to immunize 6 million Philippine children against polio.

1985: The [PolioPlus program](#) was launched to eradicate polio worldwide.

1987-88: The first peace forums were held, leading to [Rotary Peace Fellowships](#).

2013: New [district, global, and packaged grants](#) enable Rotarians around the world to respond to the world's greatest needs.

Since the first donation of \$26.50 in 1917, the Foundation has received contributions totaling more than \$1 billion.
